Comments: 16/04/2024 1:06 PM We have had problems with REVIVE for years now. It attracts Uber drivers, Deliveroo drivers, etc AND drug dealers, who assemble outside and opposite at the bottom of the road on both sides, intimidating locals particularly young girls. They are very nice to older ladies however. They also cause litter and create noise at night. There have been three police incidents recently, altercations, one involving knives. Numerous complaints have been made to police and local councillors. There is also a restaurant they have opened at the Uxbridge Road end of Loftus Road (which used to be a quiet residential street) Hayber. The unenforced parking problems (, for some reason unenforced), of vehicles and bikes have made it a very dangerous turning point. But general the noise goes on daily into the night and as you would imagine, with any groups of young men, fights break out easily. The general noisy crowd makes returning at night for young people threatening and unpleasant and dangerous.

IMPORTANT: The police MUST be consulted on this application,
and their views taken into account.

Kind regards

Dear Sir/Madam,

Comments: 17/04/2024 11:13 AM There's already so much disruption at that end of the street. i have had multiple near misses with all the cars and bikes, feel unsafe as people stare and laugh at me when i go past, and often get followed home/feel uncomfortable. People who live close, can hear the noise and get disrupted by it during the day - so imagine what it will be like during the night! It would be ok if it wasn't on the corner of a residential street, but this is a quiet street, and i think that should be respected. If nothing else for people's mental health. peace and quiet at night is so important so people at that end of the street who lead day time lives can get on with their days, and remain as functioning members of society. I strongly object, this is not fair.

Comments: 17/04/2024 4:25 PM REVIVE LICENSING HOURS

I absolutely implore you not to let Revive increase their licensing hours - I'm staggered they are applying for this when they know how miserable and desperate they are making all the residents as it is - I am a resident in the street and every single day and night people are eating and drinking, fighting and smoking drugs all down the street emanating from Revive - all their customers just hang around and eat and drink outside - it's a really horrible experience walking down the street - I dread it every time - all the taxis, motorbikes all stay there with their engines running - hanging around and even peeing into bottles and throwing them on the street. They just don't care and the street is getting dirtier and dirtier by the week - they throw their rubbish, paper cups, napkins, cigarettes etc etc all over the road and then shout and scream until Revive shuts - it will be beyond bearable if the hours are increased.

I simply cannot understand why no one does anything about the chaos and filth they create - we all often see rats up and down the street among the rubbish as it is the council has to come EVERY DAY to clear up the street after all the filth which just gets worse every day.

Why when Loftus Road is plagued by the football supports and people queuing down the street to get into the mosque do they want to make it worse and worse.

This is a street full of families and children and everyone feels threatened walking through the great aggressive crowds outside the cafe EVERY DAY.

Its just so depressing - its the worst street by miles in the whole area and terrifying to walk down in the daylight let alone after dark. My daughter was abused the last time she walked through the crowd outside Revive when she was last here.

Please dont make our life even worse than it is already.

Comments: 30/04/2024 2:29 PM There has been a lot of problems with this café. double parking, spitting, stabbings, littering and general harassment of women. it is a thoroughly unlikeable establishment, encouraging law breaking, drug gang warfare and disregard for the police. there seems to have opened a restaurant on loftus road without any planning doing what or serving who, I do not know. I do not know if women are allowed in as they seem not to be in the café.

Subject: Revive coffee shop & Tiger's diner

Hi Kristen,

I have been given your email by a neighbour to express my views about the application to extend the opening hours of the above establishments on Uxbridge Road.

As a resident of [REDACTED] I can attest to the noise, litter and dangerous parking created already by the customers of these businesses.

An extension of the opening hours will only create further issues for local residents.

I am concerned about rumours of drug dealing going on and consequent gang activity, although I must stress that this is what I have been told, I have not observed this myself. I have however seen lots of unsavoury characters loitering and I regularly have to remove takeaway containers, bottles, drinks cans etc from my front garden as people often sit on my wall to eat their food and toss their rubbish into my garden.

Extending opening hours will not help these issues.

Thanks,

[REDACTED]

Reasons for comment:

Comments: 09/05/2024 7:22 PM I am writing to object most strongly to the late license application for Revive cafe (until 3am on all days that it is open).

Loftus Road is a residential area with flats and houses down the whole length of the street. The area where Revive cafe is located is a very dangerous T junction as the street is continually plagued with people double parking at the junction, parking on double yellow lines, delivery drivers and scooters loitering with their engines on. As such, it has also become an area where there is frequently anti-social behaviour (fly tipping, littering) as well as the more worrying trend of continuous noise. If the licensing is granted until 3am, this will lead to a situation where there are people coming and going continuously throughout the night, creating additional noise disturbance for the local residents who are trying to sleep.

Given that there is no parking provision, cars will have to be parked in neighbouring streets (where, incidentally, there is already huge pressure on space), whose residents will not welcome the noise of cafe customers making their way along their streets in the small hours, as late as 03:30 if this totally inappropriate extension were to be granted. Such an activity

should be regarded as a public nuisance.

Lastly, the local area has been plagued with crime which has noticeably increased over the past 3 years. There have been countless examples of robbery, theft, vandalism, and drug dealing, many of which take place on Loftus Road. The council needs to take its responsibilities seriously to deter and prevent crime and disorder in Loftus Road and its surrounding area.

Reasons for comment:

Comments: 21/05/2024 6:15 PM It is very important not to grant this licence. And very important to consult the POLICE on this. The police have had to visit many times recently because of suspected stabbings, carrying of weapons, drug dealing and, general disturbance in the middle of the night. The crowds of young men are increasing at the end of our once-peaceful residential road, and that particular spot, between Revive and Tigers opposite, has become quite threatening. Not only is there daily litter of discarded coffee cups and takeaways, there is always a smell of weed and dope, and the discarded capsules of nitrous oxide. It seems to be a meeting-point for gangs of Uber drivers and Deliveroo riders. Those big groups, plus the fact that cars park indiscriminately there, despite the double-yellow lines, make it a noisy and potentially dangerous and certainly frightening place for anyone returning home late at night. Add to that for those living at that end of the road especially, there is the noise and shouting often going on till the early hours every night. Please do NOT grant this licence. The Council has already been obliged recently to install a 360 degree camera there as a result of

disturbances and pressure from local residents who are fed up and angry with the stress of living next to such a rowdy and dangerous place, which already continues far into the night on a daily basis.

Reasons for comment:

Comments: 05/06/2024 9:23 AM This is a large cafe frequented by large numbers of clients. It is surrounded by a residential area.
many of the cafe's clients are around outside of the cafe on the pavement, by their cars and motorbikes at all times that they are open. I would expect this behaviour to continue with the extended hours into the early hours of the morning and this would be disruptive for residents.
the noise and nuisance from the coming and going, parking, congregation by cars etc all late at night are disruptive for residents and family life.

The area was previously categorised as cumulative impact area given the sheer volume of late night establishments already operating in the area.
