Subject: RE: The Sands End, 135-137 Stephendale Road, London SW6 2PR - Premises Licence: 2023/00109/LAPR (SAN138/7)

Dear Lorna

I refer to this application and a few matters arise:

1. For your information and perhaps once the Licensing Hearing is dealt with, please note that the premises name is to change to the Fulham Arms.
2. As discussed previously, my clients would like to try and mediate with the residents in relation to this matter and I attach a short letter to the residents which please feel free to forward on, which offers them to visit the site by prior arrangement to discuss the matter if they wish to do so.

I would be grateful if you could keep me up to date with any responses received.

3. So far as attendance at the hearing is concerned, I would be grateful if you could confirm the names and address for those that are attending. As you know the basis for restricting information in relation to representations is very specific and I am not aware of any basis for restricting this at this stage. I have raised this before but if those persons are attending they should identify themselves with full address.

I should be grateful if you could acknowledge receipt of this email and confirm that all is in order.

Kind regards

Tim Shield

2nd October 2023

Dear Sir/Madam

Variation of Premises Licence in relation to first floor of Sands End, 135-137 Stephendale Road, Lindon. SW6 2PR

I am writing on behalf of the Premises Licence Holder (Butcombe Brewery Ltd) in relation to the variation of the Premises Licence that seeks to alter the approved layout to include the first floor bar area within the licensed area of the premises.

My clients have received your representation in relation to this matter and this letter is to invite you to visit the site to meet with the Manager to discuss the concerns that you have raised.

If this is of interest to you, please could you contact me on 01142 668664, or by email on tim@john-gaunt.co.uk

Yours faithfully

Tim Shield

Agenda Item 7

IN THE MATTER OF:

**A PROPOSED VARIATION OF PREMISES LICENCE FOR SANDS END (THE FULHAM ARMS),
135-137 STEPHENDALE ROAD, LONDON. SW6 2PR**

HEARING: 4TH OCTOBER 2023

WRITTEN SUBMISSION ON BEHALF OF THE APPLICANT

INTRODUCTION

1. This is an application for variation of a Premises Licence pursuant to Section 34 of the Licensing Act 2003.
2. A hearing is required as there are representations which have not been resolved.
3. The premises are a licensed premises public house having operated as such for many years and prior to the Licensing Act 2003 and subsequent to that.
4. The premises was acquired in December 2022/January 2023 by the current Premises Licence Holder Butcombe Brewery Limited and have operated substantially without issues since that time.
5. The premises is subject to the Premises Licence issued by the Licensing Authority and the conditions and restrictions as detailed in the Premises Licence.
6. There is no request to extend the hours of operation at the premises or to extend the hours for licensable activities as authorised under the existing Premises Licence or to relax the existing conditions on the Premises Licence or restrictions on utilisation of the premises.

7. The application is to seek approval for authorisation to incorporate the first floor facility into the licensed area. At present the licensed area is restricted to the ground floor at the premises. The premises has the benefit of an On Licence and Off Licence and so effectively the current application is to provide flexibility for greater use of the first floor of the premises which can already be utilised under the off sales facility under the existing Premises Licence.
8. The application will therefore give greater flexibility for utilising a servery on the first floor as detailed in this application. This will give greater opportunity for regulation under the Licensing Act 2003.
9. The proposal is for the first floor area to be utilised for meetings, functions and as an overflow facility for the existing ground floor including provision of food and beverages.
10. Since the acquisition of the premises by the Applicant Company there has been an investment to improve the facilities and redecorate etc., the premises and to improve the offer for food at the premises.
11. There are no representations from any Responsible Authorities.

The Law

The Licensing Objectives.

12. Central to the statutory regime are the four licensing objectives which are the only relevant areas for consideration in licensing applications. They are as follows:
 - Prevention of crime and disorder.
 - Public safety
 - Prevention of public nuisance.
 - Protection of children from harm.

