

## London Borough of Hammersmith & Fulham

**Report to:** Children and Education Policy & Accountability Committee

**Date:** 28/01/2020

**Subject:** 2020 Medium Term Financial Strategy (MTFS)

**Report of:** Cabinet Member for Children and Education – Councillor Larry Culhane  
Cabinet Member for Finance and Commercial Services – Councillor Max Schmid

**Responsible**

**Director:** Director of Children’s Services  
Strategic Director of Finance and Governance

---

### Summary

Cabinet will present their revenue budget and council tax proposals to Budget Council on 26<sup>th</sup> February 2020. A balanced budget will be set in accordance with the Local Government Finance Act 1992.

This report sets out the budget proposals for the services covered by this Policy and Accountability Committee (PAC). An update is also provided on any proposed changes in fees and charges.

### Recommendations

1. That the Policy and Accountability Committee (PAC) considers the budget proposals and makes recommendations to Cabinet as appropriate.
  2. That the PAC considers the proposed changes to fees and charges and makes recommendations as appropriate.
- 

**Wards Affected:** All

---

### H&F Priorities

<b>Our Priorities</b>	<b>Summary of how this report aligns to the H&amp;F Priorities</b>
<ul style="list-style-type: none"><li>• Being ruthlessly financially efficient</li></ul>	We need to always confirm that spend fits our Council’s priorities; challenge how much needs to be spent; and achieve results within agreed budgets. Finance is everyone’s business and every penny counts.

---

## Proposals and Detailed Analysis

### The Budget Gap

- 1.1. The 2020/21 gross General Fund budget<sup>1</sup> is £525m of which the **net budget requirement of £154.3m** is funded from council resources (such as council tax and business rates) and general government grant.

**Table 1 – 2020/21 budget requirement**

<b>Budgeted expenditure</b>	<b>£m</b>
Housing benefit payments	110
Departmental budgets	415
<b>Gross budgeted expenditure</b>	<b>525</b>
Less:	
Specific government grants (including housing benefits and dedicated schools grant)	(234.5)
Fees and charges	(65)
Contributions (e.g. health, other boroughs)	(49)
Other income (e.g. investment interest, rentals and recharges )	(22.2)

---

<sup>1</sup> Figures exclude capital charges and internal service level agreements. These have a net nil impact on the budget.

<b>Budget requirement rolled forward to 2020/21</b>	<b>154.3</b>
---	--------------

- 1.2. The budget proposals for 2020/21, and forecast to 2023/24, are summarised in Table 2. A balanced budget is proposed for 2020/21 with a contribution to reserves arising from one-off/ non-recurrent benefits, to enhance financial resilience, of £7.2m.

**Table 2 - Budget Summary**

	<b>2020/21</b>	<b>2021/22</b>	<b>2022/23</b>	<b>2023/24</b>

<b>Cumulative budget gap</b>	<b>0</b>	<b>9.0</b>	<b>19.9</b>	<b>31.5</b>

Budget Assumptions

- 1.3. **Government grant funding** will increase by £3.6m from 2019/20 to 2020/21 as a result of the Government's pre-election spending round in September

2019. This increase follows a decade of grant cuts with overall funding reducing by £68m from 2010/11 to 2020/21. This was a real terms funding cut of 54%.

- 1.4. However, the government have indicated they will undertake what they are terming a 'fair funding review' in 2020/21. This has the remit of reconsidering how grant is distributed between authorities. It is likely to be bad news for Hammersmith and Fulham and other London authorities as it is anticipated that resources will be redistributed away from inner city areas, which have traditionally received funding to address higher levels of deprivation, to other parts of the country with lower levels of deprivation. The Council will campaign vigorously against any such distribution away from areas of higher need.
- 1.5. **The government has modelled an adult social care precept** since 2016/17. In the first years of the levy, the Council determined not to apply the levy in Hammersmith and Fulham, despite the fact the Council's funding from government was modelled on the assumption that we would. Due to the continued high levels of inflation in the social care market and the government's continued failure to propose a long-term funding solution to social care funding, the Council proposes to allow 2% of the government's adult social care levy for 2020/21. The total levy increase for Hammersmith and Fulham over the 5 years to 2020/21 will be 4% compared to the 10% increase assumed by the government. The Council is committed to using such funding to support adult social care.
- 1.6. **An increase in the Hammersmith & Fulham element of council tax** of 1.99% is modelled for 2020/21. This will generate extra income of £1.2m in 2020/21 and £4.9m over a four-year period. This will support investment in key services for residents and future financial resilience. The Hammersmith and Fulham Band D Council Tax charge is the third lowest in the country and 35% below the London average. This is significantly below the July 2019 Retail Price Index inflation used for the Council's financial planning.
- 1.7. **The business rates system**, as set out in Table 3, is changing for a fourth successive year. For 2020/21 the government have ended the pilot London Business Rates pool with the share of business rates retained by LBHF reverting to 30%.

