**LONDON BOROUGH OF HAMMERSMITH & FULHAM**

**COUNCIL MEETING – 3 JULY 2013**

Question by: Ms Dede Wilson

To: Cabinet Member for Community Care

**QUESTION**

“Why were requests for Council help to inform residents, schools, residents associations, churches & community groups of the proposed threats to our hospitals during the consultation largely ignored and an urgent request to leaflet residents in the borough about the threat of closure and demolition of CXH in October refused at the Phoenix School on the grounds that it was too expensive?”
