Revive Café has **NO** relations to the Antisocial behavior in the area

- ▶ Steps taken to alleviate ASB:
- ▶ Signs to stop littering
- ▶ Placing CCTV cameras in and around the premises
- ▶ Contacting the Council, Enforcement Officers, Police, cleansing services on numerous occasions.
- ▶ The issues raised in the objections also affect me and my business on a daily basis and I relate to the concerns raised
- ▶ No Enforcement being taken in regards to parking
- ▶ Police have stated in their statement that “Police Licensing have researched incidents of note and crime directly linked to Revive Café.. no incidents have been recorded”

As we have mansion before closing the big gate there is side gate which have being close and they have broken it.

What I would like to understand is that is ok for drug dealing which goes on there daily is not problem for the area or is there no interest from the local police to even get intelligent let information gathering or reaction will take place once there is serious incident happens. Many thanks for you help as I can you are powerless to do something, I would appreciate if you could pass my feedback to local police

Authorities responses to Anti Social Behaviour and Crime

Hello Omar,

Officers are currently on tasking but will ask them visit when they can.

Who is it that owns the blue gates – if these are locked I feel this will solve the issues being faced. Do you know who owns them??

Response to Objections

- ▶ I contacted the police and even tried to work with them to alleviate ASB.
- ▶ I have extended the back of my cafe to prevent ASB in the alleyway.
- ▶ Parking of Deliveroo drivers (Motorbikes) working for local takeaways such as the Nandos park on the double yellow lines in front of Revive Café.
- ▶ There is a lack of enforcement officers patrolling the area leading to continuous inappropriate parking on Loftus Road.
- ▶ I am constantly moving people doing ASB away from my café, asking drivers not to double park and park in the double yellow lines technically doing what local community officers and enforcement officers should be doing.
- ▶ I have put up CCTV cameras at my own expense to prevent them from any sort of ASB activities.
- ▶ My Café employs and caters to men and women from different backgrounds religion, age and views as it is an inclusive place.
- ▶ I am willing to work with authorities to prevent ASB in this area.

Conclusion

- ▶ The extension is only for one hour Sundays to Thursdays and two hours on Fridays and Saturdays to support late night essential workers.
- ▶ Many takeaways and bars along Uxbridge Road stay open into the early hours of the morning, where it attracts delivery drivers and anti social behaviours.
- ▶ I have in the passed had late night operating hours temporarily during Ramadan to provide light refreshments for people attending the mosque and no Antisocial behaviours were reported.
- ▶ It is worth noting that predominate customers of Revive Café are from the Somali elderly community where they find the establishment friendly, Social able and affordable. The establishment is an indispensable centre for the community whom they rely on for emotional and mental support which aims to improve social cohesiveness and integration.
- ▶ If Revive Café were to relocate or close, the antisocial behaviors would still be present if action is not taken by Authorities.
- ▶ Revive Café is not the problem, lack of patrol, deterrents and enforcement in the area could be the problem.