**Table 3 – Business Rates Retention Scheme**

	2017/18	2018/19	2019/20	2020/21
Hammersmith & Fulham	30%	64%	48%	30%
Greater London Authority	37%	36%	27%	37%
Government	33%	0	25%	33%
Pool arrangements	None	100% pilot pool	75% pilot pool	Potential London pool
Business rates revaluation	Yes	No	No	No
<b>H &amp; F income (net of tariffs and adjusted on a like for like basis)</b>				
H & F share of business rates	£59.5m	£56.5m	£57.0m	£57.2m
Pool benefit (1-year lag i.e. 2018/19 benefit recognised in 2019/20)	0	0	£4.3m (£2.3m to reserves)	£1.9m (to reserves)
<b>Assumed in budget/contribution to reserves</b>	<b>£59.5m</b>	<b>£56.5m</b>	<b>£61.3m</b>	<b>£59.1m</b>

- 1.8. London Local Government took forward a 100% business rates retention pilot in April 2018. This pooled business rates income across the 33 London Boroughs and GLA with all growth shared. The government reduced this to a 75% pilot in 2019/20 and have announced it will cease for 2020/21.
- 1.9. Current modelling forecasts that Hammersmith and Fulham will benefit by £1.9m from the 2019/20 pilot and this is assumed within the 2020/21 budget. As the pilot has ceased, the expected benefit is a one-off sum and therefore will be taken to reserves. The actual benefit will not be confirmed until September 2020.
- 1.10. London Local Government is developing a new pooling arrangement, without government support, for 2020/21. The financial benefit will be significantly less (as the government will take a higher proportion of the income raised and growth). No benefit is assumed from a possible new 2020/21 pool within the current budget forecast. Any benefit will be considered within the 2021/22 budget process.
- 1.11. Table 4 sets out the business rates budget for 2019/20 and 2020/21. The business rates system sets a safety net threshold which guarantees a minimum income to the Council. The 2017 business rates revaluation resulted in a high-level of rates appeals by businesses in LBHF. This has required the

Council's share of business rates income to be budgeted at the safety net threshold of £57.2m. The safety net threshold is set at 92.5% of the funding baseline (compared to 95% in the pool) resulting in a lower guaranteed income from business rates.

- 1.12. The instability in the government's approach to business rates makes medium-term financial planning difficult.

**Table 4: Comparison between 2019/20 and 2020/21 business rates income**

	2019/20	2020/21
	£m	£m
Business rates baseline	123.0	78.0
Tariff payable to the government	(45.0)	(16.1)
<b>Funding baseline</b>	<b>78.0</b>	<b>61.9</b>
<b>Safety net threshold</b> (included in LBHF budget)	<b>74.1</b>	<b>57.2</b>
Less Revenue Support Grant collected within business rates in 2019/20	(17.1)	0
<b>Budgeted business rates</b>	<b>57.0</b>	<b>57.2</b>

