Reasons for comment:

Comments: 3:42 PM on 03 Aug 2021 I would like to provide support for this application as it is part of a wider initiative to provide much needed social activities that in return create funds for the School.

As far as I understand the application will be for specific, discrete events on the school grounds. Recent events on the school grounds are always very well staffed by individuals who are keen to continue a family friendly environment.

Which usually means that there is a clear focus on ensuring any event

a) has protocols in place to reduce the risk of crime and disorder.

b) has the highest standards to ensure public safety.

c) has protocols in place for the prevention of public nuisance.

d) always ensures the protection of children from harm.

An alcohol licence that creates additional funding for the school AND is under the mindful guise of individuals to prevent excessive abuse of this licence should be supported.

Thank you for your consideration,
Kind Regards, Jalilah Gibson

Subject: Re: Comments for Licensing Application 2021/00822/LAPR

I accidentally hit submit on my previous comment without writing everything in full. Please read below for the entire response (I tried to submit this again but an error message showed up on your system). Please see attachment

I, Hari Malhi, live at Gayford Road, Shepherds Bush, W12 9BY three doors down from The Good Shepherd School. My home is within very close proximity to the main gate of the school and I write this comment in support of the premises licence being granted. Despite my home being only a number of metres from the school, I have never been disturbed by the school, any events they hold there or the weekly Sunday Farmers' market, which I would fully support being made permanent.

Having the farmers' market running not only raises much needed extra funding for the school, but also as a premises in general, it has always been respectful to neighbours and the general local community. I am yet to encounter anybody who has any complaints against the market.

The people who run the school and the market are very clean and tidy; the premises is always left spotless by the end and they regularly clean the premises throughout the day to keep it safe for everyone. The street is cleaner in fact, since the market began some months ago.

There is no nuisance or disturbance in terms of noise, aside from the usual children playing. There is never any antisocial behaviour and the safety of the school/surrounding residents is, I believe, unaffected by there being a premises licence or the sale of alcoholic beverages. All local children are entirely safe and happy on this site and I cannot see how a permanent premises license would change this.

I do not hear anything remotely loud enough to bother me on the Sundays when the market is on and in fact was unaware it existed for quite some weeks. As a whole, I've only encountered local neighbours who are in full support of the new farmers' market and the value it brings to us as a community. We all feel very fortunate to have a chilled and vibrant market at our doorsteps.

The school regularly host summer fairs and fundraising events. These have never bothered the neighbours or caused any sort of nuisance. This leaves me feeling assured that if this premises license were granted, the school would continue to act with the same level of care as I have always witnessed previously.

Having visited the market on several occasions, I've only ever been treated with care and respect on all of my visits. In regards to entertainment, I've noticed a guitarist and saxophone player who both played chilled and ambient music. It's very soft and melodic, which further adds to the relaxed, laid back atmosphere of the premises/market.

I feel the school by starting the market have brought a great community feel to the neighbourhood and it's often a point of conversation when I bump into my neighbours. We like to discuss which vendors we'll visit next time and which products we enjoyed best.

I sincerely hope the market continues to flourish, as it's a great place for me to connect and socialise with my neighbours. Likewise I hope that the school is granted this license, as I feel

it could only benefit the children attending there, if they were able to fundraise for them, as they would like to.

Comments: 5:32 PM on 05 Aug 2021 I have been very impressed with the smooth running of the farmers market at Good Shepherd School . Very organised and worth visiting. I fully support their application for a liquor license as they are just trying to fundraise. They are not trying to stage an illegal rave! They have a great deal of respect for their neighbours and have shown a very considerate approach in all their event planning and day to day running of the school. The Good Shepherd is a real asset to the neighbourhood and deserve to be supported by the local community as much as possible.

