Staff shall sign to confirm that they have received and understood the training.

2. BACKGROUND

The main access to the premise's unit is located on Shepherds Bush Road. A map showing the location of the premises can be seen on page 23 of this report, there are no neighbouring licensed premises within 75 metres.

There are several options for transport away from the area including buses and taxis which run from in and around Shepherds bush road area. Hammersmith tube station is a 3-minute walk away, Ravenscourt Park tube station is a 14-minute walk away.

3. CONSULTATION

A public notice was displayed at the premises for 28 days. The application was advertised in a local circular and all statutory consultees were notified as required by the Regulations. The Council has served written notice of hearing upon the applicant and all those parties that have made representations in respect of the application.

3.1. Relevant Representations

The licensing section received one representation from a local resident objecting to the licence application. A copy of the representation can be seen on pages 24-25 of this report.

The licensing section has received comments from the Planning Department relevant to the premises. A copy of these comments can be seen on page 26.

4. OTHER INFORMATION

There have not been any warnings, simple cautions or prosecutions given to the new operator in respect of the premises during the past three years.

4.2 Temporary Event Notices (“TENS”)

No TENS have been submitted in respect of this premises in the past twelve months.

5. POLICY CONSIDERATIONS

5.1 Section 5 pages 12 and 13 of the Statement of Licensing Policy (“SLP”) states that in order to ensure the promotion of the four Licensing Objectives the Licensing Authority will require applicants to detail in their operating schedule:

- the steps proposed to promote the licensing objective of the prevention of crime and disorder on, and in the vicinity of, the premises, having regard to their location, character, condition, the nature and extent of the proposed use and the persons likely to use the premises;
- the steps proposed to ensure the physical safety of people using the relevant premises or place;
- how they intend to prevent nuisance arising, prevent disturbance and protect amenity so far as is appropriate to ensure that the Licensing Objectives are met. Where there is a relevant representation regarding extended hours, the Licensing Authority will not permit an extension unless it is satisfied that the Licensing Objectives would be met;
- the measures and management controls in place to protect children from harm. Where appropriate a written childcare policy should be available and be incorporated in the induction of staff.

5.2 Policy 3 page 21 of the SLP states that where there is a relevant representation, the Licensing Authority will consider each particular case on its merits having regard in particular to the following matters:

- a) Whether the licensed activities are likely to have an adverse impact especially on local residents and, if there is potential to have an adverse impact, what, if any, appropriate measures will be put in place to prevent it;
- b) Whether there will be a substantial increase in the cumulative adverse impact from these or similar activities, on an adjacent residential area;
- c) Whether there is a suitable level of public transport accessibility to and from the premises at the appropriate times;
- d) Whether the activity will be likely to lead to a harmful and unmanageable increase in car parking demand in surrounding residential streets suffering high levels of parking stress or on roads forming part of the Strategic London Road Network or the London Bus Priority Network leading to a negative impact on the Licensing Objectives relating to the prevention of crime, disorder, anti-social behaviour (ASB), nuisance and vehicle emissions;
- e) Whether there have been any representations made by Responsible Authorities, or other relevant agency or representative.

The Licensing Authority will closely scrutinise extended hours applications to ensure that the Licensing Objectives are met. In determining an application the licensing committee might decide that the circumstances are such that a restriction on hours is the only appropriate means to achieve the Licensing Objectives. If an 'hours' restriction is imposed, the Licensing Authority will normally require that customers should be allowed a minimum of thirty minutes to consume alcohol.

To act as a guide for new or existing operators we have set out the suggested closing times for licensed premises below:

Type of premises	Town centres	Mixed use areas	Residential areas
Restaurants and cafes	Fri – Sat 01:30 Mon - Thurs 01:00 Sun – 00:00	Fri – Sat 01:00 Mon - Thurs 00:00 Sun – 23:00	Fri – Sat 23:00 Sun – 22:00

5.3 Policy 11 page 30 of the SLP states that Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour caused by people once they are away from the licensed premises and, therefore, beyond the direct control of the licensee. However, licensing is a key aspect of such control and licensing law is part of a holistic approach to the management of the night time economy.

As a matter of policy the council expects every holder of a licence, certificate or permission, to accept and be responsible for minimising the impact of their activities and anti-social behaviour by their patrons within the vicinity of their premises by taking appropriate measures and action consistent with that responsibility.

Licensees and certificate holders should take reasonable steps to prevent the occurrence of crime and disorder and public nuisance immediately outside their premises, for example on the pavement, in a beer garden or in a smoking area, to the extent that these matters are within their control.

Population densities in this borough are high, with many residential premises located above or in close proximity to licensed premises. This means that the public nuisance and crime and disorder objectives will be of paramount concern when evaluating Operating Schedules. Licensing Committees will place high regard on the control measures put in place by the applicant to ensure that our residents are protected from the potential detrimental effects of any licensed premises

5.4 Policy 13 page 31 of the SLP states that the local planning authority has powers to control opening times of all new establishments seeking planning permission, where harm might occur. Licensing applications will not be a re-run of the planning application. If the licensing committee grants any variation of a licence which involves a material alteration to a building, the applicant still needs to apply for planning permission, or building regulation control, where appropriate. Where an applicant is granted a premises licence with operating hours that are different to the hours permitted by the premises planning permission, the applicant must observe the earlier closing time. Premises operating in breach of their planning permission would be liable to prosecution under planning law. We would suggest that the applicant contacts Planning apply to vary their conditions. The Licensing Authority may refuse to grant a licence if a representation from the Planning Department has been received AND ONE or more of the licensing objectives would not be promoted.

