Good morning,

I can confirm that the Environmental Public Protection Team is withdrawing its representation with respect to this premises. Our concerns arose from the potential of disturbance caused by regulated entertainment. As the regulated entertainment aspect of the application has now been removed, we have no objections or concerns.

Sincerely

**Simon Boniface**

Dear Lorna

**Reference: 2024/00302/LAPRP**

In respect of this application, my client would like to withdraw the request for regulated entertainment.

Simon the EHO is on copy, we have spoken, he is content with this and will confirm withdrawal of his representation.

Thought it would be helpful to confirm before the Agenda is published.

Best wishes

Matthew