Comments: 10:22 AM on 06 Aug 2021 Although not a close neighbour, I used to live in the immediate area. I am also a Governor at another school. In such times of vicious cuts to school budgets, schools are being forced to find inventive ways to boost their income in order that pupils' education doesn't suffer. This application also appears to offer opportunities for the school community to forge strong links with each other, after what has been a period of isolation - this can only help in building community relationships. Many schools hold similar events, and I understand that these events will not be for the general public, but limited to parents, staff and school supporters only. Therefore any crime and disorder or public nuisance concerns are fully abated, as they are highly unlikely to attract wider members of the public. The events will happen within an enclosed environment, which has a full Health & Safety protocol, so there will be no Public Safety issues. These events are intended for adults and where children are present - during the day - there will be sufficient adult supervision in the manner of those with Safeguarding training, expertise and even Enhanced DBS accreditation, therefore mitigating any concerns for the welfare of children. This is an application to cover occasional use of the premises for "film nights" - probably on up to 2 occasions per

year - with the option of raising extra funds by offering limited alcohol for sale. This has, I am certain, been fully risk assessed by the school/PTA, is something that happens in numerous schools, countrywide, and has done for many years. It would be churlish to disallow this application.

Comments: 1:26 PM on 08 Aug 2021 We love the farmer's market at the Good Shepherd Primary school on Gayford road. It is an asset to the local community, and brings healthy british produce to our neighbourhood. The ability to service the locals, with food and drink in a family friendly environment on a Sunday is unique to the area. We strongly recommend this license is granted and that the market is allowed to continue long term.

Reasons for comment:

Comments: 9:09 AM on 09 Aug 2021 I support the application for several reasons. A license ensures that alcohol is sold in an orderly way. There would be an obligation to maintain public safety, deter criminal behaviour, prevent people committing a nuisance or disrupting the neighbourhood.

The school has an excellent reputation for looking after the children in its care and there is no reason to suppose that an alcohol license would detract from this.

By encouraging local people to visit the premises, to see films, attend social events as well as the Sunday farmers' market, the school widens its engagement with the community and the sale of alcohol, under the proper conditions, would be helpful.

Yours sincerely,

David Cann

Reasons for comment:

Comments: 9:40 AM on 09 Aug 2021 I support The Good Shepherd Primary School in their application for an alcohol license. This is a very responsible community of people who have no wish to cause any disruption or harm to the neighbourhood rather they seek to consolidate neighbour relations and raise funds for this important school. From what I have experienced on several visits to the farmers' market, the attendees are friendly and responsible family groups with good supervision of their children. Being fairly tucked away it is not likely to attract casual passers-by. It is small and intimate enough for people to know one another and keep an eye out for any anti-social behaviour. A few detractors have perhaps not experienced the atmosphere firsthand and suspect it will be more disruptive than it is.

Comments: 6:20 PM on 09 Aug 2021 I support the licence application for The Good Shepherd RC School because I believe that the proposed social events are unlikely in my opinion to attract excessive alcohol consumption by the attendees who are likely to be families and locals supporting the school and therefore unlikely to cause public nuisance, crime or endanger the public.

From: Local Resident

Sent: 16 August 2021 14:26

To: Licensing HF: H&F

Subject: FAO William Assante and Sophia Barrett - The Good Shepherd

Dear William Assante & Sophia Barrett,

I am writing in support of The Good Shepherd School's application for an alcohol license for the premises and the Sunday Farmer's Market. I tried to do so using the on-line form but twice my submission was rejected by the system for reasons I do not know other than it said 'error in the system'.

I have lived in very close proximity to the school for six years and my son is now a pupil. In this time, the school has run fund-raising events where alcohol has been made available without it ever having a negative impact on our lives. My direct experience is that the school leadership and PTA have always taken the utmost care to ensure that events are run responsibly with respect to the school children, their families and our wider local community. These events offer a family-friendly atmosphere with zero evidence of excessive drinking. Noise is always kept to a minimum and events finish early out of respect to neighbours. There is no reason to suspect that this would change at all by the granting of this alcohol license.

Ditto the new Farmers' Market. In several visits with my young son, I have never witnessed any problems arising inside or outside the market which would suggest it has a negative impact on public safety or would create a nuisance in our community. Friendly stewards at the gate set the tone from the start with their calm and positive welcome. This continues inside with stewards visible at all times. I am always impressed at how quiet the surrounding streets are when the market takes place. Further, on our most recent visit, only when we made our way deep into the playground did we actually hear an acoustic musician playing gently to market goers. The sound was well-contained within the confines of a small section of the playground and did not extend outside the grounds of the school playground. I also want to commend the market team for keeping the premises and surrounding streets free of rubbish or waste.