5.5 Annex 1 pages 35 and 36 of the SLP in relation to the prevention of crime and disorder states licence applicants will be expected to demonstrate the following in their operating schedules:

- a) Measures to control excessive consumption and intoxication.
- b) Consideration of any additional measures or restrictions that may be placed on alcohol sales to prevent binge drinking and promote 'sensible drinking'.
- g) Conditions will, so far as possible, reflect local crime prevention strategies, and the Licensing Authority will also have regard to the views of the local Crime and Disorder Reduction Partnership.
- h) **Crime and disorder in the vicinity of the premises:** this may include the crime and disorder risks arising from persons queuing to enter the premises; persons exiting the premises and customers smoking eating or drinking in outdoor areas and on the highway outside the premises. This can also include crime arising from pickpockets and bag snatchers, particularly in open spaces or crowded areas where alcohol is being consumed.
- l) **dealing with and reporting crime and disorder** - training for staff and door security aimed at reducing crime and disorder in the premises and its vicinity and dealing with and reporting incidents if they occur.
- j) CCTV - using CCTV inside and/or outside the premises together with appropriate procedures and having staff properly trained to use CCTV equipment
- o) **excessive drinking** - training for staff to recognise when customers are becoming drunk and adopting appropriate 'cut off' procedures for drunken customers, so as to reduce the likelihood of fights or aggressive behaviour.

p) **local schemes** – joining and attending local Pubwatch meetings and participating in the Behave or Be Banned Scheme (BOBB) and/or signing up and using the Council's Safety Net Radio scheme.

q) **prevention of theft** - using bag hooks and signage to warn customers of pickpockets and bag snatchers.

5.6 Annex 1 pages 37 to 38 of the SLP in relation to the physical safety of people states that the Licensing Authority will require the applicant to demonstrate the steps proposed to ensure the physical safety of people using the relevant premises or place. This does not cover the separate need for applicants to provide relevant public safety requirements dealt with by Environmental Health. This is expected to include:

c)The Licensing Authority will, where appropriate, attach conditions to a licence to ensure public safety, dealing with, but not limited to. the following:

- i. Checks on equipment at specified intervals, e.g. gas safety checks;
- ii. Standards to be maintained, e.g. temporary electrical installations to comply with British Standards;
- iii. The number of people on the premises to ensure it is appropriate having regard to the activities taking place and reliable ways of counting the number;
- iv. The steps taken to manage the risk from glass, the use of bottle bins, glass collectors and door supervisors to prevent glass being taken off the premises;
- v. The use of door supervisors to manage the entrance and exit from the premises and to protect public safety as customers leave the premises;
- vi. The provision of air conditioning and ventilation;
- vii. Measures to protect against overcrowding; and
- viii. Implement access/support needs for disabled people

5.7 Annex 1 pages 38 to 40 of the SLP in relation to the prevention of public nuisance states that the Licensing Authority will particularly consider the following matters where they are material to the individual application:

- ii. The proximity of residential accommodation;
- iii. The type of use proposed, including the likely numbers of customers, proposed hours of operation and the frequency of activity;
- iv. The steps taken or proposed to be taken by the applicant to prevent noise and vibration escaping from the premises, including music, noise from ventilation equipment, and human voices. Such measures may include the installation of soundproofing, air conditioning, acoustic lobbies and sound limitation devices;
- v. The steps taken or proposed to be taken by the applicant to prevent disturbance by customers arriving at or leaving the premises.
- viii. The steps taken or proposed to be taken by the applicant to prevent queuing (either by pedestrian or vehicular traffic). If some queuing is inevitable then queues should be diverted away from neighbouring premises or be otherwise managed to prevent disturbance or obstruction;
- ix. The steps taken or proposed to be taken by the applicant to ensure staff leave the premises quietly;
- x. The arrangements made or proposed for parking by patrons, and the effect of parking by patrons on local residents;
- xi. The provision for public transport in the locality (including taxis and private hire vehicles) for patrons;
- xii. The level of likely disturbance from associated vehicular and pedestrian movement to and from the premises;

- xiii. The delivery and collection areas and delivery/collection times;
- xv. The arrangements for refuse disposal, storage and the prevention/tidying of litter (including fly posters and illegal placards);
- xviii. The generation of odour, e.g. from the preparation of food;
- xix. Any other relevant activity likely to give rise to nuisance;
- xx. Any representations made by the Police, or other relevant agency or representative;

The following provides a non-exhaustive list of risks associated with the public nuisance objective that applicants may want to consider when preparing their Operating Schedule:

- j) **Deliveries/collections** – noise from deliveries to and/or collections (e.g. refuse) from the premises are another common source of complaint. Consider the times of such deliveries/collections and make sure you specify to any contractors that deliveries/collections should not be made at anti-social times. As a guide, the Noise and Nuisance Service recommend that deliveries/collections should only be made between the hours of 7:30am and 9:00pm, depending on the proximity of residential and/or other noise sensitive properties.
- m) **Noise and/or vibration breakout from the provision of regulated entertainment, particularly from (but not limited to) live music** – consider what type of entertainment is to be provided, in what room/area of the premises and the suitability of the construction of this room/area to contain sound. Windows are a particular weak-point for noise break-out so consider providing regulated entertainment in a room without windows or with as few windows as possible, particularly windows that face towards nearby residential properties. Where suitable, install a lobby to prevent spillage of noise each time an entrance/exit door is opened.
- o) **Odour** – odour from cooking is a common source of complaint, particularly from restaurants and fast[1]food takeaways. The Council's Noise and Nuisance Service may therefore require evidence that the kitchen ventilation and/or extract systems are regularly maintained and serviced to ensure that it is operating efficiently and with minimal nuisance to neighbours arising from odour and also noise. This includes the siting of BBQs.
- q) **Ventilation** – where regulated entertainment is to be provided there may be a requirement to keep doors and/or windows closed during its provision to limit noise breakout, consider therefore the provision of air conditioning for the comfort of your customers if doors and windows have to be closed during the summer. However, also note air conditioning can be the source of noise complaints in itself, so careful consideration also needs to be given to the siting of this equipment.
- r) **Waste** – consider how and where waste will be stored/disposed of at the end of trading hours, particularly if trading until late at night. This is important because the disposal of glass and/or cans to outside bin areas can be very noisy and give rise to complaints, so it may be necessary to store such items and other non-degradable refuse inside the premises until the next trading day. Consideration should also be given to the time of deliveries to minimize disruption to local residents.

6. DETERMINATION

6.1 In determining this application, the Committee must have regard to the representations and take such of the following steps as it considers necessary for the promotion of the licensing objectives. The steps are:

- (a) Grant the application in full

- (b) Grant the application in part – modifying the proposed hours, activities or conditions.
- (c) Reject the application

It is the Council's duty under the Licensing Act 2003 ("The Act") to determine applications with a view to promoting the four licensing objectives; Prevention of Crime and Disorder, Public Safety, Prevention of Public Nuisance and the Protection of Children from Harm.

In reaching a decision the Council shall consider the details of any relevant representations received; the applicant's Operating Schedule; the Council's adopted Statement of Licensing Policy and the guidance issued by the Secretary of State under section 182 of the Act.

If the Committee is minded to grant the application conditions may be attached to the licence to alleviate the concerns raised through the representations.

I am emailing from the Hammersmith and Fulham Police Licensing Team in relation to the above application and to inform you that the Metropolitan Police as a Responsible Authority are in receipt of it.

You have applied for the following licensable activity;

Licensable activities sought:

The sale of alcohol - On the premises only

Sunday to Wednesday between the hours of 12:00 - 16:30

Thursday to Saturday between the hours of 12:00 - 21:30

Opening Hours of the premises

Sunday to Wednesday between the hours of 07:00 - 17:00

Thursday to Saturday between the hours of 07:00 - 22:00

I have no concerns with regards to the hours that you have applied for and whilst your operating suggests that you will have sufficient measures in place to ensure that the Licensing Objectives will be upheld they are not currently defined conditions and so I am proposing the following in respect of the Licensing Objectives in the Prevention of Crime and Disorder and in the Protection of Children from Harm;

1. High Definition CCTV shall be installed, operated and maintained, at all times that the premises are open for licensable activities and;

* shall be checked every two weeks to ensure that the system is working properly and that the date and time are correct. A record of these checks, showing the date and name of the person checking, shall be kept and made available to Police or authorised Council officers on request

* one camera will show a close-up of the entrance to the premises, to capture a clear, full length image of anyone entering.

* shall cover any internal or external area of the premises where licensable activities take place.

* recordings shall be in real time and stored for a minimum period of 31 days with date and time stamping.

* footage shall be provided free of charge to Police or authorised council officer within 24 hours of a request.

* a staff member from the premises that is conversant with the operation of the CCTV system shall be on the premises at all times. This staff member will be able to show police or authorised officers of the Licensing Authority recent data footage with the minimum of delay when requested. This data or footage reproduction shall be almost instantaneous.

2. Appropriate signage shall be displayed in prominent positions, informing customers they are being recorded on CCTV.

3. A Challenge 21 or Challenge 25 proof of age scheme shall be operated at the premises where the only acceptable forms of identification are recognised photographic identification cards, such as a driving licence, passport or proof of age card with the PASS Hologram.

4. The licensee shall ensure that staff are trained on relevant matters including the conditions on the premises licence and age restricted products. The licence holder shall keep records of training and instructions given to staff, detailing the areas covered, and make them available for inspection upon request by police and authorised officers of the Licensing Authority. Staff shall sign to confirm that they have received and understood the training.

5. A daily incident log shall be kept at the Premises and made available on request to an authorised officer of the Council or the Police or the Fire Service which shall record the following:

(a) all crimes reported to the venue

(b) all ejection of patrons

- (c) any complaints received
- (d) any incidents of disorder
- (f) any faults in the CCTV system
- (g) any refusal of the sale of alcohol
- (h) any visit by a relevant authority or emergency service.