The Guidance

13. Under Section 182, the Secretary of State is required to issue Guidance to Licensing Authorities on the discharge of their functions under the Licensing Act 2003. Section 4(3) requires Licensing Authorities to have regard to the licence.
14. Paragraph 1.17 states each application must be considered on its own merits. This is essential to avoid the imposition of disproportionate overly burdensome conditions on premises where there is no need for such condition. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.
15. Guidance paragraph 2.26 stipulates "beyond the immediate area surrounding the premises these are matters for the personal responsibility of individuals under law. An individual who engages in anti-social behaviour is accountable in their own right. However it would be perfectly reasonable for the Licensing Authority to impose a condition following relevant representations to require Licence Holder or club to place signs on exits around the building encouraging patrons to be quiet until they leave the area and to respect the right of people living nearby to a peaceful night.
16. All licensing determinations should be considered on a case by case basis (9.42)

The Authorities determination should be evidence based justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve (9.43).

Para.9.44 – Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives.

17. Failure to comply with any condition attached to a Licence or Certificate is a criminal offence, which on conviction, is punishable by an unlimited fine or up to 6 months imprisonment. The Courts have made it clear that it is particularly important that the conditions which are imprecise or difficult for a licence holder to observe should be avoided (paragraph 10(2)).
18. The Licensing Authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it is satisfied that as a result of a hearing (unless all parties agree that a hearing is not necessary) that it is appropriate to impose conditions that promote one or more of the four licensing objectives (10.8).
19. It is possible that in some cases no additional conditions are appropriate to promote the licensing objectives (10.9).
20. The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. **Conditions should be determined on a case by case basis and standardised conditions which ignore these individual aspects should be avoided. Licensing Authorities and other Responsible Authorities should be alive to the indirect costs that can arise because of conditions Licensing Authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives [Our emphasis] (10.10).**
21. The determination of the licensing committee must be evidence based on what is before them (9.43 and Daniel Thwaites PLC v Wirral Borough MC [2008] EWHC 838)

Conditions

22. The general principles which govern the imposition of conditions upon Premises Licences may be summarised under 4 heads :-

- (1) A condition may only be attached to a Licence if it is appropriate for the promotion of one or more of the licensing objections.
- (2) A condition must not duplicate other statutory provisions.
- (3) The conditions must be proportionate.
- (4) In order to give rise to criminal liability a condition must be framed so as to give precision and clarity for definition in the prescribed Act.

The Role of the Responsible Authority

23. At paragraph 9.12 of the Guidance, it is stated that each Responsible Authority is an expert in their respective field and in some cases it is likely that a particular Responsible Authority will be the main source of advice on a particular licensing objective. For example the police ... should usually be the main source of advice on matters related to the prevention of crime and disorder.

24. It is of course the case that there are no representations from any of the Responsible Authorities to this application.

Applicants Case

25. As mentioned above, representations have been received from 4 parties which are residential representations.

26. It should be noted that a number of the comments made in the representations do not relate to this application and there is no change requested to the existing conditions, authorisations or restrictions in that regard which can be summarised as follows:

(a) Use of the external area at ground floor.

(b) Use of the ground floor in relation to hours of operation etc.

(c) Changes to conditions

27. The concerns relate to potential for noise nuisance although it is noted that many of the points raised relate to aspects of the operation that are not part of this application.

28. It is to be noted that the Environmental Health Officer who has visited the premises and discussed the matter with the Applicant has not made a representation in this matter.

29. In addition there are no other Responsible Authorities having made representations.

30. The Statement of Licensing Policy for London Borough of Hammersmith Council has been considered in light of the proposed application and proposal at site.

Applicants request

31. The Applicant is solely to request approval for alterations to the layout as detailed on the layout plans and in particular the first floor to give provision for a servery within the licensed area (rather than utilising existing facilities downstairs for the consumption upstairs).

In summary:

- a. The applicant is highly respected operator of premises.
- b. The Responsible Authorities have not made any objections or adverse comments on the application and there is no evidence of any such having taken place.
- c. The style of operation at the site and based on current operation is one that promotes the existing licensing objectives.
- d. Attached are a copy of some photographs that show the premises which it is hoped the Committee will find of assistance. In addition there are typical menus showing the kind of food on offer when the training takes place at site.
