Reasons for comment:

Comments: 26/07/2023 2:34 PM I object - as per previous conversations with Papa John's and their recent application which was refused, the same reasons stand. This is a residential street, we don't want mopeds going down the street at all hours (noisy). They haven't complied with their promise to check for litter on the streets - i will send photos to show this to the licensing email address. I will email LBHF rubbish email address to ask that they get their own large bins so that we don't have their flimsy bags ripped open and rubbish strewn on the street (as shown in the photos). We certainly don't want a single more moped on the street - they have already taken over that end of the street. Are light refreshments alcohol or what? Why is the application so vague? Serving "outside" - does this mean at tables or what? There are lots of bars and shops for people to buy both soft drinks and alcohol locally and we don't need to encourage more drinking at their proposed night-time and early morning hours. This would possibly create more noise and disruption. There certainly isn't room to put tables on the pavement outside Papa John's. It is a very busy corner.

Hello Licensing team,

With regard Papa John's (Walham Grove, SW6 1QR) current licensing application, I have objected via your portal but would like to submit these photos which show that Papa John's has not been complying with their promise at their last application earlier this year (which was refused), to check for litter outside their premises.

Would it be possible to get them some large bins like Jerk Chicken has so that we don't have these piles of rubbish bags on the street like this?

Also, I tried to add these to your LoveCleanStreets app but you don't have any categories on there to reflect that the business itself isn't cleaning up their rubbish. The only categories I saw would have put the blame on street cleaners etc. which is certainly not my intention.

Kind regards,

[REDACTED]

Comments: 26/07/2023 4:29 PM I live [REDACTED] papa John and it is already a disturbance to the residence. Motorbikes are load & dangerous up the street. The rubbish is already out of control & opening later will cause more disturbance to neighbours & bring in more people to the neighbourhood therefore being a disturbance.

Comments: 26/07/2023 5:10 PM There is NO WAY to agree this complete nonsense - yet again another business totally wanting to abuse any element of local residents getting a good night's sleep by allowing this pizza restaurant to deliver the entire night all week?! They are trying to perpetuate the party lifestyle where people doing drugs and alcohol are the ones they want to serve here calling up a pizza place to feed them in the dark hours. The night time economy has to be severely policed and restricted otherwise its a complete free for all. To hell with us locals right? WRONG!!!! We successfully blocked ALL recent applications that want to encourage awful local behaviour after midnight and this is yet another one. Delivery drivers are on mopeds that are noisy and polluting and will go down streets at 2am, 3a, 4am etc and wake people up. We deserve better!! I am not sure you this place serves alcohol but even worse if you want order pizza and beer at these hours. What you have in place at the moment is sufficient therefore a full decline my me and I will speak to others to ensure we are a united group on this.

Reasons for comment:

Comments: 26/07/2023 8:45 PM Walham grove is a residential street and a street where we want our kids to walk safely and without being scared. Opening hours of proposed application are going to bring unwanted customers, late night people who are drunk and act inappropriate , the theft would increase with people wondering around the street. This is a residential street which is quiet after 9pm and it would bring danger to us and our children. Not even talking about the garbage that is outside the pizza place on daily basis and brings rats and foxes to the street, which are dangerous and unhygienic. I completely disagree with this objection and it would make the area worse and unsafe

Reasons for comment:

Comments: 26/07/2023 7:41 PM We have had a number of issues on Walham Grove. Having licensed premises I believe will add to the crime we have already witnessed (robbery, break-ins and shockingly a murder). We already struggle with the fall out from the bars and pubs within a short distance from Papa John's. This includes people under the influence of alcohol urinating on our street. This will only get worse.

I do not believe that Papa Johns will sell alcohol responsibility and control behaviour as a result of drinking. They have already shown a disregard for our street by continuously leaving rubbish on the pavement for which they have been fined.

I believe it would be a sensible policy of the Council to confine the approval of similar applications to premises fronting onto Fulham Broadway. Walham Grove is a Conservation Area and it would be inappropriate to create additional licensed premises in the street for this reason and for public safety and the prevention of nuisance.

Reasons for comment:

Comments: 26/07/2023 7:34 PM Papa Johns is located on a family home residential street which is also a conservation area. It is wholly inappropriate for a 5am license to be granted to anything on a quiet residential street. Papa Johns has failed to stop its customers littering and soiling neighbouring houses and I have no doubt they will do nothing to limit noise, litter and nuisance if allowed to operate during the late hours. Its scooter drivers are noisy already and it is surely illegal for commercial noise after working hours on a residential street?

