Celebrates the sector-leading skill, dedication and performance of the Council's pensions fund officials, independent advisors and co-opted committee members, now recognised as delivering the best Pension Fund in the UK, during a period of significant economic volatility and uncertainty.

Congratulates the H&F Pension Fund's pioneering divestment programme for developing an innovative, world-first Environmental, Social and Governance dashboard which enables all fund members to see in detail how their pension contributions are delivering a robust response to global climate change.

Highlights the LGPS award as further evidence of Hammersmith and Fulham's responsible approach to local government fiscal management, delivering security and confidence to the residents of the Borough and members of the Hammersmith & Fulham Pension Fund.
