1. EXECUTIVE SUMMARY

- 1.1. Following the publication of the NHS Long Term Plan in January 2019, one of the key changes suggested is a movement from Sustainability and Transformation Partnerships to integrated care systems or ICSs. There are also implications that there will be a change to the structure of CCGs with the suggestion that there will be one CCG developed and corresponding to each ICS area.

2. RECOMMENDATIONS

- 2.1. The health and well-being board members are asked to discuss the case for change to explore the implications of moving towards a single NW London CCG.