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 16/08/2023 7:33 PM Strongly object on the grounds that Walham Grove is a family residential street and the operation of late night activity is entirely inappropriate. Papa Johns scooters are a menace, noisy and should not be encouraged after business hours. Their customers litter and urinate on our street. Papa Johns themselves litter on the street and have no external bin capacity. The constant applications are obviously an attempt to catch neighbours unaware or wear down council planners. Can we please have a blanket "NO" to late night activity on Walham Grove and stop these sneaky tactics.

Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 26/07/2023 7:11 PM The west end of Walham Grove has ben the subject of violent robbery, break-ins and 2 1/2 years ago a murder. This is appalling in an otherwise desirable street. The additional availability of alcohol is likely to fuel further crime. There are already 4 licensed premises within 150 metres of the subject premises and another outlet is excessive.

Public nuisance is likely to be caused if alcohol is made available. The occupiers have already proved themselves continuously irresponsible by leaving rubbish on the pavement for which they have been fined. Individuals who have consumed alcohol have on several occasions urinated in the street and the availability of alcohol so close by will be prejudicial to children.

For reasons of public safety and the prevention of nuisance, I believe that it a sensible policy of the Council to confine the approval of similar applications only to premises fronting onto Fulham Broadway. Walham Grove is a Conservation Area and it would be inappropriate to create additional licensed premises in the street.

Reasons for comment:

Comments: 16/08/2023 2:25 PM The subject premises are not only in a primarily residential area but in a Conservation Area as well. The additional activity which would be permitted by an extension of the licence is inappropriate to both. The management of the business have shown themselves to be irresponsible by blocking the pavement with rubbish on a regular basis. During current opening hours the pavement is obstructed by the occupants delivery couriers and it will not be long before there's an accident with them carelessly reversing into the road without looking. There is no community need for these excessive hours as take away and delivery pizzas are available from other outlets in more suitable areas.

Comments: 16/08/2023 8:47 PM I am sure that the licensing department will be as tired as us unfortunate neighbours with the constant stream of applications , each with minor variations in the hope that we will not notice and let one of the applications proceed unopposed. This below the belt tactic cannot be permitted. Is there a counterpart to a vexatious litigant I
I.e. a vexatious applicant? My objections are the same as those made to each previous application: residential and conservation area, irresponsible, law breaking applicant, rubbish and obstruction on pavement, existing availability of facilities elsewhere. Can this ridiculous charade please be stopped?

Reasons for comment:

Comments: 26/07/2023 6:11 PM I strongly opposed papa John's pizza to extend his license untill 5 am and to send alcohol in his premises. There are enough pubs, off licenses and supermarkets in the neighbourhood that offers alcohol. We already have a lot of anti social behaviour at the end of our street, walham grove. We had the misfortune to even witness a murder a few years ago. Walham grove amd the streets nearby are a quiet family neighbourhood. A 5am opening takeaway has no place in this area . May I also emphasise that the amount of littering in our street and particularly at the end of the street is revolting.. Having a takeaway open until 5 am would only make the litter matter worst.I have also witnessed someone urinating on a neighbour front patio, I rather don't want to know what could happen at 5 am. This is a quote neighborhood, not a social cool place. People can go to the Fulham Broadway for that.

Reasons for comment:

Comments: 26/07/2023 6:10 PM There is already a lot of antisocial behaviour and rubbish outside this establishment, living a few doors down we can validate. Late night customers cause a lot of disturbance for the residents. The council are welcome to have some monitor this themselves and in a single evening will understand the extent of this. Extending the hours will clearly only make worse and will encourage more people who behave in such manor to congregate in the area.

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 27/07/2023 2:16 PM The Applicant is now PJ Corp Stores Limited which we understand means that a corporate arm of Papa John's is controlling this shop since 19 July 2023 when the Premises Licence Holder changed. (2023/01096/LAPR)

We reserve our right to comment further and submit evidence if necessary, as time consuming as that will be.

We oppose the application for a licence until 5am for hot food-a 'Late Night Refreshment licence' is required for selling hot food after 23:00 and until 05:00 (they are not applying for alcohol).

We are opposed to extending hours beyond the now 23:15 for this poorly run pizza takeaway shop. Litter and rubbish pileups continue to be a menace for this

lovely residential Conservation Area road of Walham Grove, on the edge of a bustling daytime market road and lively pedestrianised area with historic church and useful amenities in and beyond, including a well-run local pub, The Cock, within site of 63 Walham Grove.

