Reasons for comment:

Comments: 4:06 PM on 09 Jul 2021 My name is Alexander Williams and I am writing on behalf of the **Macfarlane Rd Residents' Association**. We object to the extended hours proposed here on the grounds of prevention of crime and disorder, public safety and the prevention of public nuisance. Shepherd's Bush and the Uxbridge Road have a long history of anti-social behaviour associated with the late opening of shops and restaurants, which is why the area was declared a saturation zone under the LBHF Cumulative Impact Policy in 2010. The late night cafe eRoma was the scene of a stabbing in the small hours back in 2012: <http://shepherds-bush.blogspot.com/2012/07/hopgood-street-stabbing.html>

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 9:52 PM on 06 Jul 2021 The neighbourhood is residential mainly.

we see the latest application from Flame as a major threat for the community as late service of food and drinks would inevitably generate public nuisance with people serving food and drinks later than 10pm.

We can see the application creating a significant threat by increasing the risk of attracting people that would increase crime and inevitably disorder public safety

Several applications from the same people have been rejected already on multiple occasions by the LBHF for the same reason.

Any different outcome of the decision would create a safety issue for the neighbourhood.

Subject: Objection: 2021/00652/LAPR

Dear Maria,

I am writing to express my concern and object against the extension of the opening hours of the take away venue on Flame House: 280 Uxbridge Road London W12 7J. This venue has requested a licence permit change to extend the hours of operation until 2:00am indoors and outdoors, Monday to Sunday. 2021/00652/LAPR

It is important to note that this premise is within Sheperds Bush Saturation Zone, which was imposed due to the issues created by late night venues.

Furthermore, only in July/August 2018 the council's licensing committee rejected the application of an other restaurant in the area for the same reasons (ref Premises Licence Number: 2018/00748/LAPR; Premises name: Chicago Grill; Premises address: 63 Uxbridge Road London W12 8NR)

A restaurant operating throughout the night will affect the neighbourhood and quality of life in the following ways:

Noise & Litter (licensing objective: prevention of public nuisance)

The venue is a take away place hence, a large proportion of customers will not consume in the premises. Some of these, particularly customers visiting in the early hours, will have their meal in the surrounding area. This will create additional litter in the near proximity. These will also generate noise late in the night.

Crime and disorder (licensing objective: prevention of crime and disorder)

Extended hours take-aways are known to attract late-night drinkers where they congregate. This will have an impact on the neighbourhood as may lead to incidents regarding alcohol and drug abuse, as well as violent incidents. Customers in the early hours are more likely to be under the influence of alcohol or drugs, cause antisocial behaviour and be involved in violent incidents.

I am concerned the extended opening hours to this venue will lead to these issues in my neighbourhood and close to my home. This is not compatible with the family residential area where we live.

We believe that granting this license to operate until later hours will not only affect us directly but will also have a negative impact on the neighbourhood and council resources.

I would appreciate confirmation of this email as I am getting a system error when trying to submit the comment through the website.

Best regards,
Mauricio

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 11:36 AM on 13 Jul 2021 As a neighbour, I would like to oppose to the extended operating hours on the basis that it will affect the quality of life of neighbours:

Licensing objective: prevention of crime and disorder:
The extension of hours for this take-aways will attract late-night drinkers. Families and sober customers are very unlikely to go for a meal so late at night. The customers under the influence of alcohol or drugs are likely to linger around the area creating disturbance, antisocial behaviour and violent incidents very near my home. This restaurant is in Shepherds Bush Saturation Zone which created with the objective of reducing issues created by late night venues. Extending hours will go completely against this objective and even provide grounds for other venues to request similar extensions. This is not compatible with the family residential area.

Licensing objective: prevention of public nuisance: Litter
Take-aways are creating a significant amount of litter. I often find wrapping and bags of these on my doorstep. Extending the hours of this business will exacerbate the issue;

particularly considering that people visiting venues so late at night are likely to be under the influence of alcohol or drugs and therefore less careful with their litter.