- 1.11 An updated forecast for business rates will be undertaken by all Boroughs in January 2020. This will confirm the Hammersmith and Fulham 2020/21 estimate and provide more clarity on the potential benefits from the 2019/20 pilot pool arrangements.
- 1.12 **Developer Contributions.** Planning obligations under s.106 of the Town and Country Planning Act 1990 (as amended), known as s.106 agreements, are a mechanism which make a development proposal acceptable in planning terms, that would not otherwise be acceptable. They are focused on site specific mitigation of the impact of development. Property developments have placed increased pressure on council services in recent years.
- 1.13 Local planning authorities are required to use the funding in accordance with the terms of the individual planning obligation legal agreement. This will ensure new developments are acceptable; benefit local communities and support the provision of local infrastructure. In LBHF there are three broad categories of s.106 contributions received:
- for a specific purpose defined and described in the s.106 agreement (such as specific highway works)
  - for a general functional purpose defined and described in the s.106 agreement but with geographical constraints (such as provision of community infrastructure in the White City area)
  - for a general purpose defined and described in the s.106 agreement but with no borough geographical constraints (such as economic development, education purposes, community safety initiatives etc).

- 1.15 Provided the Council respects the obligation to maintain a reasonable relationship with the developments and complies with the specific terms of each of the s.106 agreements giving rise to the funds, the Council has a degree of discretion as to how it allocates and spends some of the general purpose funds. The Council has determined that a key priority area for the investment of available s.106 funds with general purposes is the provision of enhanced community safety arrangements. The 2020/21 budget assumes that contributions of £1.7m are invested to fund enhanced arrangements in this area and this can be met from receipts currently in hand.
- 1.16 A number of s.106 agreements have been negotiated which will result in the receipt of additional funds in the future. There is a level of uncertainty around the receipt of future s.106 funds as this relies on developments commencing and achieving specified trigger points. The Council will continue to monitor the receipt of s.106 funds expected in the short and medium term, where the level of uncertainty around trigger points increases, and is developing a strategic approach for investment of future s.106 funds.
- 1.17 **Inflation.** A national pay award has yet to be agreed for 2020/21. Provision is made within the budget for an increase of up to 2% (£1.7m) and this will be held corporately until a national agreement is reached on the annual pay award. Inflation of £2.6m has also been provided, on a case by case basis, to meet contractual requirements.

## **INVESTMENT, SAVINGS AND RISKS**

- 1.18 Investment in services and savings proposals for the services covered by this PAC are set out in Appendix 1 with budget risks set out in Appendix 2.

### **Investment**

- 1.19 Investment in services is summarised by department in Table 5 and by category in Table 6.

**Table 5: 2020/21 Investment Proposals**

<b>Department</b>	<b>£m</b>
Children's Services	5.5
The Environment Department	0.5
Public Services Reform	0.1
Social Care	0.7
Council Wide	1.5
<b>Total</b>	<b>8.3</b>

**Table 6: Categorisation of investment proposals**

	<b>£m</b>
Increase in demand/demographic growth	6.4
Resident priority	1.9
<b>Total</b>	<b>8.3</b>

**Savings**

- 1.20 The Council faces a continuing financial challenge due to overall Central Government funding cuts, unfunded burdens, inflation, and demand and growth pressures. The budget gap will increase in each of the next three years if no action is taken to reduce expenditure, generate more income through commercial revenue and continue to grow the number of dwellings and businesses in the borough.
- 1.21 To proposed savings (including additional income) for 2020/21 are set out by department in Table 7.

**Table 7: 2020/21 savings and additional income**

<b>Department</b>	<b>£m</b>
Children's Services	(0.8)
Finance & Governance	(4.5)
The Economy Department	(0.8)
Public Services Reform	(0.3)
The Environment Department	(1.0)
Social Care	(2.5)
Council Wide	(2.9)
<b>Savings</b>	<b>(12.8)</b>

- 1.22 The saving proposals are categorised by savings area in Table 8.

