Papa John's Hearing 2022/01816/LAPR Evidence of being open on 22 Sept 2022 at 03:17

Adrian

I sent you this on 27 Jan.

This HAS NOT been added to the AGENDA ie to my Rep or John Skoulding Rep. In fact, should it not be mentioned up front regarding Papa Johns, being open at 03:17 on 23 Sept? You always inform the Committee of complaints, but in this instance, there are two complaints and the Committee is not being informed about them. It seems that we need too keep track of complaints as they get lost in the Licensing ether.

(1) So, The Committee needs to know that John Skoulding, an objector wrote to me:

""Hi Charlotte

Just picking up this thread. I have photos of PJ being open @ 03:17 on 22 September 2022. I recall that I registered a complaint and at the time"

(2) Also, on page 53 of the Agenda Pack, John Skoulding mentions an official case number for a complaint:

Skoulding writes, 'Please also note that we have submitted noise and nuisance complaint earlier this year regarding Papa Johns (reference LBHF FS-Case 457 456 110 (9/10/22))'.

(3)

He further writes in his Rep:

"Please also note that we have submitted noise and nuisance complaint earlier this year regarding Papa Johns (reference LBHF FS-Case 457 456 110 (9/10/22)). This related to the fact that they already trade beyond their permitted hours and wilfully disregard the rules and the position of residents. There is evidence that online they already breach the existing licence and I have witnessed the sale of hot food after 23:30 without a licence"
