
SPECIAL MOTION NO. 3 – STREET CLEANING

Standing in the names of:

- (i) Councillor Nicholas Botterill
- (ii) Councillor Greg Smith

"This Council notes:

- a. The poor legacy of the previous administration which included amongst the dirtiest streets in England and a budget overspend on street cleaning;
- b. The firm action taken by this administration including the re-specification of the entire borough street cleaning contract, market testing of the contract and the adoption of a firm but practical and fair working relationship with the successful contractor Serco.

This Council welcomes:

- a. The much improved cleanliness of the borough's streets (and in particular the main thoroughfares) under this Conservative administration;
- b. The overall reduction in the cost of providing the service;
- c. The contribution of cleaner streets to delivery of the 2006 Conservative election promise of "Lower Taxes, Less Waste and Better Services".
