1. **TITLE: Procurement Strategy In Relation To Housing Capital Programme - Fire Safety Works**

2. **DECISION MADE BY:** Leader of the Council

3. **DECISION:**

It is recommended that the Leader of the Council:

1.1. Approves an update to the Business Case and Procurement Strategy for the Housing Capital Programme to 31st March 2020 as agreed in September 2018 in respect of programmed fire safety works, by agreeing an allocation of the fire safety works to the Council's in-house repairs team rather than seek external contractors.

1.2. Approves the transfer of £6m of the capital budget for the works set out in Appendix 1 (being £20m for the period from 17th April 2019 to 31st March 2020) to the Council's in-house repairs service, H&F Maintenance.

4. **REASON FOR URGENCY:**

This report seeks approval to amend the procurement strategy approved in September 2018. Rather than procure external third party providers to undertake required works, this paper seeks approval to carry out the works through the in-house repairs service that is being established as part of the replacement of the current repairs contractor. This option was not available in September 2018 as the in-house team had not been agreed or established.

5. **ALTERNATIVE OPTIONS CONSIDERED:**

As described in the report.

6. **CONFLICTS OF INTEREST DECLARED AND DISPENSATIONS GRANTED:**

None
