**Cc:** [REDACTED]  
**Subject:** Fwd: URGENT: Ongoing Crime, Fireworks, and Fear on Haldane Road (SW6) (Case Ref: BC11537)

**Dear Matt,**

I am submitting the email trail below with our local MP, Ben Coleman, as supporting evidence for my original representation objecting to the application 2025/01088/LAPR by Amigo's to extend trading hours at 352 North End Road.

As a resident of SW6, I am extremely concerned that this application relates to a premises located within a **Met Police-designated crime hotspot**, in a densely populated and already overstretched neighbourhood. As recent incidents in the area have shown, the situation with **anti-social behaviour, noise disturbances, fireworks, street crime, and loitering youth groups** has deteriorated to the point where residents no longer feel safe.

I respectfully urge the Licensing Committee to consider the **cumulative impact** on local public safety, noise levels, and quality of life for residents, and to reject this application for late-night trading and delivery.

Please confirm receipt, and let me know if anything further is needed ahead of the hearing on 14 October.

Kind regards,

[REDACTED]

[REDACTED]

Dear [REDACTED]

I'm very sorry to hear about the appalling disorder in Haldane Road. This is wholly unacceptable. I've discussed it with the leader of the council, local councillors, the police and the Law Enforcement Team. They are determined to work together to address the problem.

As a first step, I've arranged a meeting tomorrow for Haldane Road residents with the police, the council's Public Protection Team and the LET to discuss immediate action to prevent a recurrence of Saturday's disorder, and to look at related issues.

**Details: Tuesday 23 September at 7pm at St John's Church, North End Road.**

I appreciate this is short notice but do hope you can come. I look forward to seeing you tomorrow.

Kind regards

**Ben Coleman**

Subject: URGENT: Ongoing Crime, Fireworks, and Fear on Haldane Road (SW6)

Dear Mr Coleman,

My name is [REDACTED] and I live on Haldane Road, SW6 7ET. I'm writing to you as a deeply concerned resident, after yet another terrifying and lawless incident this evening (20 September).

A group of teenagers set off fireworks aimed directly down our residential street , not into the sky, but straight along the road toward homes. They also threw a bicycle at a house. Several of us were outside speaking with the police, and the same group stood watching us from the end of the street , laughing, because they knew, as always, that nothing would happen.

This is not a one-off. This happens every weekend.  
We are dealing with:

- Regular drug deals in plain sight
- Fireworks used as weapons
- Street intimidation and loitering
- Noise and disruption from delivery drivers
- And a rising feeling that our safety simply doesn't matter

Despite reporting these incidents repeatedly to the police, there is little to no follow-up. The same faces return. There is no visible deterrent, and residents are growing increasingly anxious, frustrated, and vulnerable.

Personally, I have stopped walking home at night. I now take taxis home alone , even short distances , because I'm genuinely frightened. Many of my neighbours feel the same.

To make matters worse, this area is facing a surge in late-night licence applications, from McDonald's, Kaspas Desserts, and now Amigos Burgers ,all within a few metres of each other, requesting hours well beyond what the council's own Licensing Policy recommends. These venues are encouraging late-night gatherings, deliveries, and street activity in what is still a largely residential area.

We are exhausted from sending objections, reporting crimes, and pleading for help. And yet the situation only escalates.

I am urgently asking for your support in:

- Raising this situation immediately with the Council and Met Police
- Demanding proper enforcement and a safety strategy for this part of Fulham
- Opposing any further late-night licences in this area until community safety is restored
- Standing up for the right of residents to feel safe in their homes and streets

Please help us. I fear that if this continues unchecked, someone will get seriously hurt — or worse. I feel like it's a matter of time someone will.

I've attached a short video from tonight's incident, which I hope gives you a clearer picture of the reality we're living with.

Thank you for taking the time to read this. I would welcome the chance to speak further or provide any additional information you might need.

Yours sincerely,

A black rectangular redaction box covering the signature of the sender.