When alcohol has been made available at either school/PTA events or the market, the atmosphere has remained respectful and family-friendly. Organisers take the utmost care to prevent any possibility of crime or disorder. People are seen to be drinking sensibly and usually with a meal, or other food available, and often sat down at tables chatting, offering little to no disturbance to neighbours.

Events welcome people of all ages from across the social and ethnic mix of our community, creating a safe and enjoyable environment for neighbours to spend quality time together. Our busy modern world doesn't provide for such things easily but The Good Shepherd does so with creativity, caution and an abundance of responsibility to keep everyone involved safe and happy. The greater positive trickle-down impact of this should not be underestimated. This would seem to feed into a safer and happier community for all to enjoy. Both the school and the organisers of the farmers' market have proved without doubt that their events are well-run and have minimal if any negative impact on the local community.

I believe there is no just cause to refuse the license and that it should be granted.

Thank you for reading my submission.

Yours faithfully,
Local Resident

Dear Sophie and William,

I am writing in favour of the licencing application from the Good Shepherd school, as a local resident. I am confident that increased nuisance will not occur as a result of this application as the school is a very responsible and considerate neighbour that has always shown respect to the community. The school also has rigorous public safety measures to ensure safety and protect children from harm. As such I am confident the licence will be used in a responsible way and help them raise much needed funds for young people's education.

Regards

Hamish Reid

From: Tim Sharman
Sent: 26 August 2021 12:46
To: Licensing HF: H&F
Subject: 2021/00822/LAPR -The Good Shepherd R C Primary School Gayford Road London W12 9BY - Licensing Act - Premises Licence

FAO: William Asante

I Tim Sharman believe this license application should be granted to The Good Shepherd School because it would allow for the school to hold much needed fund raisers and child/family friendly activities in much the same vein as it has done for many years but in a more consistent and structured way.

I believe the school would abide by the four principle licensing objectives because they have always shown themselves to be respectful and neighbourly in all ways.

The school is extremely thorough and careful when it comes to all aspects of safety to children and the general public as a whole whenever they are on or around the local areas. So much so, in fact that teachers often go to Wendell park (the adjacent public park to the premises) after school hours to ensure the children are behaving in a manner that befits and respects the school's ethos and the local community.

I live only one road back from the school and have never been disturbed by any goings-on that occur on school property whether that be the local weekly farmers market or the various parent fundraisers that occur throughout the year.

Having lived in Wendell Park for over three years and always within a 200metre radius of the school; first on Wendell road and now on Bassein Rd, I can confirm that the school adheres firmly to all of licensing objectives as requested from this application and I believe that wholeheartedly that if granted this application, they would continue to do so.

For the sake of brevity I have listed the objectives and the way I feel the school would and has followed their discipline. These are:

- The prevention of crime and disorder- The school has never had any issue with crime or disorder of which I am aware. All events held on the premises of the Good Shepherd School as well as parent/public activities are held in an orderly fashion with staff and stewards throughout. The school, in no way, lends itself to unruly or disorderly behaviour.
- Public safety: the property is safe and controlled at all times by school staff, responsible parents and stewards. Whenever I have been on site I have noticed that all entrances and exits are manned and that staff are on hand to guide you and keep order with both children and general public.
- The prevention of public nuisance: as mentioned above I live within metres of the school and the noise levels, lights, children, traffic...etc. Have never bothered me. I see no reason why this would change.
- The protection of children from harm; children are always safe and extremely well cared for at The Good Shepherd School. It is an outstanding Ofsted rated school for which it has worked and continues to work very hard. The school as a whole prizes itself on excellence, respect, Christian values and neighbourly kindness. The head mistress and all the staff are very much devoted to the children that attend and I know that all events held on the premises are with the intention only of raising much needed funds for the school so that they can continue to offer the outstanding level of education to local children that they have done until now. There is absolutely no reason to fear the protection of children on these premises.

I hope my submission in support of this application is received and recorded.
Kind regards, Tim Sharman

Reasons for comment:

Comments: 1:03 PM on 26 Aug 2021 It is my belief that a licence at the market, at what is a gentle, local and family event will cause no disruption whatsoever. The market is extremely well run and organised. It supports small businesses and enhances a local sense of community whilst raising much needed funds for The Good Shepherd School. We have never once been troubled by noise or any nuisance at all from the market, in spite of living a stone's throw away from the school on Wendell Road, and we do not anticipate this changing because of a licence.

