Reasons for comment:

Comments: 24/08/2023 6:41 AM I object to this establishment because people throw bones on the road which chokes our dogs and causes even more vermin and late nights encourage this as it is dark not to mention the noise pollution which residents do not want. We don't need or want fast food. We need post offices, libraries, banks, greens spaces and anything to combat the pollution, crime and violence in this area. A late licence must not be granted.

Dear Sir/Madam,

Reasons for comment:

Comments: 24/08/2023 7:01 AM 3 Wood Lane, close to the junction with Bulwer Street has a very high level of ASB. The Council's policy for a late night economy is very damaging to the area. I have seen the area around Shepherds Bush Green deteriorate dramatically in every sense over the last seven years as more fast food outlets have been given licenses to remain open beyond 11pm. This area does not want a late night economy, providing food and alcohol. There is more than adequate provision for fast food in the immediate area. Wood Lane is an arterial road and the pavement outside is too narrow for couriers. We already have a huge number of late night licenses for food around Shepherds Bush Green and the Uxbridge Road and the area already provides more than enough chicken fast food outlets within 100metres. Anything that attracts people to stand or loiter outside this premises, which has a very narrow pavement will be detrimental to all residents and as there is no space for couriers they will park outside the houses of Bulwer Street or McFarlane Road. I strongly object to this license.

Dear Sir/Madam,

Reasons for comment:

Comments: 24/08/2023 7:23 AM 1) As the council licence committee will already know there is a saturation of fast food and take away outlets around the Shepherds Bush Green resulting in the increased anti social activity and reducing residential amenity through:

- excess litter on streets from customers eating in cars though caxton Village
- noise disturbance from people visiting late night premises that often spill into Caxton Village as this is where cars are parking / taxis collect people
- Street urination from people congregating in area and no public toilets

2) the application clearly states that the application s for both inside and outside service - highlighting the issues above relating to residential amenity

3) I am assuming the premise is not applying for any delivery services to operate as were is no mention of it, and there are no suitable areas for delivery vehicles any way.

I would clearly expect that the council will see that saturation impact of

late night food venues is having a negative impact on the local community and creating a lack of residential amenity and increase in anti social behaviour that is already out of control.

Please object to this late night licence.

Please also note that the venue has not followed procedure in regard to planning application for the building, highlighting concerns regarding the suitability of the management/ owner to operate in a residential area.

Reasons for comment:

Comments: 24/08/2023 7:23 AM I object?

Noise pollution!
Impact on my right to have rest!
Ubers hanging about waiting for their next delivery.

And once people find out that Thursdays onwards into the weekend, that the place has extended hours will more than likely mean that cars will also park up by to collect a delivery from there.

Or sit in cars on Bulwer and leave their discarded food packaging (which is beginning to happen already). Once they have consumed foods etc.

The hours are anti social!
People lingering and loitering!
Why was this place allowed to even open considering the over saturation of restaurants and cafes! That offer fast food! And given the issues pertaining to McDonald's, KFC and the such!

So yes! I object.

Dear Sir/Madam,

Reasons for comment:

Comments: 24/08/2023 9:03 AM We have too much activity late at night, it is already not safe here. More available food will attract the wrong crowd of drunk people at 2 am. Definitely against making this area even worse than it is now

Reasons for comment:

Comments: 24/08/2023 9:05 AM I object to the late opening hours of this premises as another chicken shop and I completely object to them being given an alcohol license.

Because there are far to many chicken shops in the local area opening to late, this is in a residential area with people living directly above and next-door. And we are fully aware of the issues caused and disturbance caused by late night openings in the area.

I never received planning application information for the change of use for this premises? When did this happen?

I completely object to them getting an alcohol license. This is mainly a takeaway chicken shop and not an off-licence or a public house and they should never be given a alcohol license at all, let alone a late night one. Because of all the antisocial issues that the late night opening of a chicken shop attracts, without an alcohol license. This would be compounded and made worse by the sale of alcohol in a takeaway chicken shop on or off the premises. Plus cause pollution and noise pollution by attracting car drivers to stop there being on a main road and junction. Residents live above next-door and all around the vicinity of this change of use premises. Pub's are not allowed the opening hour's proposed by these premises and it's about time planning did something about this lop hole, because it is being taken

advantage of ESPECIALLY in Westfield shopping centre and BBC TV CENTRE development and all the other new developments along WOODLANE. The Shepherds Bush Ward area needs to be extended ASAP and reviewed. There have been too many alcohol licenses granted recently in such an intense area and in such a small amount of time. This needs looking into and reviewed by the local council planning and licensing departments.
Local Residents First, we live here.

Reasons for comment:

Comments: 24/08/2023 5:59 PM SBG is already oversupplied by fast food outlets which bring problems with traffic, waste, public order. Additionally, this applicant has destroyed the character of a well loved local building without consent and should not be rewarded for their actions.