The drug dealers have not departed from the doorstep of this Premises, the delivery riders are still loud and cause nuisance. Every delivery after 10pm means noise and anti-social behaviour, including urinating in front of residents, and correlates with lack of sleep for residents, all over this part of Fulham, and beyond, and especially lack of sleep for children.

The continued presence of antisocial behaviour detracts greatly from this otherwise very desirable residential street. We need to continue to protect this area as much as can.

Reasons for comment:

Comments: 16/08/2023 5:19 PM I oppose this Application for 24-hr delivery from 63 Walham Grove and I oppose their application to operate 24-hrs on grounds of noise nuisance litter nuisance rubbish pile ups . This residential road and corner of Fulham does not need a 24-hr Delivery Economy or takeaway economy. Airplanes fly over from 04:30 so the window for quiet in this big City is very small.
This Premises are allowed to be open till 23:15 now. The Committee will recall that until the

last hearing on 14 Feb 2023 they were continuously open till 3am most days, flouting the law daily.

We need to push back on such applications.

To allow the use of a property in a high-class residential area, largely occupied by families with young children, is wholly inappropriate attracting undesirable behaviour and causing many other issues.

The undesirable arrival and departure of delivery drivers will cause numerous issues at the corner of this street. We do not need the same issues similar to those by MacDonalds nearby. To approve this will lead to an avalanche of applications from similar businesses- surely not a good thing for the neighbourhood as a whole.

Kind regards

Hi Lorna

I have just returned home from a trip to the theatre with my family and both my daughter and my daughter in law both commented on the leery looks and comments they get from the many scooter delivery riders outside Papa Johns and opposite by Cafe Ole, they said it really doesn't make them feel very safe walking home from the tube.

I realised I hadn't mentioned this in my objection - is it too late to add it?

All the best

Reasons for comment:

Comments: 17/08/2023 9:23 AM This will be the third time in a matter of months I and my fellow neighbours have objected to Papa Johns attempts to extend their opening times and tweaking their application so we all have to re oppose is a devious attempt to get round the strong objections felt.
As per previous objections I am objecting on the grounds of public nuisance. Walham Grove is a quiet residential street and the extension of opening hours will increase noise, nuisance, litter and anti social behaviour.
Papa Johns have a history of ignoring existing closing hours which is why previous extension requests have been turned down. They also have ongoing issues with litter and food waste which I understand they have recently received another fine based on the mess of overflowing bags they leave outside of their Food Serving establishment! All late night establishments in the North End Road

area have had issues with criminality and drug dealing (the police crime stats confirm this) this has led to some of those establishments having to hire additional security personnel. I have a daughter who often has to return home late from work and both she and my daughter in law say they feel uncomfortable walking past the collective of existing delivery drivers and have received unwelcome attention. This extension is not wanted or needed in our residential street.

Comments:

27/07/2023 2:40 PM This end of the street is already subject to delivery drivers and members of the public urinating at Walham Yard.

There is already disruptive behaviour from those exiting Simmonds Bar and The Cock.

Additional trading hours and the ability to sell alcohol at Papa Johns will only exacerbate this antisocial behaviour.

This is a residential street and should be free from antisocial behaviour.

Comments: 16/08/2023 6:49 PM Papa Johns already stay open far later than allowed, causing huge amounts of litter, rowdy crowds and speeding mopeds. Due to the late night crowds it's also a spot where drug deals have been happening. By allowing Papa Johns to stay open later you would be giving a green light to this behaviour, disrupting the neighbourhood and increasing the disturbance occurs presently. I would say instead of allowing this action to be carried out the opposite should occur and Papa Johns should have more frequent visits to ensure they're operating within their legal limits. They've been fined before but also break their limits far more frequently

Comments: 27/07/2023 1:22 PM 2023/01216/LAPR Papa John's 27 July 2023 applying for 5am deadline: 22 Aug 2023

The Applicant should strongly consider withdrawing this application as it is a very costly time waster for residents as well as the Council.

The Applicant is now PJ Corp Stores Limited which we understand from a short conversation with the agent means that a corporate arm of Papa John's is controlling this shop since 19 July 2023 when the Premises Licence Holder changed. (2023/01096/LAPR)

We reserve our right to comment further and submit evidence if necessary, as time consuming as that will be.

We oppose the application for a licence until 5am for hot food (they are not applying for alcohol). We are opposed to extending hours beyond the now 23:15 for this poorly run pizza takeaway shop. Litter and rubbish pile ups continue to be a menace for this lovely residential Conservation Area road of Walham Grove, on the edge of a bustling daytime market road and lively pedestrianised area with historic church and useful amenities in and beyond, including a well-run local pub, The Cock.

