Subject: application 2022/01816/LAPR.

I write to oppose this application 2022/01816/LAPR.

If a hearing is held for the LBHF Licensing Sub-Committee to consider this Application, and I am unable to attend, please note that I yield my five minutes to my neighbour Lucilla Royden or her representative.

Walham Grove is a fully residential road, bar the typical few shops at the corner on similar roads off at the North End Road.

Unfortunately. It has become a major rat run for delivery services causing noise, nuisance, ASB of drivers using our road/pavement/railings as a toilet. Extending hours will add to the noise, nuisance, anti-social behaviour, and crime in our road and beyond.

In 2016 we had a deadly shooting outside JK Kitchen, just down from Papa John's. In 2018 the offender was jailed for life. Unfortunately, this area continues to suffer from a high amount of crime and disorder & ASB, mainly at night. Our local Lillie Ward police attest to this at our quarto meetings with them and Licensing Police continue to confirm this in recent applications on and around North End Road and Fulham Broadway.

We understand that the Council's efforts to revive North End Road market include plans for daytime and some early evening events, but not for the development of a late night and early hours economy.

MacDonalds, close by, is open until midnight, which we think is already too late for residents trying to sleep, especially children.

It is unfortunate that the Applicant has not outlined any specific noise, nuisance, or ASB mitigation measures in the application. They simply ask for hours to 02:00.

Please reject this application on the grounds of inability to promote the four licensing objectives, especially considering the already high levels of crime, noise nuisance, emissions nuisance, and anti-social behaviour in and around Walham Grove.

There are cars constantly parked on the double yellow line, these cars belong to the customers going to papa Jones and JK kitchen. They are blocking traffic, obstructing the view when we want to cross the street, and basically are illegally parked. Not mentioning the litter that the owners are throwing out of their windows, which will be even worse if they stay open late.

Subject: APPLICATION 2022/01816/LAPR

Dear Sirs,

I write to oppose this application which relates to Papa John's pizza takeaway operating from 63 Walham Grove SW6 1Q. The application seeks to extend the shop's opening hours for the sale of pizzas, etc from the present allowed time of 23:30, to 02:00, all week long.

The location of the shop is in a residential road which is separated from the busier area of Fulham Broadway. Unfortunate experience would dictate that those seeking that sort of refreshment after 23.30 are likely to be inebriated and therefore equally likely to cause additional noise and disturbance to an otherwise (at night time, at least) quiet residential area.

Another factor is the responsibility, or lack of it, of the proprietors/managers of the shop. The amount of rubbish left loose on the pavement every night is appalling. This has been mentioned to staff, but no action taken. If rubbish is to be disposed of, it is irresponsible not to place it into containers. Often, by dawn the piles of rubbish, left loose on the pavement, have been re-distributed by foxes. This already constitutes a health hazard through the encouragement of vermin and the problem would only be added to by the extension of their licence into the silent hours.

I strongly oppose the application upon the grounds set out above.

Yours faithfully,

Andrew Collins

Subject: Papa John's 63 Walham Grove SW6 1QR APPLICATION
2022/01816/LAPR

I write to oppose the application 2022/01816/LAPR to extend Papa Johns licensing.

Papa Johns seems to have no arrangement for litter itself and it's customers regularly dump their rubbish in the gardens of Walham Grove. Walham Grove is a residential street not suitable for mainstream late night operators which create noise from motorbike delivery and drunk clients. Papa Johns is not in keeping with the conservation area that is Walham Grove and makes no effort to conserve the street. Please reject the application on the grounds that their operation is inappropriate for a residential street and their current operation is not run to an adequate standard regarding litter, noise and customer control.

If a hearing is held for the LBHF Licensing Sub-Committee to consider this Application, and I am unable to attend, please note that I yield my five minutes to my neighbour Lucilla Royden or her representative.