**Table 8: Categorisation of 2020/21 savings**

	<b>£'m</b>
Service rationalisation/budget reduced in line with spend	(3.0)
Commercialisation/Income	(2.0)
Debt reduction and restructuring	(0.3)
Pension - triennial Valuation	(2.1)
Prevention	(1.5)
Procurement / Commissioning	(0.8)
Service reconfiguration	(0.9)
Staffing / Productivity	(2.2)
<b>Total All Savings</b>	<b>(12.8)</b>

## **Risk, revenue balances and earmarked reserves**

- 1.23 The Council's General Fund gross budget is £525m. Within a budget of this magnitude there are inevitably areas of risk and uncertainty particularly within the current challenging financial environment. The key financial risks that face the Council have been identified and quantified. They total £18.5m. Financial risks of £24m were identified when the 2019/20 budget was set.
- 1.24 Reserves play a crucial role in good public financial management. They exist so that a council can make one off investment in service transformation for the future or to respond to one off unexpected events or emerging needs. They are the foundation for good financial management and resilience. As one-off resources they can only be spent once.
- 1.25 As part of the Audit Findings Report for the year ended 31 March 2019 the Council's external auditors (Grant Thornton) commented on the level of the Council's reserves:
- 'The Council's reserves level is of concern as there doesn't appear to be sufficient cushion to weather the ongoing financial challenges that the Council will face over the medium term due to reductions in central government funding and forecast pressures of the DSG funding. The Council only has finite reserves available and it is important that you continue to maintain appropriate budgetary control. It cannot be stressed enough how important it is to have a fall back position to address the challenges of the future. We have seen a number of Councils reach the financial precipice and members have a fiduciary duty to ensure the Council retains financial sustainability. We would strongly recommend that use of reserves remains limited in future years other than for specifically earmarked schemes.'*
- 1.26 The Council has put in place a reserves strategy to ensure effective oversight regarding the level and use of reserves and established an action plan to maintain reserves at an appropriate level. In accordance with the action plan, the 2020/21 budget proposals include new **one-off contributions to reserves of £7.2m.**

## **General fund balances**

- 1.27 The Council's general balance stood at £19m as at 1 April 2019 and it is currently projected that this will not reduce in the current financial year. This will leave general balances at 3.6% (equivalent to 13 days spend) of the Council's gross budget of £525m.
- 1.28 Given the on-going scale of change in local government funding, and risks facing the Council, the Strategic Director, Finance and Governance considers that general balances need to be maintained within the range of £14m to £20m. The optimal level is projected to be broadly met over the next 4 years and is, in the Strategic Director's, Finance and Governance, view sufficient to allow for the risks identified and to support effective medium-term financial planning.

## Earmarked reserves

- 1.29 The Council holds a number of one-off earmarked reserves. The latest forecast to 2023/24 is set out in Table 9. In the Strategic Director's, Finance and Governance, view such reserves are adequate to deal with anticipated risks and liabilities.

**Table 9: Reserves forecast to 2022/23**

	Opening balance 2019/20	Budgeted contributions to 2023/24	Commitments to 2023/24	Total 2023/24
	£m	£m	£m	£m
Earmarked reserves	44.8	36.1	(37.4)	<b>43.5</b>
New contributions in the 2020/21 budget				7.2
<b>Forecast earmarked reserves</b>				<b>50.7</b>
General balances	19.0			19.0
Earmarked restricted reserves	17.5		(7.7)	9.8
Current year forecast overspend				(9.5)
Other potential uses of reserves				(28.6)
<b>Total reserves</b>				<b>41.4</b>

- 1.30 The existing commitments include the planned investment of earmarked reserves on council priorities (for example implementing the Information Technology strategy and incentive payments to landlords).
- 1.31 Net General Fund reserves of £6m are set aside for the civic campus scheme. This is based, in line with the current programme, on funding of lease costs for a 3.5 year relocation. The call on general fund reserves would increase by £5.9m if relocation was deferred to 5 years. The scheme benefits include efficiencies in delivering modern, inclusively designed and fit-for-purpose office and civic accommodation for its staff and visitors, as well as for small and start-up businesses. It also avoids the need for significant capital investment in the existing Town Hall and Town Hall Extension, which in 2017 was estimated at between £29.2m and £53.5m for both buildings, depending on the extent of refurbishment works undertaken and excluded professional fees (estimated to be at least £2m) and the cost of decanting staff to allow works to take place.
- 1.32 The other potential uses for reserves includes allowance for a future shortfall in funding for **pupils with high needs**. For Hammersmith and Fulham, there was a cumulative shortfall in the Dedicated Schools Grant (from government) provided to fund expenditure on pupils with high needs of £13.8m at the close of 2018/19. The Council is developing options for a deficit recovery plan and

estimates that it will receive extra grant of £2.9m from 2020/21 onwards. Despite this funding increase, demographic and other pressures, require that a further **£15m** be set aside regarding the shortfall for the current year and next 4 years. The Council is also discussing with auditors how this should be treated on the Council's Balance sheet following a consultation by the Education Funding and Skills Agency. Pending further clarification, the Council has prudently set aside a reserve to cover the potential deficit.

