
SPECIAL MOTION NO. 4 – SUPPORTING RESIDENTS TO OPPOSE THAMES WATER AND THE GOVERNMENT’S SEWER WORKS SITES

Standing in the names of:

- (i) Councillor Hannah Barlow
- (ii) Councillor Ali Hashem

This Council calls on Thames Water and the Conservative government to listen to residents objections to many of the potential sites for the Counters Creek storm relief sewer and find better sites that do not damage neighbourhoods and blight homes.

The Council agrees to support residents to fight these proposals if Thames Water and the Conservative government do not work with the Council and borough residents to find better ways to deal with the risk of flooding in homes across the borough.
