Lorna,

Please note the above links to Safestore Erals Ct branch which is the one in question here on Seagrave Rd SW6 1RP. Their hours are until 8pm on Thurs, all other nights until 6pm and

Sun early closing at 4pm. Their application called for 6pm on all days so Sunday is already a mismatch.

They offer various solutions to businesses such as Amazon sellers to keep their items at Safestore ready for distribution when sales happen.

The key question here is what are the rules - yours, Safestore and UK laws - around alcohol storage and distribution to local community members via app-based sales?

Please reach out to store manager Henry Cilliers for his input if possible. The Police licensing team also need to make their input I believe, especially as this concerns alcohol sales.

Best regards,