I still strongly object. Walham Grove is a residential conservation street and a Papa Johns late night license is completely out of keeping. The street noise and nuisance levels from papa johns delivery drivers and clients is already out of control. They have no staff capable of controlling customers. Pubs employ individuals to manage nuisance customers where Papa Johns just lets them run amok. I constantly have rubbish and noise from their customers already without this going on until midnight.

How many accidents on the street are Papa Johns reporting? Their drivers are a liability looking at phones whilst driving and hence crashing into things. I have photo evidence of such incidents E.g. driving into the back of taxis dropping off or into parked cars. No more of this please.

Subject: Re: APPLICATION 2022/01816/LAPR

Dear Sir / Madam

I oppose the application made by Papa John's Pizza takeaway located at 63 Walham Grove, SW6 1QR to extend their licensing hours for the sale of pizzas from the present closing time of 23:00 to the later 02:00. An addition of 3 hours every night of the week. I base my objection on the following:

Crime and Disorder

Drug dealing and other illicit dealings. Such activity in the area gave rise to a murder of drug dealer Salim Coulter who was shot dead outside Jerky's Chicken fast food restaurant in Walham Grove on 5 November 2016, to which I was a witness to and attended the court hearing.

Public Nuisance

Noise caused by customers and motorbikes. Residents (adults and children) kept awake at night with concomitant effect on mental health.
Litter. Walham Grove is subject to more litter than other residential streets in Fulham, especially fast food. Beer bottles, cans and half eaten trays of food are a constant feature at the end of the street nearest the North End Road. The broken glass is potentially harmful to domestic pets and the food scraps encourage foxes to inhabit the area.

Public Safety

Loitering and anti - social behaviour. There are less members of the general public out and about on the streets late at night and early hours of the morning who may act as witnesses or deterrents to anti - social behaviour.

Prevention of children from harm

Fast food outlets are popular among young people. No problem with that. Problems arise when young people are tempted to stay out later at night on a regular basis. Apart from the effect on health and wellbeing that such a lifestyle encourages, they are also exposed to potential illegal activity.

I would also point out that licenses can be transferred to a new operator without intervention. A precedent we do not want to set. On these grounds I object to the license extension requested by Papa John's.

Yours faithfully

Subject: Papa John's 63 Walham Grove, London SW6 1QR application 2022/01816/LAPR

I write to oppose this application: 2022/01816/LAPR If a hearing is held for the LBHF Licensing Sub-Committee to consider this application, and I am unable to attend, please note that my neighbour Lucilla Royden or her representative can speak for me.

Walham Grove already suffers from the litter Papa John's customers leave on the street. They sometimes drive here, sit in their cars with the music/radio blaring and then chuck the pizza box out onto the pavement. The one small litter bin at that end of the street is often overflowing and is way too small given the heavy footfall at that end. I have lived in Walham Grove for 17 years and honestly believe that that end of the street has deteriorated a lot since those food shops came to the street. I have never once seen a Papa John's employee (nor any of their delivery drivers) go out onto the street and pick up litter - it isn't only the pizza boxes, the area where the delivery drivers sit on their mopeds is strewn with litter and we often have pizza boxes and cups/cans/plastic bottles/dirty napkins on the pavement outside our house. This is a residential neighbourhood, and we already have a huge traffic problem on our street - we do not need to encourage more cars and drunk people to come here late at night creating public nuisance.

This is a densely populated part of Fulham, please help us to make it better for its residents rather than worse.

Thank you.

Kind regards,

Subject: Papa John's Application 2022/01816/LAPR to extend hours - OBJECTION

Dear all,

I would like to officially object to the extension of business hours for Papa John's 63 Walham Grove SW6 1QR Application (2022/01816/LAPR) to extend hours for 'late night refreshment' from current 11.30pm to 2am, Mon-Sun.

