APPENDICES

Copy of the pre application report	12-16
Copy of application form, proposed licensing conditions and plan....	17-40
Map showing location of premises and neighbouring premises	41-49
Copy of objections from local residents	50-66

1. PRE-APPLICATION ADVICE

On the 17 August 2022, the premises were visited by Mr Adrian Overton, Licensing Service Manager and Mr Lamin Tamba, Noise and Nuisance. Subsequent to this visit, a pre-application advice report was sent to the Applicant. A copy of pre-application advice report can be seen on pages **12-16** of this report.

2. THE APPLICATION

On 15 September 2022, Matthew Philips from TLT Solicitors submitted an application on behalf of Chelsea Football Club Holdings Limited (“the applicant”) for a new premises licence to be granted in respect of the premises known as Chelsea Football Club for a marquee to be located on the concourse outside of the West Stand Toward Britannia Gate at Stamford Bridge Stadium, Fulham Road, London, SW6 1HS.

2.1 Application Requested

The applicant has applied for a new premises licence for the provision of live music, late night refreshment, recorded music, all indoors only and the sale of alcohol on and off the premises as outlined below:

Performance of live music – indoors only

Monday to Sunday 10:00 - 01:00

Performance of recorded music – indoors only

Monday to Sunday 10:00 - 01:00

Provision of late night refreshment – indoors only

Monday to Sunday 23:00 - 01:00

Sale of alcohol – on and off the premises

Monday to Sunday 10:00 - 01:00

The opening hours of the premises

Monday to Sunday 10:00 - 01:30

A copy of the application form, proposed conditions and plan can be seen on pages **17-40** of this report.

2.2 Applicants Operating Schedule

The applicant has proposed a number of additional steps to promote the four licensing objectives if the application is granted. A copy of the proposed conditions can be seen on page **36-39** of this report.

3. BACKGROUND

The main access to the premise’s unit is located on Stamford Bridge, West stand entrance. There is a mixture of both residential and commercial premises within the

area. A map showing the location of the premises and neighbouring licensed premises can be seen on pages **41-49** of this report.

There are several options for transport away from the area including buses and taxis which run from in and around the Fulham road area. Fulham Broadway tube station is a 7-minute walk away, Imperial Wharf Station is 16 minutes away and West Brompton Station is an 18-minute walk away.

4. CONSULTATION

A public notice was displayed at the premises for 28 days. The application was advertised in a local circular and all statutory consultees were notified as required by the Regulations. The Council has served written notice of hearing upon the applicant and all those parties that have made representations in respect of the application.

4.1. Relevant Representations

The licensing section received five representations from local residents objecting to the licence application. A copy of these representations can be seen on pages **50-64** of this report.

5. OTHER INFORMATION

5.1 Enforcement History

There have not been any warnings, simple cautions or prosecutions given to the new operator in respect of the premises during the past three years.

5.2 Temporary Event Notices (“TENs”)

No TENs have been submitted in respect of this premises in the past twelve months.

6. POLICY CONSIDERATIONS

6.1 Section 5 pages 12 and 13 of the Statement of Licensing Policy (“SLP”) states that in order to ensure the promotion of the four Licensing Objectives the Licensing Authority will require applicants to detail in their operating schedule:

- the steps proposed to promote the licensing objective of the prevention of crime and disorder on, and in the vicinity of, the premises, having regard to their location, character, condition, the nature and extent of the proposed use and the persons likely to use the premises;
- the steps proposed to ensure the physical safety of people using the relevant premises or place;
- how they intend to prevent nuisance arising, prevent disturbance and protect amenity so far as is appropriate to ensure that the Licensing Objectives are met. Where there is a relevant representation regarding extended hours, the Licensing Authority will not permit an extension unless it is satisfied that the Licensing Objectives would be met;

- the measures and management controls in place to protect children from harm. Where appropriate a written childcare policy should be available and be incorporated in the induction of staff.

6.2 Policy 3 page 21 of the SLP states that where there is a relevant representation, the Licensing Authority will consider each particular case on its merits having regard in particular to the following matters:

- Whether the licensed activities are likely to have an adverse impact especially on local residents and, if there is potential to have an adverse impact, what, if any, appropriate measures will be put in place to prevent it;
- Whether there will be a substantial increase in the cumulative adverse impact from these or similar activities, on an adjacent residential area;
- Whether there is a suitable level of public transport accessibility to and from the premises at the appropriate times;
- Whether the activity will be likely to lead to a harmful and unmanageable increase in car parking demand in surrounding residential streets suffering high levels of parking stress or on roads forming part of the Strategic London Road Network or the London Bus Priority Network leading to a negative impact on the Licensing Objectives relating to the prevention of crime, disorder, anti-social behaviour (ASB), nuisance and vehicle emissions;
- Whether there have been any representations made by Responsible Authorities, or other relevant agency or representative.

The Licensing Authority will closely scrutinise extended hours applications to ensure that the Licensing Objectives are met. In determining an application the licensing committee might decide that the circumstances are such that a restriction on hours is the only appropriate means to achieve the Licensing Objectives. If an 'hours' restriction is imposed, the Licensing Authority will normally require that customers should be allowed a minimum of thirty minutes to consume alcohol.