Licensing objective: prevention of public nuisance: Noise
Customers going to the venue and leaving the venue are likely to create noise in the middle of the night. As this is a take-away, some customers will not consume in the premises, again creating noise in the surrounding area. This is not acceptable for a residential area with families.

I urge you to reject this application as it will be very detrimental to neighbours and contradicts the objectives of Shepherds Bush Saturation Zone

Reasons for comment:
Comments: 11:05 AM on 15 Jul 2021 W12 is a residential and a commercial, not entertainment area. It is not the West End of London, but Western London.

People work hard here, and do not wish to be woken up after 23.00 by people arriving and leaving this venue. To accept these kinds of applications will encourage people (usually men) to regard Shepherds Bush as an entertainment rather than a residential and commercial area.

There will be increased noise, inebriation, rubbish and cars coming and going.

It will affect the nature of the area detrimentally. As a resident of Shepherd's Bush I strongly object to this intrusion and threat to the neighbourhood SEVEN DAY A WEEK!

Reasons for comment:

Comments: 9:42 AM on 29 Jun 2021 I am concerned for my neighbours. The Council should refuse applications for any late night openings of clubs in this residential area. It is entirely inappropriate. This is a commercial area rather than an entertainment area .

Please refuse this application.

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 11:25 PM on 22 Jul 2021 I oppose this application. Shops and restaurants around the Mosque already have a substantial and detrimental impact on residents' quality of life. My family's daily, hourly experiences include constant yelling of patrons of these venues walking up to the shops, isling, car alarms going off while people sit in their cars to ear, uber bikes tearing up the road, drivers yelling at the end of the street, drug dealers mixing into traffic congestion, patrons sitting in cars smoking and talking loudly on their phone, uber drivers urinating in the street, patrons sotting in cars with high beams on. From about midday it is an unrelenting, intrusive assault on the senses that lasts until after midnight. The Council, of course, does absolutely nothing about this and does not appear capable of doing any form of risk assessment of management of these issues: most nights I am having to go out onto the street alone to confront groups of men about the noise and nuisance they are creating when returning from these shops. Because of poor Council planning I am only able to get a few hours sleep a night. The last thing we need is another 2 - 3 hours of the types of constant nuisance every night because the Council has an anything goes attitude.

Subject: Re: Decision Letter - Premises address: Flame Flame, 280 Uxbridge Road
London W12 7JA

Hi Christina,

I'm still a little lost on all this and it's very difficult to understand what is / isn't going to be allowed. I went to, yet again, object firmly to ANY and ALL changes to licensing of Flame Restaurant on the Uxbridge road. The same reasoning as I've given a few times now.

The mess and people parked up in Warbeck road with their cars running especially around school holidays is antisocial behaviour and the restaurants have no accountability here. People congregate smoking weed, drinking beers and loitering at the top end of Warbeck road bang opposite the restaurant. Having extended hours will Only contribute to this social disorder and at night I am afraid this will translate into intimidation and noise. I am not sure what regulated entertainment means but any form of extension to hours and alcohol where music is allowed to play I am also staunchly against as a resident of Warbeck Road.

I am more than happy to discuss further.

Thanks,
Resident

Reasons for comment:

Comments: 7:39 AM on 29 Jun 2021 The proposed amends now give rise to a material risk to residents of a (i) greater noise from local traffic (ii) greater antisocial behaviour by attracting revellers and late-night people and (iii) greater litter.

Object in the strongest possible terms

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 2:40 PM on 29 Jun 2021 I'm afraid that i have to object to the application for late night opening at the said establishment.

the uxbridge road is surrounded by residential streets, one of which i am a resident at. The late night activities are already impacting residents amenity and disturbing our family life. clients to these businesses park their cars and congregate in the adjoining roads and we experience this on a regular basis with late night noise, nuisance and disturbance.
