Reasons for
comment:

Comments: 06/01/2023 7:06 AM There is already a significant ASB problem due to street drinking, begging and associated hostels around the Shepherds Bush Road area. LBHF have in the past restricted alcohol licence in the area to minimise the increased community problems and ASB caused by street drinking.

No additional late night licences or applications to sell stronger alcohol should be granted.

Reasons for comment:

Comments: 06/01/2023 7:19 AM Concerned with the rise in ABS in the area as it is, extension of licence could encourage more unseemly behaviours, especially with Spring and Summer head out way. The green then becomes one big beer Keller!

Kind regards

Reasons for comment:

Comments: 06/01/2023 8:53 AM We already have a huge and dangerous problem with alcoholics in this small residential area.

The streets are not safe because of this

Extending licenses will only increase the problem and the workload on the police

Kind regards

Comments: 06/01/2023 9:01 AM I object!! This is within the Partial Closure order area of SBG and Caxton Village, in place due to problems relating to the alcoholics present and marauding out streets. The existing hours 11am-11pm do NOT need extending. Residents are impacted by the ASB of the alcoholics. This must not be allowed. Think about the children.

Kind regards

Reasons for comment:

Comments: 06/01/2023 10:36 AM Alcohol consumption is one of the major contributors to anti-social behaviour in the residential area adjacent to Shepherds Bush Green. This is especially the case in warmer weather outside normal licensing hours, and selling alcohol should therefore be limited as icy as possible

Kind regards

Reasons for comment:

Comments: 06/01/2023 12:09 PM The proliferation of such licence extension should be stopped by the Council. The increase of hours and strength of alcohol can only attract late night revellers and the noise and anti-social behaviour that will accompany it. It may not occur directly outside the premises but be taken back to late night parties where neighbours will be disturbed. It can also cause ASB around the premises where street drinkers will want to hang out and drink extra strong cheap lager and cider. Although this premise is not near our homes, the granting of such licences can be quoted by others so that they too can extend their licences and cause the ASB that always accompanies these extensions. Please oppose this. 11am to 11pm should be sufficient hours fo supply alcohol to those who want to responsibly consume it.

Commenter Type: Residents Group

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 06/01/2023 1:44 PM The Caxton Village Tenants and Residents Association (TRA) strongly objects to this application.

Ours is an area where residents have long had to deal with an unreasonable amount of antisocial behaviour, drug dealing and using, and violent crime. You may be aware that Caxton Village and Shepherd's Bush Green is currently under a partial closure order agreement - enforced by Sergeant Thomas Cook from the SNT) because of this anti social behaviour (urination, defecation, drug dealing, and using etc), and other crime.

Caxton Village in particular does not welcome anything that will exacerbate the existing problems in these five streets.

The SNT (police) will tell you that there is a direct correlation between late licensing and antisocial behaviour and crime (including drug use and drug violent. We request that the council liaise with the SNT re. late license applications and that you exercise a blanket rejection of any applications for late licensing along Uxbridge Road, and around Shepherd's Bush Green.

It should not have to fall to local residents - many of whom will not be aware of these planning applications - to object.

The partial closure order has temporarily reduced ASB and crime in our streets significantly. We need to maintain this reduction. Late licenses will do the opposite.

Comments: 06/01/2023 1:45 PM Hi, that it is within the Partial Closure order area of SBG and Caxton Village, in place due to problems relating to the alcoholics present and marauding out streets, we already have a huge issue with drug abuse and alcohol abuse in this area. I have sleepless nights because of it, we do not need anymore of this on our streets. 11 pm closure is already lengthy enough.

Kind regards

Reasons for comment:

Comments: 07/01/2023 11:12 AM Speaking as a local resident , there have been longstanding issues of alcoholism and anti social behaviour on Shepherd's Bush Green, which often spills into the surrounding streets. I've lost count of the number of times I've witnessed public urination and defecation in the area.
As such, I would strongly argue that it is wholly inappropriate to extend licencing when it is clear there are issues with alcohol in the neighbourhood.

Kind regards

Reasons for comment:

Comments: 07/01/2023 3:19 PM I have objected for the following reasons: 1) Increases in alcohol and drug related crime & ASB on SBG and Caxton Village since the summer of 2022 have resulted in current partial closure order being required. The last thing we need is stronger alcohol being sold and it being licensed to buy later. 2) We have a lot of hostels catering for those without homes and those with alcohol and substance use disorders. It would therefore be hugely irresponsible of LBHF to grant this kind of license so close to these hostels.

Kind regards

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 07/01/2023 8:40 PM I object to this application.

The location of the store is within the partial closure order zone, in place as a result of increased drug/alcohol use, antisocial behaviour, urination and defecation on the streets, drug dealing, assaults and other related crimes over recent months.

Further, our local police team have said themselves that there is a direct correlation between late licensing and the types of crimes listed above.

There are many heavy alcohol users that congregate on Shepherd's Bush Green. Late licensing would not be good for these people that instead need help, not greater access in late hours.

Extending of licensing hours to sell alcohol, considering all the above is wholly inappropriate and irresponsible.

Increasing the alcohol percentage from 5.5% to 9%, considering all the above is wholly inappropriate and irresponsible.

It is on these bases that I wholly object to this application.
