
SPECIAL MOTION NO. 3 – FLYUNDER

Standing in the names of:

- (i) Councillor Stephen Cowan
- (ii) Councillor Wesley Harcourt

“This Council recognises that it is important to run an effective cross-party campaign that demonstrates to the public and key government and GLA decision makers how all of the London Borough of Hammersmith and Fulham Council’s elected representatives back the Hammersmith Flyunder project.

The Council determines that in order to properly influence current and future London Mayors and UK governments it will need to propose a strong case that properly sets out how the Flyunder can be financed, the economic and regeneration benefits, the strategic advantages and how this will best improve London’s infrastructure in preparation for rapid population expansion over the next two decades.”
