Question by: Mr John Grigg

To: Cabinet Member for Community Care

QUESTION

'Is the Council aware that under the Government's Welfare Reform Act 280,000 people with disabilities will lose Disability Living Allowance in order to save £2bn, and are there any estimates of the number of people in Hammersmith and Fulham who will be effected, and are the council planning to investigate all means the borough can employ to alleviate suffering caused by the government's cut in services for the disabled.'
