To whom it may concern,

I made a representation expressing my concerns regarding this application which relates to a new 1,800 resident development at the former Imperial Gas Works.

I would like to appoint my Fulham neighbour [REDACTED] to represent me at the 26 Nov hearing. I am unable to attend due to work commitments.

I would like the Committee to know that I am concerned about the proposed early 7am alcohol sales and very late stop of sales at 23:00. I do not understand why such an early start for the sale of alcohol is necessary. I also am worried about how this could negatively affect the vulnerable veterans living directly across from the planned Sainsbury's in Valour House (Oswold Stoll Foundation).

When we build housing for a mix of residents, we need to prioritise the needs of children and vulnerable residents. For instance, any type of deliveries from Sainsbury's could create much noise and nuisance for the veterans who could be living with delivery drivers directly in front of their building/across from it. This noise should cease by 9pm for their own rest and relaxation. They will have their windows open, for fresh air open for many months of the year. [REDACTED] will go into more detail at the hearing, for all of us.

Kind Regards

[REDACTED]

The Council is aware of problems that residents have experienced with Tesco in Imperial Wharf, a similar set up.
