At the start of the meeting, Councillor Karmel explained that Councillor Largan would be late to the meeting. To ensure he could participate in the Jepson House item, he formally requested that the order of the agenda be amended. The Chair put the request to the Committee and this was moved and seconded. As a result, Brigade House, 8 Parsons Green was considered as the first agenda item.

Councillor Largan arrived late but participated and voted on the item.

The Committee heard a representation in support of the application from the Applicant's Team. Some of the points she raised included the high quality of the design which benefited from excellent sunlight and daylight, the use of glazing to prohibit overlooking and the sympathetic use and choice of materials for the façade. The Committee heard a representation in support of the application by the Agent on behalf of the applicant stating that the application would provide 33 new affordable homes. The size and scale of the original scheme had been reduced and it would not cause harm to the character or appearance of the adjacent conservation area. The proposal also met the latest sustainability criteria.

The Committee heard representations against the application from the Chairman of the Jepson House Resident's Association. He listed a number of concerns including: the loss of residential storage and garages, the loss of amenity space and the lack of imagination in the proposed architecture.

The Committee heard representations against the application from Councillor Mark Loveday, Ward Councillor for Parsons Green and Walham.

Councillor Karmel proposed three additional conditions which were seconded by the Committee:

1. That adequate attenuation is conducted so there is no loss of tv signal to local residents.
2. That the balcony designs are checked to verify that these are of a pierced design as per the plans.

3. That Condition 23 be amended to add "*that the opaque windows should be permanently maintained during the lifetime of the building*".