The reasons for my objection are as follows:

- **Noise disturbance:** Walham Grove is a fully residential with numerous bedrooms on the street side. As such, the constant noise from patrons (typically very loud at that time of the night) as well as delivery drivers (with no respect for their neighbours) will be disturbing our sleep including those of my children, and this every single day, including school nights. This **goes against your objective to prevent Public nuisance as well as prevent children from arm.**
-
- **Anti-social behaviour/ safety:** with extended hours into the early hours of the night, we are bound to make Walham Grove the centre of additional anti-social behaviour, including our street operating as the new toilet for both patrons and drivers, loitering opportunities as such early hours, illicit side businesses such as drug selling, etc; this is already the case and extended hours can only contribute to this already unsustainable situation. This corner of the street was also subject to a murder a few years ago due to gangs/ drug conflicts, has this already been forgotten? This **goes against your objective to prevent crime and disorder as well as promote public safety.**
-
- **Littering:** with additional hours to sell take-away foods, comes the associated littering with discarded boxes outside the shop and within the street; this will contribute to additional pest nuisance (foxes and rats mainly) which **is against your objective to prevent Public nuisance.**

In the event that I am unable to attend the hearing - I am working late to pay the council taxes...- please use this email as my formal objection to such an extension of business hours.

Best regards,
Catherine PIERRE

Concerns: Application 2022/1816/LAPR - Papa John's 63 Walham Grove SW6 1QR: to extend hours for "light night refreshment" ie hotfood from 23.30 to 02.00

Dear Sir,
Madam,

We write you as freeholders of Walham Gove, where we have lived for 17 years, to strongly oppose this application. The street deserves its status as a conservation area because of the facades, the plane trees, the front gardens etc.

Unfortunately; things have changed since 2006 , starting with the opening of the pizza shop on the corner with Northend Road followed by the Jerky Chicken (JK Kitchen) next to Papa John's and Cafe Olé across. Papa John's delivery services repair and test their bikes causing noise and nuisance day and night.. There is urinating against railings and in front gardens (We have the first front garden and plane tree coming from Northend Road !!!) Many of the delivery guys are a real nuisance as they are often on their speaker phone, yelling etc.

Most shocking is that this cheap food outlet and its cusomers do not care about the environment.. Papa John's has little indoor-seating, customers eat in their car (radio on!) and although there is a bin on the corner of Walham Grove, food rests and pizza cartons are left in the street. A street sweeper told us having seen mice around Papa John's many bins along their Walham Grove facade that remain there for days.

Nightly hours attract all sorts of people and I can testify that Walham Grove has become a drug street.

I had a drug dealer and his customer inside my front garden who menaced me with breaking in, torture and even death (sic) when I asked him to leave the premises. I emailed the police but got no reply.

In 2016 there was a deadly shooting in front of the Jerky Kitchen, drug related? and there are regularly incidents (disorder, ASB) around Papa John's. We regularly find big laughing gas cylinders on our doorstep left by gangs of youngsters gathering there late at night/early in the morning. We are obliged to lock the front garden gate from Thursday night till Monday morning as we fear for our safety (we are 70+).

In the light of the above comment, we therefore object the application, as it constitutes an unneighbourly demand to extend nightly opening hours and respectfully request the Council that it be refused.

Yours faithfully

Subject: Papa Johns: APPLICATION 2022/01816/LAPR - objection

Papa John's 63 Walham Grove SW6 1QR APPLICATION 2022/01816/LAPR to extend hours for 'Late Night Refreshment' - hot food only (not alcohol) from the present allowed 23:30, to 02:00, Mon-Sun.

Dear Chair,

I am, and have been for 20 years, a resident of Tournay Road in Fulham (address given below). The purpose of this email to you is to, in the clearest terms, object to this application - 2022/01816/LAPR.

Background

Walham Grove is a fully residential road except for a couple of shops at the junction with the North End Road. It is typical of the vast majority of roads in this heavily and predominantly residential area. Tournay Road, where I live, is the same. This means that within metres of these premises are houses, flats, apartments, homes to people of all ages, backgrounds, and families. Tournay Road is a two-minute walk from the Applicant's site.