- 1.33 The Strategic Director, Finance and Governance considers that current reserves are adequate to deal with anticipated risks and liabilities. Reserves can only be spent once and the forecast to 2023/24 identifies a tightening in the Council's finances that will need careful management and review. Continued focus will be required on keeping spend within budget, avoiding the use of reserves to balance future budgets and on rebuilding reserves to support future investments and priorities.

### **FEES AND CHARGES**

- 1.34 The budget assumes these are:

- Frozen for Adult Social Care, Children's Services and Housing.
- A standard uplift of 2.8% based on the July 2019 Retail Price Index applied for other non-Commercial and non-parking fees.
- Commercial services that are charged on a for-profit basis, will be reviewed on an ongoing basis in response to market conditions and varied up and down as appropriate, with appropriate authorisations according to the Council constitution.
- Parking charges and fines are set in line with transport policy objectives and are not considered as part of the budget process.

There are no exceptions to these assumptions for this Committee.

### **2020/21 COUNCIL TAX LEVELS**

- 1.35 The administration proposes to increase the Hammersmith & Fulham element of council tax by 1.99% for 2020/21. The Band D charge will be £792.42. This is significantly below the July 2019 Retail Price Index inflation used for the Council's financial planning.
- 1.36 This will result in a net cash terms increase of 3.7% since 2014/15 and compares to real terms inflation<sup>2</sup> of 15% over the same period. Unlike before 2014, no grant has been offered by government to councils who freeze or cut council tax. Instead, since 2014/15 the government, within the grant process, have assumed a Council tax increase of 12.6%. The 1.99% increase will

---

<sup>2</sup> As measured by movement in the Retail Price Index

generate extra income of £1.2m in 2020/21 and £4.9m over a four-year period. This will support investment in, and protect, key services for residents and strengthen future financial resilience.

- 1.37 As set out below, 53% of dwellings are liable for 100% council tax with exemptions/discounts for council tax support claimants, students, care leavers and single person households.

**Table 9: Liability for council tax**

Total dwellings in the borough	90,500
Reductions:	
Exemptions (mainly students, includes care leavers)	(4,000)
Council tax support claimants (elderly & working age on low income)	(11,400)
Single person discount (25% discount)	(27,500)
<b>Dwellings liable for 100% of council tax</b>	<b>47,600</b> <b>53%</b>

- 1.37 **The government's modelled adult social care precept** levy of 2% will generate additional income of £4.9m over 4 years and £1.22m in 2020/21. This will increase the Band D Council Tax charge by £15.24 per annum (4.2p per day).
- 1.38 The overall increase in the LBHF element of the Band D charge, including the government's modelled 2% adult social care precept, is £30.40 (8.3p per day).

**Table 10: LBHF Band D Council Tax Charge**

2019/20 LBHF Band D charge	<b>£762.02</b>
Proposed H&F Element Increase of 1.99%	£15.16
Proposed Adult Social Care precept of 2%	£15.24
2020/21 Total LBHF Band D charge	<b>£792.42</b>

### **Comments of the Director of Children's Services on the budget proposals**

- 1.39 During the past year Children's Services have consolidated the new sovereign department and further strengthened practice and services to improve outcomes for all children and young people. The experiences of our most vulnerable children and young people have been scrutinised in the Ofsted inspection of children with special educational needs and disabilities in 2018 and most recently in the 2019 inspection of Local Authority services to children in need of help, protection, care, leaving care, fostering and adoption. This judged services to be good in the three key domains including help and protection, care and care leavers and leadership and management. The performance in all phases of education continues to be excellent with a strong collegiate approach which is evidenced in school inspection outcomes.