The drug dealers have not departed from the doorstep of this Premises, the delivery guys are still loud and cause nuisance. Every delivery after 10pm means noise and anti-social behaviour, including urinating in front of residents, and correlates with lack of sleep for residents, all over this part of Fulham, and beyond, and especially lack of sleep for children. Fights continue (the North/South drug gangs fight it out here; the deadly shooting is still fresh in our minds).

North End Road Regeneration Area needs Premises Licence Holders who are proud of their 'corner' and continuously improve their environs and beyond; unfortunately, still not the case here.
Thank you. Barclay Road Residents

Reasons for comment:

Comments: 28/07/2023 8:00 AM We objected only a couple of months ago to an application, and now we have to resubmit the same arguments again when the licensing committee agreed with us, the residents.

There have been further ongoing issues of rubbish noted on the street and I believe there's even been a fine issued recently.

Also, I would like to point out that there are residential properties immediately above the subject premises, located within a high-density residential area.

I am not aware of any other takeaway premises with a later license on the lower end of the North End Road or Vanstone Place, and therefore they should not be any precedent set here.

This is rather relentless, but to reiterate, the main point why there should be no late-night extensions to the current license for this premises are.

Noise disturbance from deliveries up and down the street, particularly

as the shop is in a residential area.

The noise and smell from the extraction fans will run throughout the night if the licensee is granted for later extension 2am-5am.

Issues with litter and antisocial behaviour will only get worse.

Further clarification must be made as to what light refreshments means and does that mean that clients can eat on the street as well as drink on the street does this also refer to alcoholic beverages as the licensing Application is very vague?

I look forward to attending your virtual reality licensing meeting, and please confirm when the date will be announced.

I'm strongly against this licensing application.

Reasons for comment:

Comments: 28/07/2023 7:50 PM This application, if successful, is likely to further increase the NUISANCE caused by these premises, as evidenced by the food refuse frequently left on the pavement outside. There are several licensed premises in the immediate vicinity and the hours proposed in this application are highly likely to increase the amount of ANTI-SOCIAL behaviour already seen near licensed premises including urinating in nearby gardens. Walham Grove is primarily a residential street in a conservation area and it is totally inappropriate for it to include licensed premises providing alcohol during the hours now proposed.

Subject: RE: Objection - 2023/01216/LAPR: Papa Johns Pizza: 63 Walham Grove London SW6 1QR

Dear Licensing Team,

The online comments system doesnt seem to be working? Objection below.

RE: 2023/01216/LAPR: Papa Johns Pizza: 63 Walham Grove London SW6 1QR

I strongly object to this license application to operate under the proposed hours of 02.00am for public and then a further three hours until 05.00am for deliveries – setting a dangerous precedence in a residential area. Pappa John’s is well known in the community and not in a good way. It’s a hot spot on the NER for anti-social behaviour which the Safer Neighbourhood Police team can attest too.

The business proprietors/managers have little respect for the environment and the community which is evident with the continued litter left strewn across the pavements. Walham Grove is in a conservation area and populated by families with young children that require a full night’s sleep. To allow such late-night hours with having punters (likely inebriated) out on the pavements eating, idling in cars and as well as delivery motorbike riders going up and down Walham Grove and other residential side streets well beyond normal business hours – will make it near impossible for essential time for sleep for young and old alike. The principal objections are that the application:

1. Will create more public nuisance and anti-social behaviour
2. Will have an adverse impact on the prevention of crime and disorder
3. Does not promote the licensing objective of public safety or the protection of children from harm.
4. Should be consistent with the legal common law position that recognises the right of householders to the necessity of sleep
5. Late night activity inappropriate to the local area due to its proximity to residential roads

Comments: 16/08/2023 12:46 PM I strongly oppose this Application for 24-hr delivery from 63 Walham Grove to operate 24-hrs a day service open till 02:00. And open for takeaway until 05:00. I strongly object on the grounds of noise disturbances which we already have with the current opening hours and this would be made worse. I object on the ground of the litter nuisance rubbish pile ups which we already have daily which will be made worse. This is a residential road and should not be subjected please to anymore noise and litter and misconduct outside than there already is. We have young families with teenagers subjected to misconduct already from delivery drivers and customers. It would be such a pity to make this a 24/7 problem worse than it already is.