To act as a guide for new or existing operators we have set out the suggested closing times for licensed premises below:

Type of premises	Town centres	Mixed use areas	Residential areas
Restaurants and cafes	Fri – Sat 01:30 Mon - Thurs 01:00 Sun – 00:00	Fri – Sat 01:00 Mon - Thurs 00:00 Sun – 23:00	Fri – Sat 23:00 Sun – 22:00
Public houses, bars, or other drinking establishments	Fri – Sat 02:30 Mon - Thurs 01:00 Sun – 00:00	Fri – Sat 01:00 Mon - Thurs 00:00 Sun – 23:00	Fri – Sat 23:00 Sun – 22:00
Members clubs	01:00 daily	00:00 daily	23:00 daily

6.3 Policy 4 pages 22 and 23 of the SLP states that in determining an application where there has been a relevant representation the Licensing Authority will, where appropriate, take into account the cumulative effect of the number, type and density of licensed premises already existing in the area. Consideration will be given to the proximity to any drug and alcohol treatment site, A&E department or homeless hostel

in a local area type remit ie applicants need to make the case for how they would not increase further problems for residents/clients nearby.

In coming to any decision regarding cumulative impact the Licensing Authority will consider other mechanisms outside of the licensing regime which may also be available to address this issue, these include but are not limited to:

- Police and other enforcement of the normal law concerning disorder and anti-social behaviour.
- Police powers to close down instantly any licensed premises or temporary events on grounds of disorder, the likelihood of disorder or excessive noise emanating from the premises, for up to 24 hours.
- The power of the police, other responsible authorities, a local resident, business or Councillor to seek a review of the licence or certificate in question.
- Police and Local Authority power to issue a Closure Notice for up to 48 hours where serious antisocial behaviour is taking place at licensed premises under the Anti-social Behaviour, Crime and Policing Act 2014.
- To ensure that residents are protected from the negative impact of late-night local licensing activities the Licensing Authority may decide to adopt an Area Specific Cumulative Impact Policy in relation to a specific area; where the number, type and density of premises providing licensable activities is having a serious negative impact on the local community and local amenities.

6.4 Policy 11 page 29-30 of the SLP states that Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour caused by people once they are away from the licensed premises and, therefore, beyond the direct control of the licensee. However, licensing is a key aspect of such control and licensing law is part of a holistic approach to the management of the night time economy.

As a matter of policy the council expects every holder of a licence, certificate or permission, to accept and be responsible for minimising the impact of their activities and anti-social behaviour by their patrons within the vicinity of their premises by taking appropriate measures and action consistent with that responsibility.

Licensees and certificate holders should take reasonable steps to prevent the occurrence of crime and disorder and public nuisance immediately outside their premises, for example on the pavement, in a beer garden or in a smoking area, to the extent that these matters are within their control.

Population densities in this borough are high, with many residential premises located above or in close proximity to licensed premises. This means that the public nuisance and crime and disorder objectives will be of paramount concern when evaluating Operating Schedules. Licensing Committees will place high regard on the control measures put in place by the applicant to ensure that our residents are protected from the potential detrimental effects of any licensed premises.

6.5 Annex 1 pages 35 and 36 of the SLP in relation to the prevention of crime and disorder states licence applicants will be expected to demonstrate the following in their operating schedules:

a) Measures to control excessive consumption and intoxication.

- b) Consideration of any additional measures or restrictions that may be placed on alcohol sales to prevent binge drinking and promote 'sensible drinking'.
- g) Conditions will, so far as possible, reflect local crime prevention strategies, and the Licensing Authority will also have regard to the views of the local Crime and Disorder Reduction Partnership.
- h) **Crime and disorder in the vicinity of the premises**: this may include the crime and disorder risks arising from persons queuing to enter the premises; persons exiting the premises and customers smoking eating or drinking in outdoor areas and on the highway outside the premises. This can also include crime arising from pickpockets and bag snatchers, particularly in open spaces or crowded areas where alcohol is being consumed.
- i) **alternative to glass bottles and glasses** - restricting the use of glass bottles and beer glasses to customers in preference for containers made from polycarbonate materials.
- j) **CCTV** - using CCTV inside and/or outside the premises together with appropriate procedures and having staff properly trained to use CCTV equipment.
- k) **dispersal procedures** - establishing appropriate dispersal procedures to minimise the potential for crime and disorder when customers are leaving the premises.
- l) **dealing with and reporting crime and disorder** - training for staff and door security aimed at reducing crime and disorder in the premises and its vicinity and dealing with and reporting incidents if they occur.
- m) **door staff** - considering whether the premises employs a sufficient number of SIA registered door staff, whether Door Premises Supervisors check the legitimacy of the badges and whether SIA staff display their badges prominently. (Note: All door supervisors must be Security Industry Authority (SIA) registered).
- o) **excessive drinking** - training for staff to recognise when customers are becoming drunk and adopting appropriate 'cut off' procedures for drunken customers, so as to reduce the likelihood of fights or aggressive behaviour.
- p) **local schemes** – joining and attending local Pubwatch meetings and participating in the Behave or Be Banned Scheme (BOBB) and/or signing up and using the Council's Safety Net Radio scheme.
- q) **prevention of theft** - using bag hooks and signage to warn customers of pickpockets and bag snatchers.
- r) **Event type** - in some cases the type of regulated entertainment proposed could attract elements which increase the possibility of violence and/or disorder occurring in, or in the vicinity of, the premises. For example, some externally promoted live music events carry an increased risk of violent crime and disorder. It may be appropriate to carry out a risk assessment of the activities proposed, however this would be in a guidance capacity to help support the business in question. Any such assessments should be emailed to: AWMailbox.Licensing@met.police.uk before the event is agreed. Where a large outdoor event is planned this Authority and the Police recommend that the organisers consult with 'relevant parties' as early in the planning stages as possible. 'Relevant parties' would include local residents, local businesses, schools, charitable organisations, responsible authorities and relevant local authority departments. Consideration of timing of events should be given in relation to football matches and other large pre-planned annual events within the locality and surrounding boroughs.