Public Nuisance

The last three years have seen the rise of the delivery economy and with it huge numbers of delivery/dispatch motorbike rider on the streets. In this area of Fulham this has led to large numbers of such riders congregating on our roads from very early in the morning to late at night. This development has brought with it an immense number of problems principally 7 days a week noise and nuisance and a range of anti-social behaviour. Just yesterday I witnessed one such rider, dismount his motorbike, urinate next to an old phone box on Tournay Road before walking to Greggs to collect a delivery. We have had problems because they ride their bikes on the pavements, litter constantly after they have eaten and before jumping to take the next job (they have not time to find a bin), and because the ethnic minorities that typically account for the majority of this segment of the workforce do not always see eye to eye and scuffles and fights have all been witnessed by me and my children in the last 12 months. As you will appreciate the roads that we are talking about are double parked. Residents have had their cars scratched and dented by dispatch riders taking risks and playing a game of speed roulette as they refuse to stop and refuse to drive with due care and attention through small gaps and spaces.

However, the undoubted core problem is noise. Leaving aside that the dispatch riders rarely comply with the 20 mph speed limit (which is never enforced by speed cameras), ignoring that none (literally zero) are electric bikes and very few are bicycles, ignoring the desperate rush that the riders are in as they are rewarded for delivering in under 20 minutes and earn bonuses by fulfilling deliveries in the quickest possible time, the real issue is that after our children have gone to bed, when the elderly are trying to rest and after we adults have gone to bed, roads like

Walham Grove and Tournay Road are the regular runs for these dispatch riders. Time and time again, night after night they wake up residents, school age children, the elderly and those other adults who have returned home after a (often long) day at work expecting the simple right to rest and sleep. Children are a particular issue and concern here especially as regards the impact on school and educational attainment.. They need a simple but guaranteed amount of sleep if they are perform at school and lead a healthy lifestyle. Broken sleep deprives them of the deep unbroken sleep that their brains and bodies need to develop. The science to support this is, I understand, undeniable.

Please also note that we have submitted noise and nuisance complaint earlier this year regarding Papa Johns (reference LBHF FS-Case 457 456 110 (9/10/22)). This related to the fact that they already trade beyond their permitted hours and wilfully disregard the rules and the position of residents. There is evidence that online they already breach the existing licence and I have witnessed the sale of hot food after 23:30 without a licence. Sadly, I have witnessed the reality that the Applicant cannot encourage nor enforce best practice where they use third party delivery companies to fulfil their orders i.e. use of electric motorbikes. Nor is there any space inside (it is very restricted) the premises for delivery drivers who wait to collect orders. Preventing noise and nuisance in these circumstances is just not feasible. This is also relevant to issues of Public Disorder.

Crime and Public Disorder

The simple truth is that extended hours will create, and add to, unacceptable disturbance, noise, nuisance, anti-social behaviour, and crime in our road and beyond. I have not focussed on crime, but I have witnessed that where the riders meet and congregate there is also an attendant following of sellers and young people, groups form, and loud and aggressive language can be heard whilst we lie awake in our beds. I have seen drivers open the very packages that they are entrusted to deliver, and which punters have paid for, to take out and eat the contents before that drive off. This week, when road works are being carried on the road (so the road is closed) I have witnessed numerous dispatch riders drive dangerously at speed along the pavements – very few/virtually none dismount and walk their motorbikes. The facts speak for themselves:

- 1 In 2016 we had a deadly shooting outside JK Kitchen, just down from Papa John's; In 2018 the offender was jailed for life;
- 2 Our part (the North End Road) of Fulham continues to suffer from a high amount of crime and disorder and anti-social behaviour, mainly at night. The local Ward police attest to this, and Licensing Police continue to confirm this in recent applications on and around North End Road and Fulham Broadway.

