

London Borough of Hammersmith and Fulham Record of Cabinet Member Decision

The call-in has expired and this decision can be implemented.

- ❖ Draft Decision List published on: 29 November 2023
- ❖ Confirmed Decision List published on: 4 December 2023

1. **TITLE: Procurement Strategy for Residential Cycle Hangar Roll Out**

2. **DECISION MADE BY:** Cabinet Member for Public Realm

3. **DECISION:**

To approve the recommended procurement strategy, to run a mini competition on the Waltham Forest Framework for the provision of up to 500 new cycle hangars over a 3-year period from 2024 to 2027, for the total contract value of £3m.

4. **REASON FOR DECISION:**

The reason for the decision is to meet considerable demand from H&F residents for secure, dry, clean roadside cycle storage. In making its decision, H&F has followed the criteria in the Framework. In mitigating the climate and ecological emergency H&F wants to work with providers who are actively seeking to minimise their carbon footprint from manufacturing decisions to delivery and installation of goods.

5. **ALTERNATIVE OPTIONS CONSIDERED:**

Procuring through the Waltham Forest Framework and running a mini competition between the only two suppliers on the framework, Cyclehoop and Falco.

The Waltham Forest Framework is a compliant route that has been used by a number of boroughs across London to successfully roll out large numbers of cycle hangar provision, to meet significant resident demand in a timely fashion. The key benefit to using the Framework is ease of procurement through an existing, trusted channel.

6. **CONFLICTS OF INTEREST DECLARED AND DISPENSATIONS GRANTED:**

None

Date of Decision
