Dear Tanishka – I hope you had a good weekend.

Further to our previous discussions about the advertisement of hours (delivery companies), I have received the attached from a Representor regarding the use of Google to advertise your business as providing late-night refreshment. I know we discussed the point about the delivery companies.

I can see from today's listing (below) that we have hours consistent with not having late-night refreshment licence. However, would you mind walking me through what happened with the Google advertisement and why, as appears to be the case, the premises was advertised as providing late night refreshment without a licence?

I think it would be helpful, for the purposes of tomorrow's Licensing Sub-Committee, if this point could be clarified before they reach a decision tomorrow night on your application.

Kind regards

**Subject:** Amigos further evidence. Sept 2,2025 12:14 Google maps screenshot.

Dear Licensing

I now reading again through the Agenda Pack for the Amigos hearing.

On Sept 2, 2025, at 12:14, I, too, took a screen shot of Google maps ref Amigos opening hours 'updated by this business two weeks ago'—that would be 19 August.

I feel obliged to show the committee this evidence. I can prove that I took the screenshot by sending you a screenshot of my iPhone photo file which shows photos in date/time order only.

See two screenshots here, pls. The second is taken today to show the 'info' of the photo file.

Apologies for this further submission of supplementary evidence but it important as it supports the evidence sent in by my neighbours who I am representing tomorrow night, Vanston Place Management (Pages 63/64 of Agenda Pack) as well as the screenshot sent in by Fulham Island Residents Association (pls see pages 78-81 of Agenda Pack) .
