Community Safety, Environment & Residents Services PAC – Work Programme 2015-16

CSERS PAC REMIT:-

- Transport, including roads maintenance, other transport infrastructure
- Parking policy, traffic management and the relationship with TfL
- Planning policy and performance and the impact of developments on transport infrastructure and the environment
- The local environment
- Street Scene
- Parks and open spaces
- Recycling and environmental sustainability
- Waste disposal, street cleansing, refuse collection
- Cemeteries
- Biodiversity
- Quality of life
- Community safety
- Tackling anti-social behaviour
- Licensing and gambling
- Neighbourhood governance

Public Suggestions

1. Environmental requirements for new buildings (commercial and residential) – ensuring solar panels are installed and grey-water* plumbing is fitted. Also for new gyms - power-generating equipment could be built into exercise machines.

*Grey-water is all wastewater from households or office buildings except for the wastewater from toilets (e.g. water from sinks, showers, dishwashers). As grey-water contains many fewer pathogens than domestic wastewater, it is easier to treat and to recycle onsite for uses such as toilet flushing, landscape irrigation or even irrigation of crops. Application of grey-water reuse in urban water systems provides a substantial benefit for both water supply and wastewater subsystems by reducing the need for clean water in water distribution system as well as generated wastewater in sewer system.

Community Safety, Environment & Residents Services PAC – Work Programme 2015-16

Other Suggestions

1. **Waste Strategy** - Update report
2. **Cemeteries in the borough** - issues, challenges and priorities for the service.

Annual Items

1. Planning Annual Monitoring Report

(Juliemma McLoughlin) To review the annual report on progress against the Local Plan priorities and objectives. (Last report 14 April 2015)

2. Regulation Of Investigatory Powers Act Annual Report (contact: Janette Mullins) The use of RIPA legislation in the tri-borough. (Last report 14 April 2015)

3. Annual Report to TfL (Mahmood Siddiqi) Annual report to TfL detailing spending on transport projects. (Last report Sept 2014)

4. Performance Monitoring (Lee Fitzjohn) To receive and monitor departmental performance against an agreed set of indicators.
