Notes
Walls coloured RED are proposed to be removed. In both cases, these are temporary, lightweight stud walls and not structural.

Parsons Green Lane

- TP Fire Alarm Test/Alarm
- VP A range of open gaps in the floor or adjacent partition shown on plan. It is assumed that the fire door is closed in the normal state of the door when it is not in use. The gaps should be fire resisting floor partition shown on each floor.
- S Door assembly, which is able to resist the passage of smoke, steam and fire in accordance with the British Standard in force at the date of manufacture.

- Fire fighting equipment**
- Fire Extinguisher (1, 2, 3A or 3B) Number indicates the extinguishing capability and the floor indicates the location of the fire extinguisher. The location of the fire extinguisher is indicated by the fire extinguisher symbol near F2000.
 - Automatic Fire Fighting Foam Extinguisher
 - Water Fire Extinguisher
 - Fire Blanket in container
 - Carbon Dioxide Fire Extinguisher
 - Dry Powder Fire Extinguisher
 - Foam Fire Extinguisher
