| HSC1       | Quality, Safety &<br>Performance and<br>Learning Disabilities,<br>Mental Health and In-<br>House | Care                | The Social Care budget is under severe pressure due to an ageing population, increasingly complex needs resulting from learning disabilities and mental health issues. We have forecasted a 3.4% increase in the numbers of older and disabled people over the period 2020 to 2024 which equates to in monetary terms to cumulative total of £2.978m of investment required. | 471   | 1,283   | 2,119   | 2,978  |
| HSC2       | Learning Disabilities,<br>Mental Health and In-<br>House   | transitions         | Additional funding is required for the LD budgets to fund the increasing number of disabled children transitioning into adult services. We have estimated that there are likely to be 69 more children by 2023/24 creating a cost pressure on an already overspending budget.  | 889   | 943   | 994   | 1,063  |
| CSC1       | Quality, Safety &<br>Performance   | Hospital discharges | There is a high expectation that the NHS will seek to pass on greater discharge costs, putting pressure on the Social Care budget  | 1,035   | -   | 0   | 0  |

|------------|-----------------------|--|---|--|--|--|--|
| Ref Nos    | Service               | Title & Theme  | Summary   | 2021-22 Budget<br>Change<br>Cumulative<br>(£000's) | 2022-23 Budget<br>Change<br>Cumulative<br>(£000's) | 2023-24 Budget<br>Change<br>Cumulative<br>(£000's) | 2024-25 Budget<br>Change<br>Cumulative<br>(£000's) |
| 9          | Planning              | Planning fees income   | Planning income in recent years has fallen from £3.4m (2018/19) to £2.3m (2019/20) and is currently forecast to reach only £2.0m in 2020/21, some £1.7m short of the budget. Some of this is due to Coronavirus but also due to the fact that planning activity is sensitive to wider economic cycles, investor confidence, and the operation of the development and construction industries including the impact of Brexit.  | 700  | 0  | 0  | 0  |
| 10         | Housing Services      | Temporary accommodation - cost<br>avoidance payments to landlords -<br>loss of earmarked reserve | Historically, cost avoidance payments were funded from an earmarked reserve<br>to secure longer-term, good quality accommodation. A review of the need to<br>make cost avoidance payments next year indicates that payments of £0.94m will<br>be required based on 150 private sector lettings and 350 direct lettings. After<br>allowance for additional specific grant funding of £0.4m the net growth<br>requirement is £0.54m. The risk associated with not making cost avoidance<br>payments is that this will increase the need for the Council to provide temporary<br>accommodation for homeless clients which would come at a far greater cost to<br>the Council than cost avoidance payments. | 540  | 0  | 0  | 0  |
