## DETAILED ANALYSIS

### 1. Overview of the Investment Regulations – Investment Strategy Statement

- 1.1. The ISS sets out the requirements of the LGPS legislation and the Sub-Committee's terms of reference. The ISS has been prepared in accordance with the Ministry of Housing, Communities and Local Government (MHCLG) guidance on Preparing and Maintaining an Investment Strategy Statement.
- 1.2. The six main objectives of the legislation are then detailed in relation to the London Borough of Hammersmith & Fulham Pension Fund's policies and strategies. There are:
- 1.3. Objective 7.2 (a): A requirement to invest fund money in a wide range of instruments – this sets out how the Fund's investment strategy deals with diversification and investment return to meet the long-term objectives of the Fund;
- 1.4. Objective 7.2(b): The authority's assessment of the suitability of particular investments and types of investment – this sets out how the Sub-Committee assesses the suitability of Investments and measures that suitability;
- 1.5. Objective 7.2(c): The authority's approach to risk, including ways in which risks are to be measured and managed – this sets out how the Sub-Committee assesses the different types of risk in order to establish what is acceptable to ensure that the Fund meets its obligations;
- 1.6. Objective 7.2(d): The authority's approach to pooling investments, including the use of collective investment vehicles – this sets out the Sub-Committee's approach to pooling and also what the London Collective Investment Vehicle (CIV) can offer in terms of investment opportunities;
- 1.7. Objective 7.2(e): How social, environmental and governance (ESG) considerations are taken into account in the selection, non-selection, retention and realisation of investments – this sets out how the Fund meets these obligations and also how potential investments with the London CIV will comply with these obligations;
- 1.8. Objective 7.2(f): The exercise of rights (including voting rights) attaching to investments - this sets out how the Fund meets these obligations and also how potential investments with the London CIV will be dealt with.

1.9. The ISS also deals in turn with the Fund's compliance with the CIPFA Pensions Panel Principles for investment decision making in the LGPS (Appendix A, ISS). These six principles cover a range of factors as follows:

- Effective decision-making
- Clear objectives
- Risk and Liabilities
- Performance assessment
- Responsible ownership
- Transparency and reporting

1.10. The Fund's compliance with the Stewardship Code (2020) guidance is set out within Appendix B of the ISS. The Code applies to pension funds and adopts the same "comply or explain" approach used in the UK Corporate Governance Code.

1.11. This means that it does not require compliance with principles but if fund managers and institutional investors do not comply with any of the principles set out, they must explain why they have not done so.
