LONDON BOROUGH OF HAMMERSMITH & FULHAM

COUNCIL MEETING – 29 JUNE 2011

Question by: Ms Alexandra Kennaugh

To the: The Leader

QUESTION

“What is Council the doing in the short- and long-term to oppose the proposed Thames Water super sewer site in south Fulham, which will lead to (1) a significant degradation in local air quality for all residents and school children in south Fulham, not only from the site and but also from increased traffic congestion related to the site—for a decade, (2) a decline in existing residential and commercial property values, as well as the opportunity cost of future residential and commercial development on the proposed site, and (3) the permanent loss of existing quality of life in south Fulham punctuated by the permanent scar of the venting column, more commonly known as the stink pipe?”
