1. MINUTES

The minutes of the meeting of the Planning and Development Control Committee held on 2nd July 2019 be confirmed and signed as an accurate record of the proceedings.

2. APOLOGIES FOR ABSENCE

There were no apologies for absence.

3. DECLARATION OF INTERESTS

Councillor Alex Karmel declared a non-pecuniary interest in respect of item 5, 32 A Vereker Road as he had some contact with the applicant and some of the objectors. He considered that this did not give rise to a perception of a conflict of interests and, in the circumstances, it would be reasonable to participate in the discussion and vote thereon.

4. DECISION TO VARY THE ORDER OF THE AGENDA

In view of members of the public present for particular applications the Chair proposed that the agenda be re-ordered, with which the Committee agreed, and the minutes reflect the order of the meeting.

5. 32A VEREKER ROAD, LONDON W14, NORTH END, 2019/01730/FUL

Please see the Addendum attached to the minutes which made minor changes to the report.

The Committee heard several representations from residents in objection to the application. A number of points were raised and included: the current application varied only slightly from the previous application but included a seven-fold increase in the amount of glass to be installed, that the development would result in the loss of amenity and light. The amount of excavated soil was considerable and had already caused significant disruption. That the property had previously been the residence of a well-known portraiture artist, Henry Jamyn Brooks and the historic links of the property made it unique.

The Committee heard representations from the applicant in support of the application. A number of points were raised and included: That the property had not been used as an artist's studio since the 1940s and had been used as a residence. Previous objections to the application had been addressed and the new proposals were his view in line with the planning inspectors' recommendations.

The Committee heard a representation in objection to the application from Councillor Larry Culhane, Ward Councillor for North End.

Cllr Karmel, seconded by Cllr Thorley, proposed that the Committee should decline to determine the application under Section 73 of the TCPA as the application was similar to previously determined applications. Officers refused this request stating that it was ultra vires. Cllr Karmel then proposed, seconded by Cllr Thorley, that the Committee should defer the application to seek further legal advice.

An equal number of votes required Councillor Leighton as Chair to therefore cast a deciding vote against, and the motion was duly rejected.

Councillor Alex Karmel moved a second motion, seconded by Councillor Matt Thorley, to overturn the officer recommendations on the grounds that the application was not materially different with "very little changes..." therefore the same grounds to refuse the previous application were valid to this current application. The Committee voted on the motion as follows:

The Chair provided the following reasons to support the Committees decision to refuse the officer recommendations: that the proposed application was not in keeping with the character of the Barons Court Conservation Area and would harm the appearance of the area, that the application was also considered to be unneighbourly and result in an unacceptable impact on neighbouring amenity including light pollution, overlooking and loss of privacy; and finally that it would represent an over-development providing a substandard level of accommodation.

6. FORMER DAIRY CREST SITE, LAND BENEATH AND BOUNDED BY WESTWAY AND WEST LONDON RAILWAY LINE AND ADJOINING 58 WOOD LANE LONDON W12 7RZ, COLLEGE PARK AND OLD OAK, 2018/00267/OUT

The Committee heard a representation from the applicant in support of the application. A number of points were raised and included: that the applicant had undertaken local consultation and engagement with a view to seeking support for a mixed use develop which could potentially offer significant local benefits. The intention was to submit reserve matters applications for the future development. Two objections had been received. Councillor Harcourt pointed out that although one of these was from the Wood Lane Tenants Association, they represented a number of residents. One of the points made related to the height of one of the

buildings which would consist of 32 storeys. The applicant explained that this would be reviewed at the detailed stage.
