Standing in the names of:

- (i) Councillor Charlie Dewhurst
- (ii) Councillor Viya Nsumbu

This Council:

- (1) Supports the introduction of a night service on London Underground and recognises the benefits it will bring to local residents in Hammersmith & Fulham.
- (2) Condemns the proposed strike action aimed at preventing these reforms and does not support a strike ballot system which allows trade unions to hold London commuters to ransom.
- (3) Welcomes the government's proposals to ensure that strike action by trade unions is only allowed following a 50% turnout in a secret ballot in addition to the requirement for a majority vote in favour.
- (4) Welcomes the requirement that strikes in certain key public services may only take place with the support of at least 40% of those entitled to vote in the ballot.
