**SPECIAL MOTION NO. 1 – CALLING ON MAYOR BORIS JOHNSON TO HALT PLANS TO CHANGE THE 424 BUS ROUTE IN SANDS END**

---

Standing in the names of:

- (i) Councillor Sharon Holder
- (ii) Councillor Larry Culhane

This Council calls on Mayor Boris Johnson (Con), the Chair of Transport for London (TfL), to halt plans to re-route the 424 bus in the Sands End area.

The Council appreciates how the current 424 bus route provides a vital service to local residents – many of them elderly, living in local sheltered housing schemes. For many it is the only means they can access shops, GP surgeries and other essential and day-to-day services that they rely on and which allows them to live full and independent lives.

The Council notes that residents' concerns about TfL's poor consultation and calls on Mayor Boris Johnson to listen to residents and the Council and safeguard this vital service.