Against this backdrop as residents, we welcome and embrace LBHF's efforts to revive the North End Road market including plans for daytime and some early evening events (we have a Christmas market taking place in the next fortnight). Critically there is no plan by LBHF to even begin to establish a night-time economy in this area. Why would they as it is dominated by a residential area? This means that the majority of those who live here are entitled to expect actions consistent with there being no development of a late night and early hours economy.

Extended hours run counter to and fly in the face of this policy, the safety of residents and the quiet enjoyment of a fundamentally residential area.

MacDonalds (that has a record of engaging "bouncer-like" staff at peak night times because of the numerous disturbances that have occurred outside their site). They stay open until midnight, which we think is already too late for residents trying to sleep, especially children. The attendant crime issues are a continual worry for all of us in a fundamentally residential area.

The Applicant has not outlined any specific or general noise, nuisance, or ASB mitigation measures in the application. What will they take responsibility for? They simply ask for hours to 02:00 without any consideration of or regard to the impact of those who live "on the doorstep". This cannot be right in a residential area and I submit that a balanced and proportionate view must be taken by them with regard to all relevant interest.

Please reject this application on the grounds of inability to promote the four licensing objectives, especially considering the already high levels of crime, noise nuisance, emissions nuisance, and anti-social behaviour in and around Walham Grove. I rely heavily on the precedent set by the decision of the Licensing Sub-Committee on 27 July 2022 in the case of Selekt Chicken at 349 North End Road. The issues raised above remain the case as regards any extension past 23:30 (it makes no difference if the time runs to 02:00 or even 01:00). Our real concerns remain. This generates grave concerns about the Applicants integrity and honesty.

If a hearing is held for the LBHF Licensing Sub-Committee to consider this Application, and I am unable to attend, please note that I yield my five minutes to my fellow residents Charlotte Dexter or Lucilla Royden or her representative as the case may be.

Kind regards

John Skoulding

Subject: 2022/01816/LAPR Papa Johns 63 Walham Grove TONIGHT deadline 2 Dec

Dear Licensing

We are writing to object to the request for hours to be extended for Late Night Refreshment (not alcohol) from the existing 23:30 to 02:00 on the grounds of crime, ASB, noise nuisance, emissions nuisance, vehicle collision nuisance, and public safety.

This area of North End Road has a lot of Crime and ASB, especially as the night and early morning draw on.

It has been confirmed to us that it is up to 'other interested parties' to use the hearing process as the ONLY valid means to alert the LBHF Licensing Committee, through its Sub-Committee convened for a specific hearing, of reasonable and proportionate concerns that affect 100 percent Fulham residential roads in the immediate area as well as within an approximate 10-20-minute motorbike delivery ride of the Premises at 63 Walham Grove/at Vanston Place and North End Road.

1) Existing 4 conditions no longer robust enough

The existing licence has four very minimal conditions, as below. These are no longer robust enough for hours after 23:30.

Unfortunately, the Applicant has not addressed the severe crime problems around this area, and right at their front door, especially the undercurrent of drug deals and resale of shoplifted items directly on the pavement.

The Applicant has simply applied for longer hours; valid, but very concerning to neighbours all around that the Applicant has suggested nothing from its side.

Existing conditions:

1. All staff shall be trained to understand the four licensing objectives.
2. Notices shall be displayed requesting customers to leave the premises quietly.
3. Regular litter patrols shall take place around the external area of the premises.
4. CCTV systems shall be in operation at the premises.

We have been in conversation with Responsible Authorities asking them to suggest more robust conditions, were the hours to be extended.

For that matter, even at the existing closing time of 23:30 more robust conditions re cctv are needed to monitor actual closing times (we hear from neighbours and police that there are known breaches of this closing time), as well as to help police investigations in the area as this very corner location sits at three roads intersecting the borders of Fulham Broadway. Could the Sub-Committee pls consider this and itself suggest more robust Conditions?

2) Area suffers much crime, ASB

The police continue to acknowledge in recent and ongoing Applications for nearby premises on North End Road as well as Fulham Road that this area suffers from much crime and ASB especially towards the hours of midnight and beyond. We ask the Sun-Committee to take this into account.