Comments: 16/08/2023 7:28 PM Firmly object to the application given the anti social behaviour gatherings at night at and around this establishment has a huge impact on the street. Further to this (whilst the council has continued to ignore the refuse problem at the front of the street) this only get worse. The street rubbish problem rivals New York everyday of the week. The street cleaner spends half his time just at this spot.

Comments: 16/08/2023 8:03 PM I am objecting to application on the grounds of public nuisance. Walham Grove is a quiet residential street and the extension of opening hours will increase noise and anti social behaviour in an already littered area of the street. As a young woman who often walks home alone it can be quite daunting and intimidating to walk past Papa Johns if there are lots of drunk and loud people outside, which this application will encourage.

Comments: 16/08/2023 8:41 PM I object to this permit application on the grounds of health and safety including noise, circulation issues, smells, rubbish pile ups, litter, usual drunken behaviour of patrons at these hours (post parties). This is a very residential area with children's rooms overlooking the street.
There is also no business requirements as numerous places are already available. Finally the business in question has been well known for not respecting conditions and time restrictions in the past. Residents are also fed up of having to object to these numerous applications when none of the underlying issues are being addressed.

Comments: 16/08/2023 8:07 PM I strongly oppose this Application for 24-hr delivery from 63 Walham Grove and also their application to operate 24-hrs a day and remain open till 02:00, reopening for takeaway at 05:00 for people to collect takeaway pizza/food. This is on grounds of noise, nuisance, and litter. This is a residential road and does not need a 24-hr Delivery Economy or takeaway economy given the array of more suitable commercial properties available around Fulham Broadway itself, . Aeroplanes fly over from 04:30 so the window for quiet here is very small already. This Premises is allowed to be open till 23:15 now which is more than enough for a residential conservation area fringe. Location. The Committee will also recall that until the last hearing on 14 Feb 2023 this business was continuously open till 3am most days,

flouting the law daily. This is not the location to make their nuisance even more easy for them to achieve.

Reasons for comment:

Comments: 17/08/2023 9:22 AM I strongly oppose this application which has been submitted repeatedly with various minor amendments. Walham Grove is a beautiful street which has become increasingly exposed to unsociable behaviour associated with late-night drunken behaviour, food thrown everywhere and even violence (there was a murder opposite the venue a few years ago). Recently, someone even defecated in the front garden of one of our neighbours. There is nothing wrong with having takeaway facilities...but the late night opening hours are create a real problem for us....and we definitely don't need any additional alcohol outlets in our neighbourhood.

To: Licensing HF: H&F <licensing@lbhf.gov.uk>

Subject: 2023/01216/LAPR Papa Johns pizza, 63 Walham Grove London SW6 1QR: COMMENT

Attention Ms Lorna McKenna

Application 2023/01216/LAPR: object

[REDACTED]

[REDACTED]

We would like to strongly oppose the new application to extend hours for "light night refreshments" from 23 pm to 05 am.

Walham Grove is a residential street in a Conservation Area and was a quiet and safe street when we moved in 18 years ago. Unfortunately, things have changed, starting with the opening of Papa Johns, followed by the Jerky Kitchen (a deadly shooting in front in 2016) and Café Olé.

Papa Johns delivery services repair and test their bikes causing noise and nuisance day and night. There is urinating against railing and in front gardens. Many of the delivery guys are a real nuisance as they are often on their speaker phone, yelling etc. Most shocking is that this cheap outlet and its customers do not care about the environment. Papa Johns has little indoor seating, customers eat in their cars (radio on) and although there is a bin on the corner of Walham Grove; food rests and cartons are left in the street.. A street sweeper told us having seen mice around Papa Johns many bins along their Walham Grove facade that remain there for days and we found a dead rat in our front garden.

Cheap food outlets attract all kinds of people: police tell us that there are regularly incidents (drug dealing, disorder, ASB) around Papa Johns. We often find big laughing gas cylinders on our doorstep left by gangs of youngsters gathering late at night/early in the morning, pizza in hand!. I even had a drug dealer and his client in my front garden who threatened me with torture en even death, We are obliged to lock the front garden at night as we fear for our safety. Extending hours of light refreshments will add to the noise, nuisance, anti-social behaviour in our street and beyond.

In the light of the above comment, we therefor object the application as it constitutes an unneighbourly demand to extend nightly opening hours and respectfully request the Council that it be refused.

