Subject: Objection to Licensing Application - Extension of Opening Hours for Papa John's - 2023/01216/LAPR- Papa Johns Pizza 63 Walham Grove London SW6 1QR

Dear Karen & Adrian (Licensing officers)

I am writing to formally object to the licensing application submitted by Papa John's for the extension of their opening hours at 63 Walham Grove, London, SW6 1QR.

As a local councillor representing the neighbouring ward (Walham Green) this is really a cross ward issue which is further reinforced by the number of emails against this application I have received in my inbox.

I along with my constituents are deeply concerned about the potential negative impacts such an extension (till 5am) will have on the residents and the overall neighborhood if granted.

In accordance with the licensing objectives outlined in the 2003 Act, I believe that the proposed extension of opening hours for Papa John's fails to meet these objectives. I would like to outline my objections based on each licensing objective:

1. Prevention of Crime and Disorder: The extension of operating hours until 5am will likely result in an increased likelihood of crime and disorder within the area, especially during late hours. This could include disturbances, public intoxication, and anti-social behaviour. The potential for such incidents would negatively impact the safety and well-being of the community.

2. Prevention of Public Nuisance: The proposed extension will result in amplified noise levels during late hours/ early morning disrupting the peace and tranquility of nearby residents, especially with regards to takeaway riders as they will be the sole service from 2am until 5am. The application is for the extension in hours Monday to Sunday and it is wholly unacceptable for residents to be subjected to this increase in noise 7 days a week.

The noise generated by increased commercial activity late at night/early hours of the morning would have detrimental effects on the quality of life and general well-being of the community, there are many other takeaway restaurants on the north end road and from my knowledge none of these

spots have opening hours until 5am, if granted this will set a dangerous precedent for other takeaway spots to apply for an extension for later operating hours.

Given these concerns, I strongly believe that granting an extension of opening hours to Papa John's at this location would be contrary to the aforementioned licensing objectives.

It is crucial to safeguard the interests and well-being of our community by maintaining a balance that ensures the safety, peace, and quality of life of our residents.

I respectfully request that the licensing authority considers these objections and conducts a comprehensive evaluation of the potential adverse effects associated with extending the opening hours of Papa John's at 63 Walham Grove, London, SW6 1QR.

Thank you for your attention to this matter. I trust that you will carefully consider this objection and make a well-informed decision that upholds the licensing objectives and prioritises the interests and well-being of the community.

Kind Regards,

Trey
