VARIATION

Do you want the proposed variation to have effect as soon as possible?

Yes No

Date variation to take effect from

/ /
dd mm yyyy

Do you want the proposed variation to have effect in relation to the introduction of the late night levy?

Yes No

You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable to the late night levy.

If your proposed variation would mean that 5,000 or more people are expected to attend the premises at any one time, state the number expected to attend

9200

Describe Briefly The Nature Of The Proposed Variation

Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.

We propose an increased capacity for the garden at the Palace. The current capacity for this area is 4,999 persons and we request that this is increased to 9,200. This is in order to host one or two large-scale music weekend each year. These events would be in partnership with reputable events organisers in multi-year contracts, bringing much needed income to the Palace. Fulham Palace Trust already have very strict restrictions on the number of events which can take place on the site due to its scheduled ancient monument status and is subject to a management agreement with Historic England which limits the number of large events which can take place each year.

Section 16 of 18

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

The current capacity of the gardens sits at 4,999, but having undergone a review of the capacity of the garden, we believe a capacity of 9,200 would better reflect the size of the Palace's grounds. The site of Fulham Palace covers 13 acres, and we have run events in all areas of the grounds. We have done a calculation for the purpose of this license application just using the area of the main lawn, which covers 138,338 square feet (3 acres), which gives us a revised capacity of 9,200. Using this area and making an allowance for a large stage (approx 6,724 square feet) - this area provides more than 13 square feet per person. In addition to the main lawn we also have the paddock, walled garden and north lawn to the side of the Palace which give additional space for a box office, ticket and security checks and catering.

b) The prevention of crime and disorder

We believe that the change of capacity will not impede the prevention of crime and disorder given the space available at the Palace and our preference for relaxed, family friendly events. The prevention of crime and disorder is covered in the event risk assessment and for larger events the site is patrolled by security guards, the number of which are dictated by the number of attendees. For example, at the FOLD event in 2016 we had 20 security guards for approximately 4,000 attendees.

c) Public safety

Public safety is paramount at the Palace, and the new capacity would not endanger the public. The new capacity of 9,200 allocates each visitor more than double the industry standard of six square feet per person. All events on site have full risk assessments and method statements drawn up in advance. Events with more than 500 people on site are manned by

Continued from previous page...

security guards and for large events with a capacity of over 1,000 an ambulance is booked to be on standby if required. For complex events, including music festivals we would secure advice from our external safety advisor and would consult with the local authority.

d) The prevention of public nuisance

The increased capacity should not stop the prevention of public nuisance - the people attending events would be within the same area used in previous years. As with previous large scale events, as well as using security guards, for events with capacities over 2,999, sound management and traffic management plans will be put in place and local residents made aware of the event in advance. Outdoor events would end at 23.00 - with live music ending at 22.00 to limit evening disruption to neighbours of the Palace.

e) The protection of children from harm

The increased capacity should not have any impact on the protection of children from harm. Security are on site for large scale events and parents are asked to supervise children at all times on the Palace grounds. Unaccompanied children will not be allowed into the Palace's grounds during large events. We have our own safeguarding policies and procedures, a safeguarding sponsor, a safeguarding lead and four designated safeguarding officers. In addition, we use an external safeguarding advisor.
