Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 04/03/2022 12:25 PM Reason for objection - Under the licensing act 2003-
Prevention of public nuisance.

We live at Fulham Palace Road, which is directly next to the venue. For the last 2 years we have had to deal with excessive noise coming from the venue, sometimes to the early hours of the morning. I'm sure there are records as to the number of times I have had to call noise and nuisance. Their current license is already affecting mine and my fiancé's life mentally and to further extend their license would be completely devastating to our livelihoods. We both have full time jobs, my wife is a teacher and has to get up very early in the morning to get to school. To have these late night events will affect our lives even further as we find it hard to sleep most nights as it is due to the noise and music coming from the venue.

We live in a residential area and to have this license extended would be detrimental not only to us but I'm sure the surrounding area.

I plead that this application be rejected on the above grounds and their license be reviewed. I cannot put in words the misery this venue has caused us over the past two years and to approve this application would cause me to lose faith in the council's ability to put the residents of Fulham first.

Kind regards