6. The incident record shall be kept on the premises and be available for inspection by the police or an authorised officer of the Licensing Authority at all times the premises is open.

7. Patrons shall not be permitted to take glassware with them outside the premises.

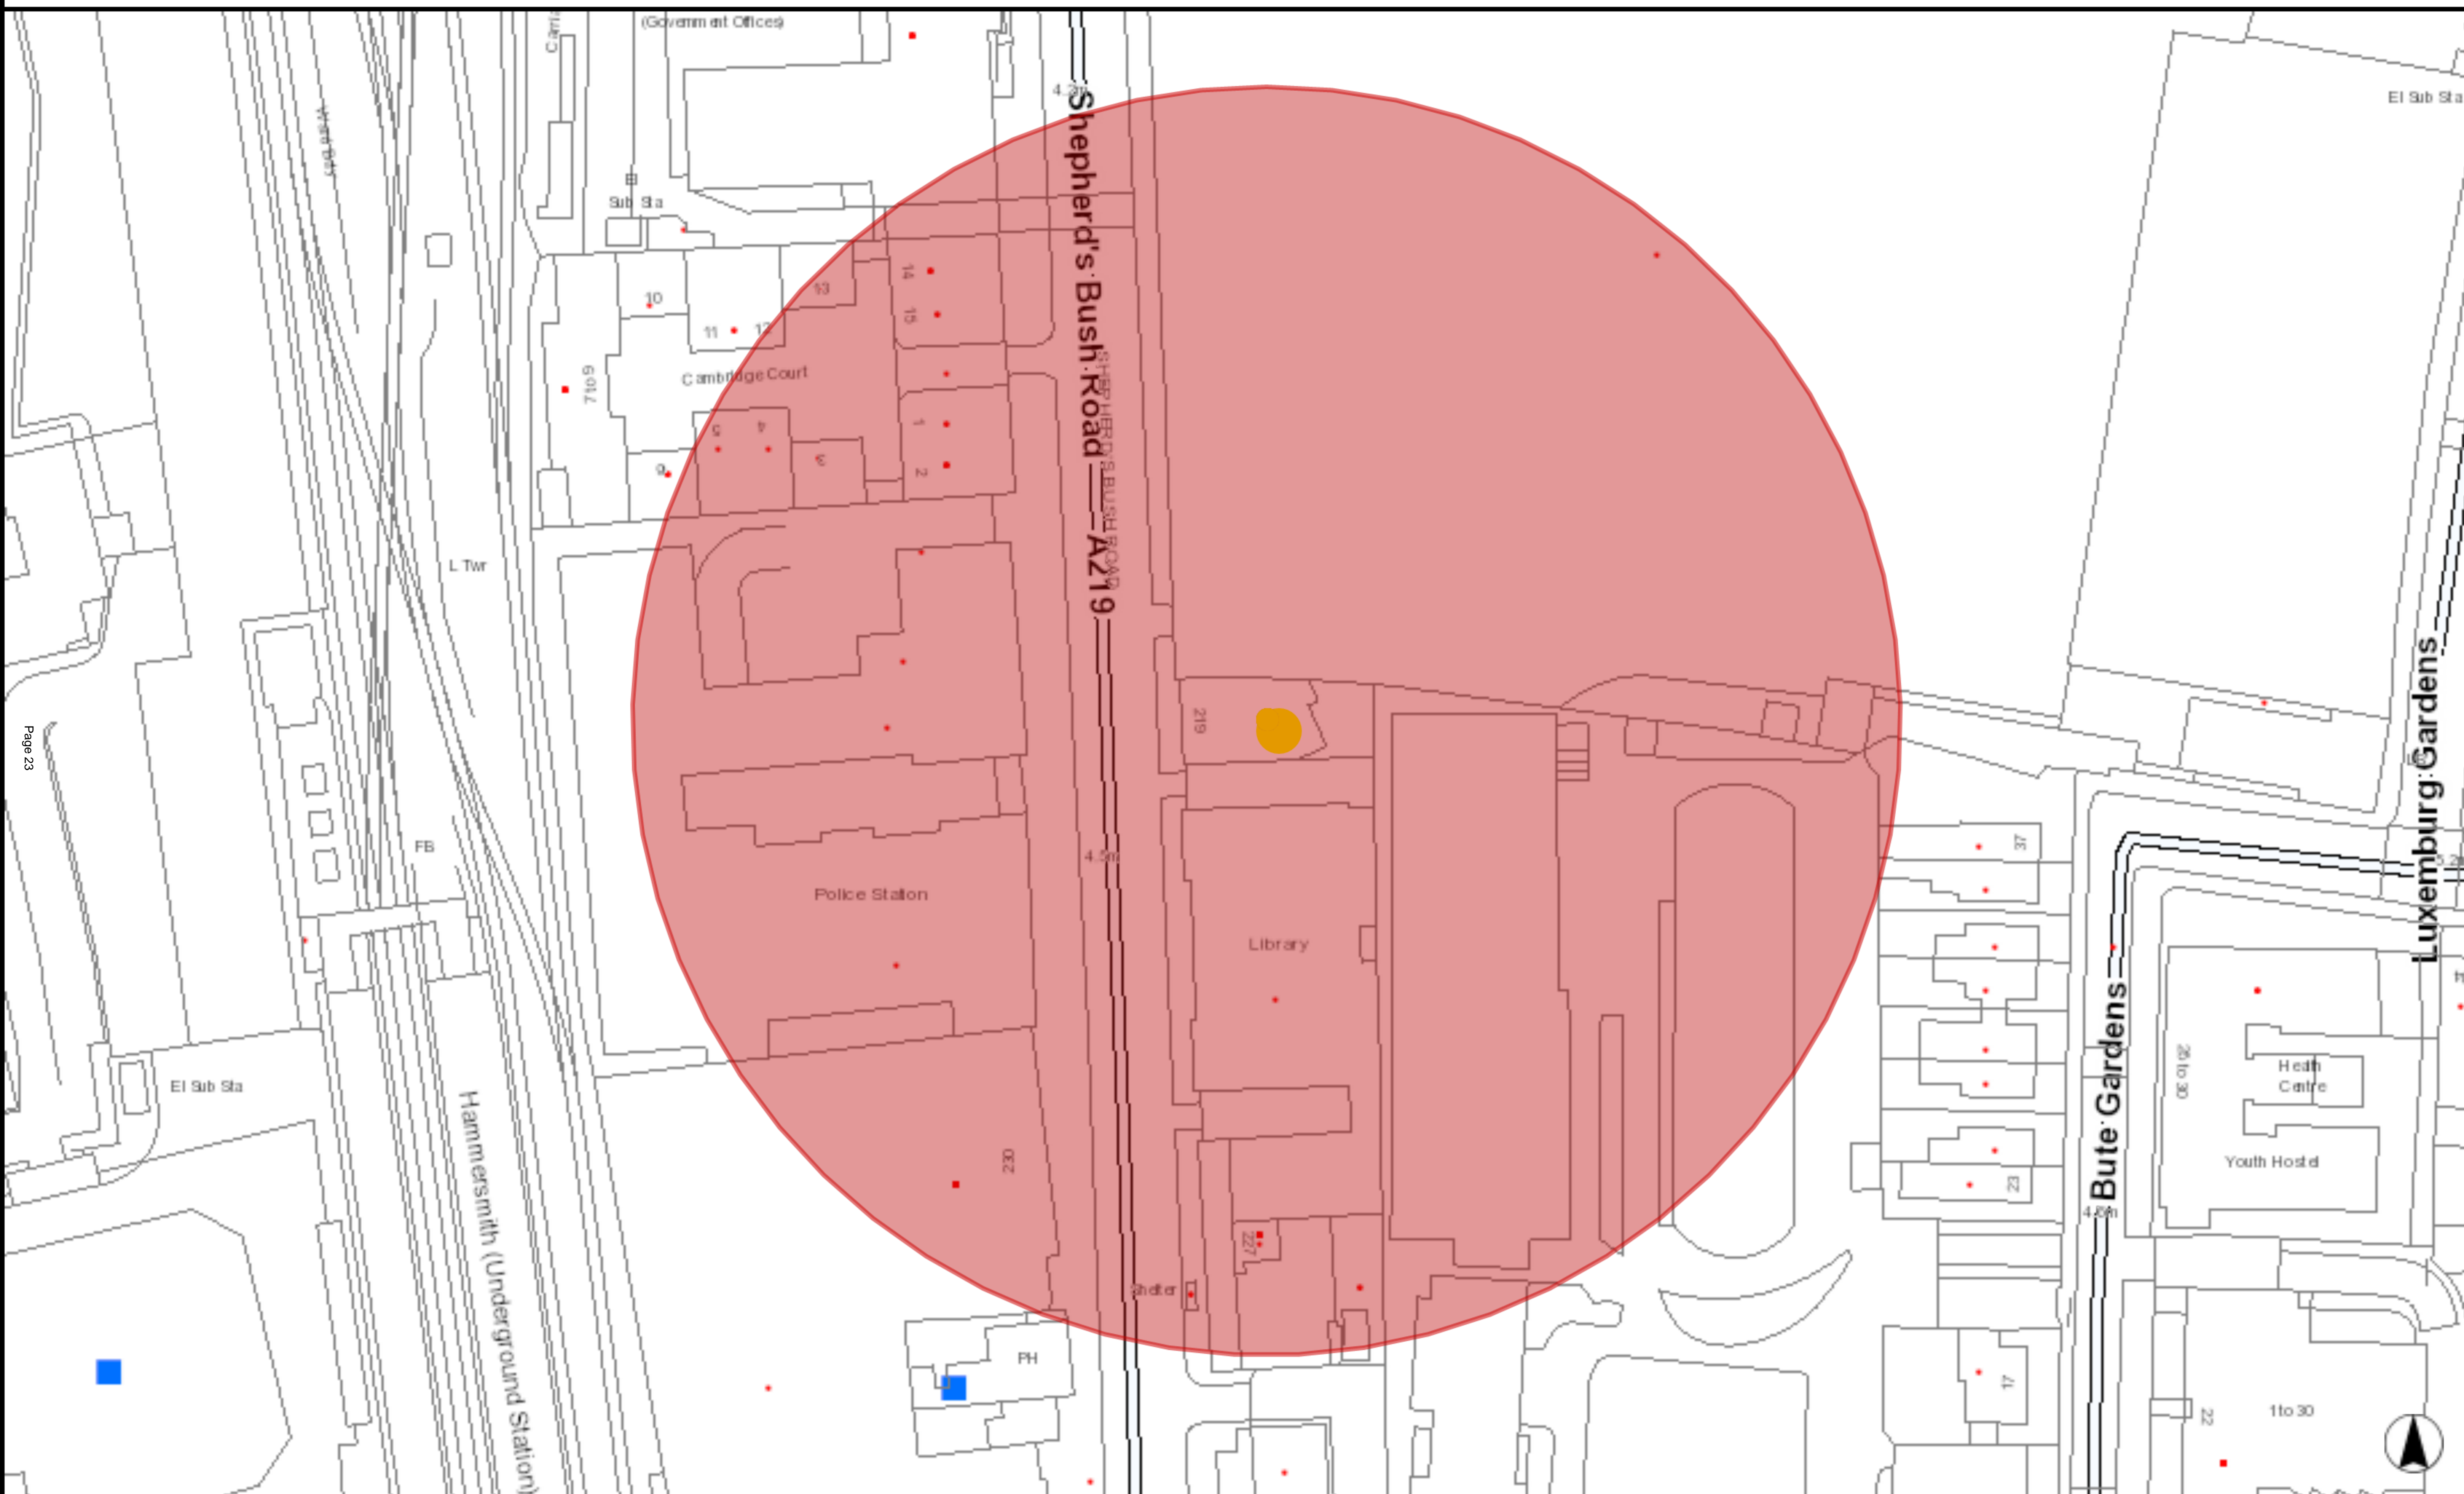

8. Alcohol shall only be consumed by those seated at tables.

Please let me know if you agree to these conditions or would like to discuss them further.

Kind Regards

Nicole

Reasons
for
comment:

Comments: 28/09/2022 10:10 PM I strongly object against the licence (2022/01318/LAPR) for

1. Health and safety issues

The building is not built to accommodate such a venue as cafe due to a faulty ventilation (extraction regulations are not met) and isolation (soundproofing building regulations are not met either)

2. Crime and disorder issues.

The building is inhabited mainly by single woman and since the opening of the venue the pavement is occupied by people therefore it is a feeling of insecurity and fear.

3.Noise

The tenants 'dont respect quiet hours and it is a huge burden to the residence.
The process of setting up has been done outside working hours (I have contacted Councils noise department twice already)
It is not a quality of life that I am up to. My well-being has been compromised and my home is no longer a place I can rest and relax.

4. Smoking

The building is smoking free zone for a safety reason and yet the cigarettes butts are left in front of the entrance .