3) Closing doors to a takeaway from 23:00?

I would remind the Committee that Domino's Pizza not far away at the intersection of North End Road with Fulham Road voluntarily closes its doors to takeaway at 23:00 due to the dangers, ASB and crime they have experienced of drunk people being overly aggressive inside, threatening staff, not paying, physical fights ensuing etc. Would the Applicant consider similar?

4)

Noise nuisance, Emissions nuisance,
Vehicle collision nuisance

These are escalating problems that are growing by the day, and night. Very specifically to the road named Walham Grove, delivery motorbikes use it as a convenient rat run, zooming at great speed. Those needing to go more in the opposite direction zoom down Tournay Road at lightning speed. The later the hour, the clearer the roads are of moving traffic (and pavement is void but for a few residents returning home or walking dogs) and so, the faster and noisier they zoom to their delivery address further beyond Tournay Road.

Vehicle collision nuisance:

This is a new-found problem, never anticipated by the 2003 Licensing Act as delivery motorbikes have fun banging car mirrors shut as they zoom along, or clipping sides of cars etc. Their creativity is endless.

The Walham Grove as well as Tournay Road residents will be explaining in detail and Env noise/nuisance will be commenting.

I reserve my right to comment further as information is being gathered for a possible hearing on this Application.

Subject: Application 2022/01816 Papa Johns 63 Walham Grove

I am writing to object to the extension of the trading hours of this establishment to 2 am on the grounds of public nuisance. It is not located in Fulham Broadway centre where most late night activity is concentrated. There are fears of late night noise disturbing residents and the quantity of pizza boxes etc which will be discarded in Walham Grove.

I am concerned about an increase in late night antisocial behaviour such as cars being parked with windows open in the summer months playing music up to 2 am and beyond while Pizzas are eaten. Although alcohol will not be sold there it could be brought in cars and increases the chance of crime and antisocial behaviour. People congregating outside late at night will not increase a sense of personal safety for those lone women walking home late at night.

I urge you to reject this application.

Yours

Harry Spencer-Smith

Subject: Objection to Papa John's 63 Walham Grove SW6 1QR APPLICATION 2022/01816/LAPR

The attached is sent this on behalf on Mrs Tishy Nugee of Walham Grove:

Dear Sirs

I write to oppose this application 2022/01816/LAPR.

If a hearing is held for the LBHF Licensing Sub-Committee to consider this Application, and I am unable to attend, please note that I yield my five minutes to my neighbour Lucilla Royden or her representative.

Walham Grove is a fully residential road, bar the typical few shops at the corner on similar roads off at the North End Road.

Unfortunately. It has become a major rat run for delivery services causing noise, nuisance, ASB of drivers using our road/pavement/railings as a toilet. Extending hours will add to the noise, nuisance, anti-social behaviour, and crime in our road and beyond.

In 2016 we had a deadly shooting outside JK Kitchen, just down from Papa John's. In 2018 the offender was jailed for life. Unfortunately, this area continues to suffer from a high amount of crime and disorder & ASB, mainly at night. Our local Lillie Ward police attest to this at our quarto meetings with them and Licensing Police continue to confirm this in recent applications on and around North End Road and Fulham Broadway.

We understand that the Council's efforts to revive North End Road market include plans for daytime and some early evening events, but not for the development of a late night and early hours economy. MacDonalds, close by, is open until midnight, which we think is already too late for residents trying to sleep, especially children.

It is unfortunate that the Applicant has not outlined any specific noise, nuisance, or ASB mitigation measures in the application. They simply ask for hours to 02:00.

We ask that you please reject this application on the grounds of inability to promote the four licensing objectives, especially considering the already high levels of crime, noise nuisance, emissions nuisance, litter problems and anti-social behaviour in and around Walham Grove.

Yours Sincerely,

Miss P Nugee
Walham Grove