Yours faithfully

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 18/08/2023 3:28 PM I wish to object against this application on several grounds:
(1) The existing delivery drivers cause extreme disturbance on our street by urinating and sometimes defecating in the darkness of the front gardens of neighbouring. They also often throw away their food wraps and drink containers on the street.
(2) The loud and dangerous demographics this establishment already attracts at night, which includes loud inebriated people in desperate search of a last resort food provision. This often includes drug consumers and dealers as already documented in the past.
(3) this establishment does not control and contain its trash, leading to the proliferation of rodents and foxes who gut their rubbish bags

these are just one of the few arguments on long list of anti-social behaviours

generated by this shop. Lastly, nobody on our street consumes their products or services (ask them for proof). As such, they not only disregard and disrespect their neighbours, they also add no value to the local community, especially Walham Grove

Subject: Re: Notice of Hearing - Papa Johns Pizza, 63 Walham Grove, London, SW6 1QR

Dear Mrs. McKenna,

Please find attached a few pictures that evidence the disregard Papa Johns has for the rules on our street and community. All pictures taken a few hours ago:

1. Loose rubbish on the pavement and it is not a rubbish collection day
2. Pictures 2&3 show the sorry state of their walls where the paint is flaking and has been repainted roughly in solid black. This colour simply does not fit with the aesthetics of this beautiful old street, one of the oldest in Fulham and is documented as part of the Council's history.

I would like these pictures to be added to the case as evidence of their anti-social behaviour

Kind regards,

[REDACTED]

Subject: RE: Notice of Hearing - Papa Johns Pizza, 63 Walham Grove, London, SW6 1QR

Dear Mrs. McKenna,

This press article dated June goes to show that the Walham Grove residents cannot overstate the nuisance caused by Papa Johns and their drivers as the only food company on the street with dedicated drivers.

https://www.mylondon.news/news/west-london-news/west-london-neighbourhood-overrun-drug-27116125?int_source=amp_continue_reading&int_medium=amp&int_campaign=continue_reading_button#amp-readmore-target

I think this should be considered as well as part of the licensing discussion.

Kind regards,

The West London neighbourhood 'overrun by drug dealers disguised as food delivery drivers'

Walham Grove was the scene of a gangland murder in 2016

BY

Adrian Zorzut Local democracy reporter

- 06:00, 14 JUN 2023
- **UPDATED**09:47, 14 JUN 2023

Residents of a West London street close to Chelsea FC's stadium claim antisocial behaviour and drug dealing are rife, and criminals disguising themselves as food delivery drivers are dumping narcotics in their gardens.

Walham Grove in **Fulham** may look like your typical London street but residents live in fear they could be targeted by **dangerous criminals** simply for objecting to it happening on their doorstep.

by Taboola

[People Born 1943-1972 With No Life Insurance Could Be Eligible For This](#) British Seniors

One resident, who did not want to be identified, said a dealer threatened to break into his house and kill him after trying to move him off his front steps.

Walham Grove in Fulham may look like your typical London street but residents live in fear they could be targeted by dangerous criminals (Image: Facundo Arrizabalaga/MyLondon)

The man's wife told us: "They were arranging coins on our doorstep, we could see them from inside. So, my husband opened the door and asked if they were dealers and then told them to leave the premises.

"The man got up and said 'I will come into your house. I will break in, I will torture you and I will kill you' and then they left."

Dealers are known to hide in front gardens to avoid police, according to residents. Another resident claimed dealers dump packages in front bushes for users to "Uber in" and fish them out.

The road has been described as a 'public loo' on match days with residents often complaining about punters peeing in their garden or dumping empty beer cans and half-eaten food.

This has meant the street has become somewhat of a haven for rats and other pests, one resident said. But while those issues typically occur on match days, drug dealing and antisocial behaviour are an everyday occurrence, residents claim.

He said: "When there is dealing going on, people stand much closer than when you're having a conversation. When you see someone standing close to someone else that's because they don't want to be seen handling something."

He slammed what he claimed was the police's 'light-hand' approach to drug dealers. He said: "It appears that if people are caught with drugs you're then let off with a caution, unless you've got a large amount. It's almost like there's no jeopardy."

However the Met Police said it's cracking down on dealing, and targeting those higher up the chain, and in some cases vulnerable children who are recruited as dealers are supported to get help rather than being criminalised.

According to the Sentencing Council, sentences for drug supply range from a community order or fine to life imprisonment depending on the amounts and circumstances.

The government last year announced a 10-year strategy for tackling drug use and supply, which aims to crack down on County Lines, introduce new penalties for recreational drug users, and provide support for people trying to come off drugs.

In Walham Grove, it has been claimed dealers are sometimes dressing up as food delivery drivers to hide their criminal activity and make it look like they have a legitimate reason to be hanging around.