The project of opening cafe in our residential building has not been communicated to me and other residents of the building. I live just above the "cafe"and I haven't received any single letter /mail informing me (or other residents) of any change of use of the local...

Furthermore , following my today's conversation with the council planning department there is no evidence of any record this cafe being registered and set up in our building therefore it is not a legitimate and any alcohol licence should be granted.

Hi Karen,

Thanks very much for clarifying this. As there is no food being cooked on sight there is no need for extraction, hence why we have not submitted any planning permission.

Kind regards, Liam

Dear Liam

Please see response from Planning in relation to use of premises:

Planning permission (ref. 2006/00123/FUL) was granted in 2006 for the "Redevelopment of site by the erection of a four storey building to provide a commercial unit (either A1 retail/ A2 financial and professional services) on the ground floor and 7 no. one bedroom residential units to the rear and above."

A café/restaurant used to be classified under A3 and a change of use from A1/A2 used to require planning permission. However the use class order was amended in 2020 and use class A was revoked and replaced with a new class E use class. Retail units, financial and professional services and café/restaurants now all fall within the new use class E and no longer require planning permission.

If a flue/extraction system has been installed, to extract cooking fumes, this would require planning permission

4.2 Temporary Event Notices (“TENs”)

No TENs have been submitted in respect of this premises in the past twelve months.

5. POLICY CONSIDERATIONS

5.1 Section 5 pages 12 and 13 of the Statement of Licensing Policy (“SLP”) states that in order to ensure the promotion of the four Licensing Objectives the Licensing Authority will require applicants to detail in their operating schedule:

- the steps proposed to promote the licensing objective of the prevention of crime and disorder on, and in the vicinity of, the premises, having regard to their location, character, condition, the nature and extent of the proposed use and the persons likely to use the premises;
- the steps proposed to ensure the physical safety of people using the relevant premises or place;
- how they intend to prevent nuisance arising, prevent disturbance and protect amenity so far as is appropriate to ensure that the Licensing Objectives are met. Where there is a relevant representation regarding extended hours, the Licensing Authority will not permit an extension unless it is satisfied that the Licensing Objectives would be met;
- the measures and management controls in place to protect children from harm. Where appropriate a written childcare policy should be available and be incorporated in the induction of staff.

