## **SPECIAL MOTION NO. 6 – ANNIVERSARY OF FAMILY HUBS**

---

Standing in the names of:

- (i) Councillor Alex Sanderson
- (ii) Councillor Nikos Souslous

This Council celebrates the upcoming second anniversary of the launch of Hammersmith & Fulham's Family Hubs at the Stephen Wiltshire Centre, Tudor Rose Community Centre, and Old Oak Community Centre. They provide free support and activities, including health advice, parenting help, careers guidance, youth clubs, and social sessions, for families with children.

The Council commends the dedicated staff, volunteers, and partner organisations who have worked tirelessly to support children, parents, and carers across the borough.

The Council notes that Family Hubs have strengthened early-help provision, improved access to health and wellbeing services, and delivered inclusive, community-led support that makes a real difference to local families.

This Council reaffirms the administration's commitment to these vital services, ensuring that every child in H&F has the best possible start in life. It further recognises that this is in direct contrast to the national and local Conservative short-sighted policy of removing funding for Sure Start centres and selling community centres.