Meanwhile, businesses on North End Road say the local McDonald's has become a hotbed of antisocial behaviour.

Javad Tabeh, 50, who works at nearby Al Baydar grocers, said: "I have seen delivery drivers fight with each other, swearing and yelling."

Aga Sznura, 47, a store manager at the charity Royal Trinity Hospice, said teens often kick off outside McDonald's in the evening. She said she's never witnessed any drug dealing.

Dispute this, residents claim many of the take-away shops are attracting the wrong crowd and are worried their plans to stay open will turn the area into a "**Soho** lite".

One resident said: "The problem we have is there are too many shops trying to stay open into the early hours."

She still remembers finding Salim Coulter's dead body near her home. The woman, who does not want to be identified, said: "There was a loud bang so I came out and then I saw a big crowd around the Jerk shop and when I walked up, I saw him there, dead next to the car."

Coulter, a 24-year-old trainee gas engineer and drug dealer, was **shot dead in Walham Grove** on November 5, 2016 in front of his friend after having had a meal with them.

He had been dining at Jerky's Jamaican restaurant when he was shot in the head by a man in a hoodie at point-blank range as he returned to his friend's car.

Two years later, **Omar Hutson was found guilty** of Coulter's murder and sentenced to life in prison.

Salim Coulter was training to be a gas engineer and living with his family in White City before his death

McDonald's said it wouldn't comment but pointed out that it was one of a number of businesses experiencing antisocial behaviour issues in the surrounding area.

They say this is being committed by one or two groups of teenagers and that Fulham McDonald's has been proactively working with the Police and Fulham BID (Business Improvement District) to try to resolve these issues.

In the interim, the restaurant has introduced a temporary security presence to help maintain a family-friendly atmosphere and staff have also reached out to the local neighbourhood teams to see what else can be done.

Hammersmith and Fulham council's deputy leader Ben Coleman, who represents the ward, said drug dealing is a challenge all councils across the capital face and that he would be speaking with the council's Law Enforcement Team (LET) to step up patrols in the area.

He acknowledged past problems with McDonald's on North End Road and vowed to work with the local manager to tackle ABS and litter issues.

He said the council was fully committed to turning North End Road into a more attractive place to shop but urged traders to engage with residents more often.

Mr Coleman said: "I think it's very important for any business that wants to trade on or near North End Road to understand the area it is in and to take the trouble to talk to residents and in the submission that they make, to show they've addressed residents' concerns.

“From experience, that isn’t always the case and inevitably that means a great deal of time can be wasted.”

He added: “Don’t just come to an area like a spaceship and drop yourself down and ignore the fact there are local people living in residential roads nearby, who could be affected by what you’re doing.”

LONDON365 - Waltham Grove

MyLondon visited Waltham Grove as part of our London365 project, where our reporters will be visiting a different part of the city every day in 2023.

Ever wondered what it's like to live in the part of London furthest from a Tube station? Or in the shadow of one of the world's busiest airports? How is gentrification impacting some of London's neighbourhoods hardest hit by the cost of living crisis?

From Brent to Bromley, Hillingdon to Havering, and everywhere in between, the [MyLondon](#) team will explore the biggest issues facing Londoners, while celebrating every part of the city this year.

Where should we go next? Email mylondonnewsdesk@reachplc.com. To see all the other neighbourhoods we have visited in 2023, click [here](#).

“Anyone who takes a sort of spaceship approach on North End Road or the roads off it and doesn’t choose to engage with the residents is probably not

doing themselves any favours." He said the council would access late-night licence applications on a case-by-case basis.

The Met Police said it made more than 200 arrests and seized over one million pounds worth of drugs during a week-long crackdown on County Lines gangs earlier this year.

They said in several cases, vulnerable children were preyed on by offenders and used as a commodity, placing them into an incredibly dangerous environment. Instead of criminalising these children, officers work with Rescue and Response to ensure they are safeguarded and supported.

Between Monday, 27 February and Sunday, 5 March officers seized 8.3kgs of Class A drugs and 37.6 kilograms Class B drugs, £652,214 in cash and five firearms and 51 weapons including knives, machetes and swords.

Detective Superintendent Rick Sewart, Lead Responsible Officer for County Lines in the Met, said: "The Met is committed to relentlessly pursue those responsible for County Lines drug supply, bringing them to justice for their abhorrent crimes."

Dear Sir/Madam,

Licensing Application comments have been made. A summary of the comments is provided below.