5.2 Policy 3 page 21 of the SLP in relation to licensing hours states that where there is a relevant representation, the Licensing Authority will consider each particular case on its merits having regard in particular to the following matters:

- a) Whether the licensed activities are likely to have an adverse impact especially on local residents and, if there is potential to have an adverse impact, what, if any, appropriate measures will be put in place to prevent it;
- b) Whether there will be a substantial increase in the cumulative adverse impact from these or similar activities, on an adjacent residential area;
- c) Whether there is a suitable level of public transport accessibility to and from the premises at the appropriate times;
- d) Whether the activity will be likely to lead to a harmful and unmanageable increase in car parking demand in surrounding residential streets suffering high levels of parking stress or on roads forming part of the Strategic London Road Network or the London Bus Priority Network leading to a negative impact on the Licensing Objectives relating to the prevention of crime, disorder, anti-social behaviour (ASB), nuisance and vehicle emissions;
- e) Whether there have been any representations made by Responsible Authorities, or other relevant agency or representative.

In determining representations to an application which incorporates an external area to the premises, the licensing committee might decide that the circumstances are

such that a restriction on hours in that area is the only appropriate means to achieve the promotion of the Licensing Objectives.

5.3 Policy 11 page 29-30 of the SLP states that Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour caused by people once they are away from the licensed premises and, therefore, beyond the direct control of the licensee. However, licensing is a key aspect of such control and licensing law is part of a holistic approach to the management of the night time economy.

As a matter of policy the council expects every holder of a licence, certificate or permission, to accept and be responsible for minimising the impact of their activities and anti-social behaviour by their patrons within the vicinity of their premises by taking appropriate measures and action consistent with that responsibility.

Licensees and certificate holders should take reasonable steps to prevent the occurrence of crime and disorder and public nuisance immediately outside their premises, for example on the pavement, in a beer garden or in a smoking area, to the extent that these matters are within their control.

Population densities in this borough are high, with many residential premises located above or in close proximity to licensed premises. This means that the public nuisance and crime and disorder objectives will be of paramount concern when evaluating Operating Schedules. Licensing Committees will place high regard on the control measures put in place by the applicant to ensure that our residents are protected from the potential detrimental effects of any licensed premises.

5.4 Annex 1 pages 35 and 36 of the SLP in relation to the prevention of crime and disorder states licence applicants will be expected to demonstrate the following in their operating schedules:

- a) Measures to control excessive consumption and intoxication.
- b) Consideration of any additional measures or restrictions that may be placed on alcohol sales to prevent binge drinking and promote 'sensible drinking'.
- g) Conditions will, so far as possible, reflect local crime prevention strategies, and the Licensing Authority will also have regard to the views of the local Crime and Disorder Reduction Partnership.
- h) **Crime and disorder in the vicinity of the premises:** this may include the crime and disorder risks arising from persons queuing to enter the premises; persons exiting the premises and customers smoking eating or drinking in outdoor areas and on the highway outside the premises. This can also include crime arising from pickpockets and bag snatchers, particularly in open spaces or crowded areas where alcohol is being consumed.
- l) **dealing with and reporting crime and disorder** - training for staff and door security aimed at reducing crime and disorder in the premises and its vicinity and dealing with and reporting incidents if they occur.
- j) CCTV - using CCTV inside and/or outside the premises together with appropriate procedures and having staff properly trained to use CCTV equipment
- o) **excessive drinking** - training for staff to recognise when customers are becoming drunk and adopting appropriate 'cut off' procedures for drunken customers, so as to reduce the likelihood of fights or aggressive behaviour.

p) **local schemes** – joining and attending local Pubwatch meetings and participating in the Behave or Be Banned Scheme (BOBB) and/or signing up and using the Council's Safety Net Radio scheme.

q) **prevention of theft** - using bag hooks and signage to warn customers of pickpockets and bag snatchers.

5.6 Annex 1 pages 38 to 40 of the SLP in relation to the prevention of public nuisance states that the Licensing Authority will particularly consider the following matters where they are material to the individual application:

- ii. The proximity of residential accommodation;
- iii. The type of use proposed, including the likely numbers of customers, proposed hours of operation and the frequency of activity;
- iv. The steps taken or proposed to be taken by the applicant to prevent noise and vibration escaping from the premises, including music, noise from ventilation equipment, and human voices. Such measures may include the installation of soundproofing, air conditioning, acoustic lobbies and sound limitation devices;
- v. The steps taken or proposed to be taken by the applicant to prevent disturbance by customers arriving at or leaving the premises.
- vi. Limiting the number of people permitted to use a garden or other open-air areas, including those for the use of smoking, at any one time.
- vii. Restricting the use of a garden or other open-air areas, including those for the use of smoking, after a particular time e.g. 11:00pm (or such earlier time as may be considered appropriate)
- viii. The steps taken or proposed to be taken by the applicant to prevent queuing (either by pedestrian or vehicular traffic). If some queuing is inevitable then queues should be diverted away from neighbouring premises or be otherwise managed to prevent disturbance or obstruction;
- ix. The steps taken or proposed to be taken by the applicant to ensure staff leave the premises quietly;
- x. The arrangements made or proposed for parking by patrons, and the effect of parking by patrons on local residents;
- xi. The provision for public transport in the locality (including taxis and private hire vehicles) for patrons;
- xii. The level of likely disturbance from associated vehicular and pedestrian movement to and from the premises;
- xiii. The delivery and collection areas and delivery/collection times;
- xv. The arrangements for refuse disposal, storage and the prevention/tidying of litter (including fly posters and illegal placards);
- xviii. The generation of odour, e.g. from the preparation of food;
- xix. Any other relevant activity likely to give rise to nuisance;
- xx. Any representations made by the Police, or other relevant agency or representative;

