Subject: RE: Licensing Act 2003 - Reference: 2022/00128/LAPR

Dear Officers and Councillors,

Licensing Act 2003

Reference: 2022/00128/LAPR

Premises: Clip 'n Climb Chelsea 19A Michael Road London SW6 2ER

The applicant has provided a slightly amended version of the site plan 1 for the reasons they have stated below:

- *We would like to extend our alcohol Licence demarcation to the edge of our premises. I have marked the additional area with a green square on the attached site map.*
- *This is because we have taken delivery of our portacabins, which whilst currently being used as a training room may eventually be used as a corporate event space (eg teambuilding sessions). We would like the flexibility to be able to serve alcohol as far as our premises line.*

As the new area they have specified for the sale of alcohol on the premises is significantly bigger than what was initially submitted we shall extend the consultation period; the new last date a representation can be received by is the **07/04/2022**.

Kind Regards,

William Asante
