Re: Southern Housing (SH) engagement on security measures for the rear of the shops at Fulham Broadway, leading onto Vanston Place

With your consent, Southern Housing would like to carry out an appraisal of the fencing and security measures surrounding the rear of the shopping centre, and the adjoining shops and businesses.

This is to make safe and prevent access after concerns have been raised around the risk of youths climbing onto the roof of Fulham Broadway Shopping Centre. This has been witnessed on many occasions and presents a significant risk to their safety.

We would like to engage our contractors to advise on the best solution, then revert with costs and a way forward.

If you have any questions or concerns on this, please contact me at:

Yours Sincerely