Every time we have visited the market we have been highly impressed with the commitment to public safety-entrances and exits are manned by stewards and children are looked after in a very safe and neighbourly environment. We see no reason at all why the granting of a licence would impact adversely on children's safety and care.

FAO: Sophia Barrett and William Asante

Dear Ms Barrett and Mr Asante

I am writing to you in SUPPORT of the application by the Good Shepherd School. I am a resident of the Askew Ward (our address is St Elmo Road W12 9DX).

I would like to address each of the licence objectives

1. Prevention of Crime and Disorder

I know the school well, the headmistress and governors and am convinced that they will manage all events in an appropriate manner. I do not believe that the grant of the licence will result in additional crime and disorder. The intention of this application is to enable the school to raise much needed funds for furthering the education of children (in some cases underprivileged children) of primary school age, as such the events will attract responsible parents and local families and community.

2. Public Safety, 3 Prevention of public nuisance and 4 Protection of children from harm.

I believe that increased nuisance will not occur as a result of this application being granted because the Good Shepherd School have always shown respect and courtesy to all local neighbours/community and I believe they will continue to be so.

Public safety is not at risk as this is a school that implements rigorous safety measures at all times for all children that attend and the general public.

This licence will not expose children to harm, indeed, the much needed funds raised will result in the opposite effect by in many cases protecting vulnerable children through provision of pre- and after school activities.

I hope you consider that the representations made in this email have been made in good faith.

Please do not hesitate to contact me if you have any queries

Yours sincerely

Michael Tose

Reasons for comment:

Comments: 6:36 PM on 26 Aug 2021 the prevention of crime and disorder.
There has never been any problems in this regard and no reason for this not to change. Events are well managed and the majority are school related, parents / immediate families of the school only.

public safety.
No problems in the past, it is a well managed venue with no public safety concerns as a small school playground

the prevention of public nuisance.
It is a small school playground, events are in sociable hours and not offensive.

the protection of children from harm.
Events with children are with their own families or managed by the school so only if benefit to the children. Events at the school are to raise money that is critical to the school and therefore it's children. Not running them or limiting the ability to run them will have an impact on children's education.

Dear Ms Barrett

The reason why I support the licensing is that I do not believe that this would undermine any of the licensable objectives . I am a regular attendee at the Sunday farmers market and it supports local businesses, is very civilised and a great community spirit.

I also believe many people would prefer to watch a film closer to home and for those who are nervous about the pandemic like myself I would be inclined to watch a film at the school but I feel too anxious to go to a large venue like Westfield.

Many thanks
Nicola

Dear Sophia,

Many thanks for reaching out to me.

To support the application, I would like to express why I think the application will not undermine any or all of the licensable objectives which are:

1. the prevention of crime and disorder: this will take place on the school premises and parents, teachers and members of the body will always be there and attend. There is also constant clear supervision and it is in the interest of no one to have such behaviours for the community.
2. the prevention of public nuisance: surveillance is constant on site and any nuisance would be reported immediately.
3. public safety: we live on the street and have our kids attending the school. Neither the farmers market or the school would cause a threat to the public safety.

4. protection of children from harm: children always attend in the care of their parents. Since this is a close nit community, the risk of such harm is equivalent to zero.

Furthermore, the school premises are well gated and guarded, and there are people from Neighbour's Watch living on the street.

Many thanks for your time looking into this,

Geraldine Kupper

Morning,

In support of the application:

I believe that increased nuisance will not occur as a result of this application being granted because the school have always been respectful of the community and will continue to be so.

Public safety is not I believe at risk as this is a school that implements Tiberius safety measures at all times for all children and general public.

Thanks,
Paul Gardner

Dear Sophia,

Thank you for your email and apologies for the late response.

The Good Shepherd is a highly moral, sensible and trustworthy school. I believe they will take the utmost care to put procedures in place to ensure anyone drinking on the premises will behave with consideration for the local community. I therefore do not believe there will be any increase in crime and disorder, or public nuisance, or lack of public safety. I believe they have always treated the local community with respect, courtesy and consideration and would continue to do so.

They have rigorous safety measures in place with safeguarding being at the centre of what they do. I therefore do not believe there would be any risk of harm to any children.

I hope my application of support can be submitted.

Many thanks

Emily