6.7 Annex 1 pages 38 to 40 of the SLP in relation to the prevention of public nuisance states that the Licensing Authority will particularly consider the following matters where they are material to the individual application:

- ii. The proximity of residential accommodation;
- iii. The type of use proposed, including the likely numbers of customers, proposed hours of operation and the frequency of activity;
- iv. The steps taken or proposed to be taken by the applicant to prevent noise and vibration escaping from the premises, including music, noise from ventilation equipment, and human voices. Such measures may include the installation of soundproofing, air conditioning, acoustic lobbies and sound limitation devices;
- v. The steps taken or proposed to be taken by the applicant to prevent disturbance by customers arriving at or leaving the premises.
- vi. Limiting the number of people permitted to use a garden or other open-air areas, including those for the use of smoking, at any one time.
- vii. Restricting the use of a garden or other open-air areas, including those for the use of smoking, after a particular time e.g. 11:00pm (or such earlier time as may be considered appropriate)
- viii. The steps taken or proposed to be taken by the applicant to prevent queuing (either by pedestrian or vehicular traffic). If some queuing is inevitable then queues should be diverted away from neighbouring premises or be otherwise managed to prevent disturbance or obstruction;
- ix. The steps taken or proposed to be taken by the applicant to ensure staff leave the premises quietly;
- x. The arrangements made or proposed for parking by patrons, and the effect of parking by patrons on local residents;
- xi. The provision for public transport in the locality (including taxis and private hire vehicles) for patrons;
- xii. The level of likely disturbance from associated vehicular and pedestrian movement to and from the premises;
- xiii. The delivery and collection areas and delivery/collection times;
- xv. The arrangements for refuse disposal, storage and the prevention/tidying of litter (including fly posters and illegal placards);
- xviii. The generation of odour, e.g. from the preparation of food;
- xix. Any other relevant activity likely to give rise to nuisance;
- xx. Any representations made by the Police, or other relevant agency or representative;

The following provides a non-exhaustive list of risks associated with the public nuisance objective that applicants may want to consider when preparing their Operating Schedule:

m) **Noise** and/or vibration breakout from the provision of regulated entertainment, particularly from (but not limited to) live music – consider what type of entertainment is to be provided, in what room/area of the premises and the suitability of the construction of this room/area to contain sound. Windows are a particular weak-point for noise break-out so consider providing regulated entertainment in a room without windows or with as few windows as possible, particularly windows that face towards nearby residential properties. Where suitable, install a lobby to prevent spillage of noise each time an entrance/exit door is opened.

n) **External Areas** – External areas such as gardens can be the source of noise disturbance to surrounding premises. Consider limiting the use of the garden to a reasonable time and number of people.

p) **Queue management** - establishing appropriate procedures to avoid the need for customers to queue before entering the premises or, where queuing cannot be

avoided, to manage queues so as to minimise the potential for crime and disorder or public nuisance by customers who are queuing.

r) **Waste** – consider how and where waste will be stored/disposed of at the end of trading hours, particularly if trading until late at night. This is important because the disposal of glass and/or cans to outside bin areas can be very noisy and give rise to complaints, so it may be necessary to store such items and other non-degradable refuse inside the premises until the next trading day. Consideration should also be given to the time of deliveries to minimize disruption to local residents.

7. DETERMINATION

7.1 In determining this application, the Committee must have regard to the representations and take such of the following steps as it considers necessary for the promotion of the licensing objectives. The steps are:

- (a) Grant the application in full
- (b) Grant the application in part – modifying the proposed hours, activities or conditions.
- (c) Reject the application

It is the Council's duty under the Licensing Act 2003 ("The Act") to determine applications with a view to promoting the four licensing objectives; Prevention of Crime and Disorder, Public Safety, Prevention of Public Nuisance and the Protection of Children from Harm.

In reaching a decision the Council shall consider the details of any relevant representations received; the applicant's Operating Schedule; the Council's adopted Statement of Licensing Policy and the guidance issued by the Secretary of State under section 182 of the Act.

If the Committee is minded to grant the application conditions may be attached to the licence to alleviate the concerns raised through the representations.
