THE STREET POPULATIONS OF
HAMMERSMITH & FULHAM

SUMMARY:

The term "street population" refers to rough sleepers, beggars and street drinkers. An effective response to the needs and problems caused by this group requires a cohesive, comprehensive approach across the council and its partners in Health and the Police. This report sets out a range of proposals to address issues across the street population. The proposals constitute a significant move away from the more traditional care-based approach to the street population and towards one which follows a "rights and responsibilities" agenda.

LOCAL DEVELOPMENT
FRAMEWORK: LOCAL
DEVELOPMENT SCHEME

SUMMARY:

The Planning & Compulsory Purchase Act came into force in September 2004. This introduced a new planning system consisting of Local Development Frameworks (LDF) to replace the Unitary Development Plans (UDP). The Local Development Scheme (LDS) which sets out the content and programme for preparing the LDF came into effect in June 2005.

The Act requires the council to revise their Local Development Scheme (LDS) at such time as they consider appropriate.

This report to CB/Cabinet will seek agreement to adjustments to the LDS that are required in respect of the agreed programmes for LDF documents as well as to any new documents that are identified for inclusion in the scheme. It will also seek agreement to bring the revised LDS into effect once it has been agreed by GoL.

ALLOCATION OF THE PREVENTATIVE TECHNOLOGIES GRANT (PTG) 07-08

SUMMARY:

This document provides an update on the use of the Preventative Technologies Grant allocation for 06-07. It also sets out the proposed allocation of the Preventative Technologies Grant (PTG) for 07-08 to further support the integration of Assistive Technology, including Telecare, across Hammersmith and Fulham's community and health services.

The strategy aims to increase the number of older and other vulnerable people benefiting from Telecare in Hammersmith and Fulham. It will contribute to a shift away from institutional care and enable more residents to live independently in the community. It will also help to reduce hospital admissions and improve discharge processes from hospital.

LOCAL DEVELOPMENT
FRAMEWORK: PREFERRED
OPTIONS CONSULTATION

SUMMARY:

The Planning & Compulsory Purchase Act came into force in September 2004. This introduced a new planning system consisting of Local Development Frameworks (LDF) to replace the Unitary Development Plans (UDP).

This report will provide details of the representations received from October 2005 until January 2006 when the council consulted on planning issues and options for the borough and how these have assisted in the preparation of preferred options.

The report seeks agreement to the preferred options for the LDF core strategy, generic development control policies and site allocations development plan documents. It also seeks agreement to the sustainability appraisal report that will accompany the preferred options document.

In addition, the report to Cabinet will seek agreement to a six week consultation in accordance with the Act and the council's Statement of Community Involvement.
