
SPECIAL MOTION NO. 3 – HOMES FOR RESIDENTS NOT OVERSEAS INVESTORS

Standing in the names of:

- (i) Councillor Andrew Jones
- (ii) Councillor Ben Coleman

“This Council notes the poor historic delivery of affordable housing in the Borough, including developments under the last Administration achieving only 0% affordable housing against the London Plan target of 40%.

Furthermore, the Council notes that the housing crisis affects a wide range of Londoners from twenty- and thirty- somethings looking to get onto the property ladder to those seeking genuinely affordable homes to rent.

The Council therefore resolves to review, as a matter of urgency, the Local Plan in order to deliver much greater levels of truly affordable housing for residents to rent and for residents to buy.”