1.40 Over recent years the Children’s Services department has experienced increasing demand for its services which has put significant strain on the limited resources available. Referrals and placements for looked after children and care leavers have increased along with significant rises in the demand, complexity and statutory responsibilities for young people with special education needs (SEN). The 2020/21 budget seeks to fund these additional pressures enabling a high-quality service to be maintained whilst also contributing to the requirement for efficiencies in a way that protects young people and improves outcomes.

1.41 The department’s approach to identifying potential savings has been consistent with the vision for Children’s Services which is:

*To improve the lives and life chances of our children and young people; intervene early to give the best start in life and promote wellbeing; ensure children and young people are protected from harm; and that all children have access to an excellent education and achieve their potential. All of this will be done whilst continually reviewing how to reduce costs and improving service effectiveness.*

1.42 The aspiration and ambition to ensure consistent and compassionate care and improved outcomes is underpinned by a continuing commitment to protect the quality of services to the most vulnerable members of the community within the statutory provisions required of the department. Equally strong is the central commitment to work with children, young people and their families in the design and development of services that affect them. A priority will be to review services against need to ensure that they are responsive, efficient and offer the right outcomes for children and young people. A stronger focus on better understanding the drivers of demand and local needs will inform effective targeting and earlier use of resources and proactively identify, address and resolve need and keep children and young people safe, healthy and engaged in learning. Improved performance information and business intelligence will underpin this priority.

**Table 11 – Children’s Services key budget changes 2020/21**

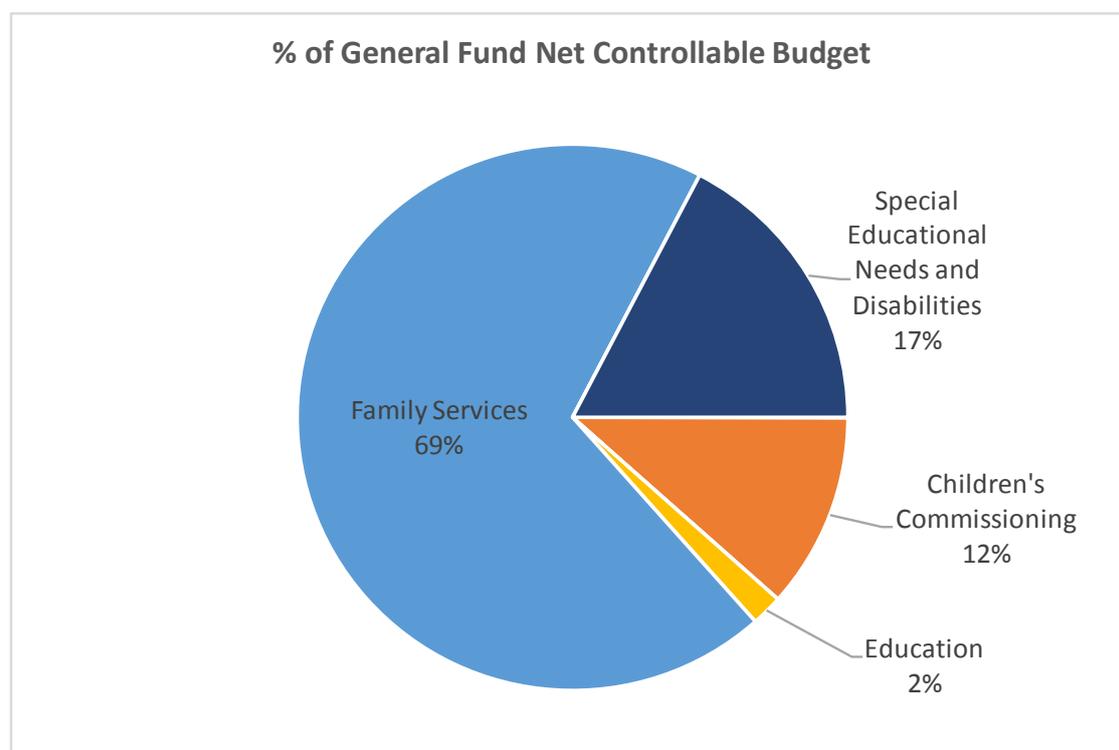

Directorate	Savings £	Contract Inflation £	Investment £
Assets, Operations & Planning	-250,000	2,000	0