The following provides a non-exhaustive list of risks associated with the public nuisance objective that applicants may want to consider when preparing their Operating Schedule:

j) **Deliveries/collections** – noise from deliveries to and/or collections (e.g. refuse) from the premises are another common source of complaint. Consider the times of such deliveries/collections and make sure you specify to any contractors that deliveries/collections should not be made at anti-social times. As a guide, the Noise

and Nuisance Service recommend that deliveries/collections should only be made between the hours of 7:30am and 9:00pm, depending on the proximity of residential and/or other noise sensitive properties.

m) **Noise and/or vibration breakout from the provision of regulated entertainment, particularly from (but not limited to) live music** – consider what type of entertainment is to be provided, in what room/area of the premises and the suitability of the construction of this room/area to contain sound. Windows are a particular weak-point for noise break-out so consider providing regulated entertainment in a room without windows or with as few windows as possible, particularly windows that face towards nearby 40 residential properties. Where suitable, install a lobby to prevent spillage of noise each time an entrance/exit door is opened.

n) **External Areas** – External areas such as gardens can be the source of noise disturbance to surrounding premises. Consider limiting the use of the garden to a reasonable time and number of people.

6. DETERMINATION

6.1 In determining this application, the Committee must have regard to the representations and take such of the following steps as it considers necessary for the promotion of the licensing objectives. The steps are:

- (a) Grant the application in full
- (b) Grant the application in part – modifying the proposed hours, activities or conditions.
- (c) Reject the application

It is the Council's duty under the Licensing Act 2003 ("The Act") to determine applications with a view to promoting the four licensing objectives; Prevention of Crime and Disorder, Public Safety, Prevention of Public Nuisance and the Protection of Children from Harm.

In reaching a decision the Council shall consider the details of any relevant representations received; the applicant's Operating Schedule; the Council's adopted Statement of Licensing Policy and the guidance issued by the Secretary of State under section 182 of the Act.

If the Committee is minded to grant the application conditions may be attached to the licence to alleviate the concerns raised through the representations.

Dear William

I would like to write in objection to the proposed license variation.

Although situated on Munster Road Fulham Kitchen is in a quiet residential area with a number of young families. It is quite common in the area for outside drinking to cease at 10 o'clock – take the Mitre and Captain Cook, for example, which are in similar or less residential areas.

In terms of the four licensing objectives the two I would draw to committee's attention and the Prevention of Harm to Children and the Prevention of Public Nuisance:

1 Prevention of Public Nuisance: In this location for any premise allowing outside drinking past the current time of 10 o'clock it would cause considerable unnecessary disturbance to residents contrary of the licensing objective of preventing Public Nuisance which is wholly unnecessary as customers can simply move indoors at the appropriate time as they do in many other premises throughout the borough. I would draw to the committee's attention the LBHF licensing policy which says:

n) External Areas – External areas such as gardens can be the source of noise disturbance to surrounding premises. Consider limiting the use of the garden to a reasonable time and number of people

I would suggest that in this case the terrace, given its open nature, very clearly equates to an area such as a garden.

2 Prevention of Harm to Children: With a number of young families in the area the additional noise pollution and disturbances from outside eating and drinking late at night would have a serious impact on children's ability to sleep undisturbed.

Anecdotally I have heard of a number of complaints relating to the premises of rowdy behaviour taking place on the outside terrace, for example when watching live sports on the screens provided within the premises. This is not in keeping with the area and ask that the committee take this into account when making their decision.

Should the committee decide to grant this application I would request that such conditions be applied to ensure that residents are not inconvenienced, for example by ensuring that all awnings and coverings are in place at all times when customers are present on the terrace and that such coverings have sufficient soundproofing qualities to nullify the sounds created by customers to a level acceptable to LBHF noise and nuisance officers.

Can you please confirm that this has been received in good time and that this application will be brought to committee.

Yours sincerely

Dominic Stanton

There has been a long ongoing history of problems with this premises, and I feel that all the conditions should remain as they are.

Comments: 01/09/2022 5:53 AM The cafe is immediately next door to residential accommodation. We are the freeholders of one of these [226] and are very concerned for the leaseholders on both the ground, lower ground, first and second floors if this licence is extended to 11 am. I totally understand the reasons for their application but just don't feel in this location that this is justified for all the reasons it has to currently stop using the terrace at 10 pm at the moment. Nothing has changed. In essence an extended licence would increase anti-social behaviour and cause unacceptable noise levels.

Kind regards