Comments: 19/08/2023 4:51 AM I oppose this Application for 24-hr delivery from 63 Walham Grove and I oppose their application to operate 24-hrs a day and remain open till 02:00.reopening for takeaway at 05:00 for people to collect takeaway pizza/food, on grounds of noise nuisance litter nuisance rubbish pile ups and simply say that this residential road and corner of Fulham does not need a 24-hr Delivery Economy or takeaway economy. Airplanes fly over ftom 04:30 so the window for quiet in this big City is very small. This Premises are allowed to be open till 23:15 now. The Committee will recall that until the last hearing on 14 Feb 2023 they were continuously open till 3am most days, flouting the law daily.

Comments: 19/08/2023 7:20 AM I oppose this Application for 24-hr delivery from 63 Walham Grove and their application to operate 24-hrs on grounds of litter nuisance and noise nuisance..
Walham Grove is almost entirely a residential street which cannot support this type of operation.
We already suffer from rubbish piling up and the noise of incessant moped deliveries. There have also been issues of drug-dealing and antisocial behaviour.
We need a blanket 'No' to all future late-night/24 hour opening applications on this residential street in a conservation area.

Reasons for comment:

Comments: 19/08/2023 8:17 AM I would like to object to the application from 63 Walham Grove to operate a 24 Hour pizza take away. Walham Grove is in a conservation area, and an up market residential street. We would like to keep it that way. Currently, Papa Johns piles up rubbish on the Walham Grove pavement which we have to walk past every day. It is the most undesirable shop on our street.
We do not need a 24 hour take away, as it will attract an additional drunk, rowdy, crowd that probably does not even live in the area. Customers of Papa Johns already urinate in our gardens and leave their rubbish in our street.
North end Road, has enough late night take away outlets.

Kind regards

Subject: 2023/01216/LAPR: OBJECTION Papa Johns 63 Walham Grove

Dear Licensing

In the last 48 hours I have tried unsuccessfully to register my comment objecting to the above application. I am either timed out or am told an "error" has occurred. As the deadline is tomorrow, please find below the text of my objection. Please acknowledge safe receipt, my details are:

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

OBJECTION

I live a [REDACTED] moped ride from the site and huge numbers of dispatch/delivery drivers use the road I live on as a base and cut-through road. I strongly object to the application for the following reasons

- (1) residents' lives are blighted by the numbers of late-night dispatch riders the noise of which wakes up all, young, and old and which deprives us of a night's sleep;
- (2) the site has a history of non-compliance, everything from opening after licensed hours and appalling litter; to allow the extended night hours would effectively overrule/reverse the recent earlier decision against the last application for this site, rendering it pointless
- (3) recent decisions of the committee (including in relation to Papa Johns) have fully recognised that last night opening hours close to 100% residential roads are incompatible with the statement of licensing objectives,
- (4) there is no plan for 24-hour late-night economy on the North End Road;
- (5) the North End Road (NER) is a well-documented crime hotspot and tragically the site has a history that evidences the need to restrict late night places to congregate.

Drugs are a major issue on the NER. Dealers operate near open venues and are regularly abusive and threatening to residents. In addition some delivery riders are abusive and aggressive toward women walking home at night;

(6) the highly residential area is home to large numbers of children. All the anti-social behaviour found in and around the NER is highly undesirable for children of any age. The impact for residents and their families will be untold late-night misery; and

(7) I reserve the right to make further representations.

Of course we want good trading conditions to attract all trades (not just allow take ways to dominate) during reasonable business hours but that do not impact negatively on the lives of normal residents or promote/allow commercial activities 24/7 and in which traders contribute to the community they are located in. All four licensing objectives are offended by this application. It would set a dangerous and unnecessary precedent as supported by the level of objections.

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 22/08/2023 4:14 PM I am shocked that Papa Johns could seek to revive this application so soon after the hearing earlier this year and I object on the grounds of noise and nuisance. Also, I endorse the detailed objection submitted by the Barclay Road Residents.

The premises was plagued with trash on the streets, making life miserable for residents and street cleaners facing daily piles of rubbish and empty pizza boxes.

The applicant is seeking to elevate his own business interests above those of the vast majority of his neighbours who keep normal hours and must be up for work in the morning.

Delivery drivers hurtling throughout Fulham is already a nuisance, with them flouting the highway code and not caring about neighbours, and careering down residential roads such as Moore Park Road and Barclay Road, often on loud, poorly maintained machines spewing out pollution.

The applicant should demonstrate that he can manage noise and nuisance, and the potential for crime outside his shop, rather than opportunistically seek to exploit permissive licensing arrangements without care or consideration for his neighbours or the community at large.