Education	0	800	0
Family Services	-200,000	238,900	4,118,000
School Funding	0	0	0
Special Educational Needs and Disabilities	-386,000	79,700	1,399,000
<b>Total</b>	<b>-836,000</b>	<b>383,400</b>	<b>5,517,000</b>

1.43 The department’s proposed net budget for 2020/21 is £51.315m. Within this sum are a number of areas over which the department has little direct control, these are defined as non-controllable and include contributions to corporate services and capital charges. In total these add up to £7.148m. This means that the net direct expenditure that the

department is in control of is £44.166m. The table below sets out how controllable expenditure is budgeted across the various directorates within the department showing that the greatest share of net general fund expenditure is on Family Services, £30.563m (69%) of net controllable expenditure.

**Table 12 – Children’s Services 2020/21 controllable budget**

Directorate	2020-21 Expenditure £'s	2020-21 Income £'s	Total Net £'s	% share

1.44 Family Services social care spend is primarily made up of staffing and placement costs. Increasing caseloads and complexity of cases have led to growing pressures over recent years. The 2020/21 budget seeks to address the continued growth in placements expenditure caused by increasing numbers and more complex cases with placements budget investment of £4.118m. £0.2m of savings are also targeted against the

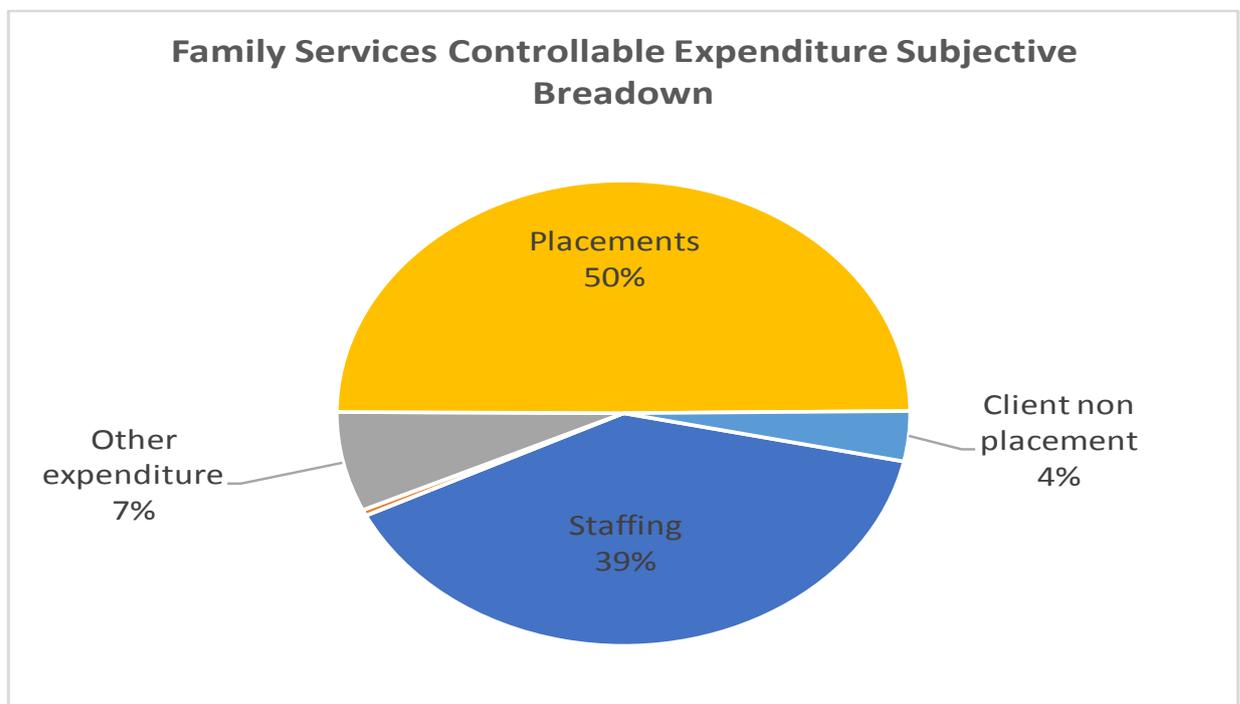

placements budget and will attempt to reduce cost and at the same time have a positive impact on service users.

1.45 While investment has been awarded for placements, the staffing budget has not been increased and the additional work generated by the increased placement numbers and complexity of cases is being absorbed within the existing staff structures. Table 13 shows the total growth and savings to staff and placements budgets in 2019/20 and 2020/21.

**Table 13 – Family Services investment and savings (2019-20 and 2020-21)**

CHS Spend Type	Sum of 2019-20 Investment	Sum of 2019-20 Savings	Sum of 2020-21 Investment	Sum of 2020-21 Savings	Total 2019-20 and 2020-21 investment less savings	as a % of 2020-21 budget
Staffing	962,000	0	0	0	962,000	7%
Placements	2,282,000	1,003,000	4,118,000	200,000	5,197,000	34%

1.46 Assets, Operations and Planning is responsible for ensuring we have a sufficient number of school places across the borough, tackling the challenge of modernising and improving the school estate through major regeneration programmes as well as coordinating projects across the department. In addition to the net general fund budget of £0.016m there is Dedicated Schools Grant (DSG) funded spend on school assets as

well as staff delivering these services. The 2020/21 budget proposes no significant changes in this area although staffing efficiency savings of £0.250m are shown here while detailed plans are consulted on and specific posts are identified on before final allocation.

- 1.47 The Education directorate provides intensive support for schools requiring improvement, co-ordination of all primary moderation for Key Stage 2 and admissions, attendance and child employment services. The budget of £0.815m is predominantly the general fund contribution to staff delivering the local authority statutory responsibilities such as governors support and Education Partnership services. The 2020/21 budget proposes no significant changes in this area. However, this needs to be set against the uncertainty of a new Ofsted framework and inspection regime.
- 1.48 The Special Education Needs and Disabilities (SEND) directorate provides services for 0-25 year olds with special educational needs or disabilities. A number of its services are fully, or part funded by the DSG. The net general fund budget of £7.665m includes £3.397m on travel care and support. Growth of £0.886m as well as £0.129m of savings are targeted here and are to be delivered through improvements to the operating model and extension of the existing strategy to provide independent travel training and route sharing which enable the current service offer and standards to be maintained. Short breaks and resources including care packages for disabled children, the Stephen Wiltshire Centre and the Haven account for £3.336m of the budget. Growth of £0.513m is provided to the disabled children's placement budget, to address increases in demand and rising costs, along with savings of £0.257m.
- 1.49 The budget for the Commissioning function returned to Children's Services in 2019/20 and for 2019/20 totals £5.107m. Within this total £4.959m is allocated to contract costs. Staffing accounts for £1.136m. The team is responsible for a range of commissioning, transformation and service improvement activity, supporting the department to shape provision using innovative approaches to ensure quality and cost effectiveness. This includes the commissioning of youth and children's centre provision, School Meals and Transport services.
- 1.50 Savings totalling £0.836m have been identified for 2020/21 and are set out in Appendix 1.
- 1.51 The savings proposals for Children's Services will seek not only to protect front-line services and to continue to offer a service appropriate to local need, but to improve our offer to residents facing difficult circumstances such as poverty and higher levels of need. The proposals will seek cost reductions through reduced spending on costly external placements by enhancing or expanding in-house provision.
- 1.52 At the core of all savings proposals will be services that strengthen families and help parents care for their children; whilst steadfastly remaining vigilant with regards to our duty of safeguarding vulnerable children and young people; taking decisive action to protect those that need it.
- 1.53 Appendix 1 also details £5.517m investment in 2020/21 for Children's Services. Investment is targeted at the budget pressures and rising demand experienced in 2019/20 in social care placements, disabled children's placements and travel care and support.

## **Equality Implications**

1.54 A draft Equality Impact Analysis (EIA), which assesses the impacts on equality of the main items in the budget proposals relevant to this PAC, is attached as Appendix 3. A final EIA will be reported to Budget Council.
